For those under full retirement age, the law requires that a report of earnings be filed with SSA within 3 months and 15 days after the end of any taxable year in which you earn more than the annual exempt amount. You may contact SSA to file a report. Otherwise, SSA will use the earnings reported by your employer(s) and your self-employment tax return (if applicable) as the report of earnings required by law, to adjust benefits under the earnings test. It is your responsibility to ensure that the information you give concerning your earnings is correct. You must furnish additional information as needed when your benefit adjustment is not correct based on the earnings on your record.
