If this claim is approved and you are still entitled to benefits at age 65, or you are within 3 months of age 65 or older you could automatically receive Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance) coverage at age 65. If you are not eligible for automatic enrollment in Medicare Part B, you will need to contact Social Security to request enrollment.

COMPLETE ITEM 23 ONLY IF YOU ARE WITHIN 3 MONTHS OF AGE 65 OR OLDER

Medicare Part B (Medical Insurance) helps cover doctor's services and outpatient care. It also covers some other services that Medicare Part A doesn't cover, such as some of the services of physical and occupational therapists and some home health care. If you enroll in Medicare Part B, you will have to pay a monthly premium. The amount of your premium will be determined when your coverage begins. In some cases, your premium may be higher based on information about your income we receive from the Internal Revenue Service. Your premiums will be deducted from any monthly Social Security, Railroad Retirement, or Office of Personnel Management benefits you receive. If you do not receive any of these benefits, you will get a letter explaining how to pay your premiums. You will also get a letter if there is any change in the amount of your premium.

You can also enroll in a Medicare prescription drug plan (Part D). To learn more about tife Medicare prescription drug plans and when you can enroll visit www.medicare.gov or call 1-800-MEDICARE (1-800-633-4227; TTY 1-877-486-2048), Medicare also can tell you about agencies in your area that can help you choose your prescription drug coverage.

If you have limited income and resources, we encourage you to apply for the Extra Help that is available to assist you with Medicare prescription drug costs. The Extra Help can pay the monthly premiums, annual deductibles and prescription copayments. To learn more or apply, please visit www.socialsecurity.gov, call 1-800-772-1213 (TTY 1-800-325-0778) or visit the nearest Social Security office.

For those under full retirement age, the law requires that a report of earnings be filed with SSA within 3 months and 15 days after the end of any taxable year in which you earn more than the annual exempt amount. You may contact SSA to file a report. Otherwise, SSA will use the earnings reported by your employer(s) and your self-employment tax return (if applicable) as the report of earnings required by law and adjust benefits under the earnings test. It is your responsibility to ensure that the information you give concerning your earnings is correct. You must furnish additional information as needed when, your benefit adjustment is not correct based on the earnings on your record.

Under a special rule known as the Monthly-Earnings Test, you can get a full benefit for any month in which you do not earn wages over the monthly limit and do not perform substantial services in self-employment regardless of how much you earn in the year. For retirement age beneficiaries this special rule can be used only for one taxable year which will usually be the year of retirement. For younger beneficiaries such as young wives and husbands (entitled only by reason of child-in-care), this special rule can be used for two taxable years. The first taxable year in which the monthly earnings test may be used is usually the first year they are entitled to benefits. The second taxable year in which the monthly earnings test can be used is always the year in which their entitlement to benefits stops. In all other years, the total amount of benefits payable will be based solely on your total yearly earnings without regard to monthly earnings or services rendered in self-employment.

PLEASE READ THE FOLLOWING INFORMATION CAREFULLY BEFORE YOU ANSWER QUESTION 22.

Modified Section

If you are under full retirement age, wife's or husband's benefits cannot be paid for any month before the month in which you file your claim.

If you are full retirement age or older, wife's or husband's benefits may be payable for some months before the month in which you file this claim, but not before the month you attain full retirement age.

If your first month of entitlement is prior to full retirement age, your benefit rate will be reduced. However, if you do not actually receive your full benefit amount for one or more months before full retirement age because benefits are withheld due to your earnings, your benefit will be increased at full retirement age to give credit for this withholding. Thus, your benefit amount at full retirement age will be reduced only if you receive one or more full benefit payments prior to the month you attain full retirement age.

Please see next page

If you become the parent of a child (including an adopted child) after you have filed your claim, let us know about the child so we can decide if the child is eligible for benefits. Failure to report the existence of these children may result in the loss of possible benefits to the child(ren). Added Bullet
