SUPPLEMENTARY INFORMATION:

I. Abstract

The BIA is seeking revision of the information collection conducted under the Indian Child Welfare Act (ICWA) and implementing regulations, at 25 CFR part 23. BIA collects the information using a consolidated caseload form, which tribal ICWA program directors fill out. BIA uses the information to determine the extent of service needs in local Indian

communities, assess ICWA program effectiveness, and provide data for the annual program budget justification. The aggregated report is not considered confidential. BIA is seeking to revise the form to include instructions and more explicit reporting indicators. There is no change to the estimated number of responses or burden hours.

II. Request for Comments

BIA requests that you send your comments on this collection to the location listed in the **ADDRESSES** section. Your comments should address: (a) The necessity of the information collection for proper administration of the ICWA program, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents, such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not sponsor or conduct, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number. This information collection expires August 31, 2011.
