Instructions

Here's how it works:

You will be asked to find information on a topic. We want to know what path you would expect to take to get this information on our website.

If you are so unfamiliar with the topic in a question that you cannot even begin to guess where it would be, you can skip the question with the "Skip this task" link in the top right, but please do not skip more than 2 questions. You cannot go back to skipped questions.

You will be presented with a list of links. Click on links in the list until you see the link that you think should have the information we asked you to find.

When you find a link that should get you the information on the topic we asked about, you will click "I'd find it here."

If you have clicked through a few levels of links and do not believe that any of the choices would contain the information you are looking for,
