### **FRSS 104 Dual Credit and Exam-Based Courses in Public High Schools: 2010–11 Feasibility Call Recruitment Script**

Hello, my name is \_\_\_\_\_.

I am calling from Westat on behalf of the National Center for Education Statistics (NCES), part of the U.S. Department of Education, regarding a survey of dual credit and exam-based courses in public high schools. I would like to ask the person at your school who is most knowledgeable about dual credit and exam-based courses to review a draft questionnaire and provide feedback.

Who is the person most knowledgeable about dual credit and exam-based courses at your high school?  
(*This is often the director of school guidance counselors.*)

May I please speak to that person?

#### **CONNECTED TO PERSON MOST KNOWLEDGEABLE ABOUT DUAL CREDIT AND EXAM-BASED COURSES**

Hello, my name is \_\_\_\_\_.

I'm calling from Westat on behalf of the National Center for Education Statistics (NCES), part of the U.S. Department of Education, regarding a survey on dual credit and exam-based courses in public high schools. We would like your help in reviewing our draft questionnaire to ensure that it is clear and easy to complete. Specifically, we would like you to review a draft questionnaire and then obtain your comments about the survey by telephone. You will not need to complete the questionnaire. [The call will take about 30 minutes.]

Your voluntary input will be essential in ultimately developing a questionnaire that is clear and relevant. All of the information you will provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose unless otherwise compelled by law (Education Sciences Reform Act of 2002, 20 U.S.C. 9573).

1. How would you like me to send you the survey materials (email, fax, FedEx)?
2. We ask that you review the questionnaire before you talk to the survey manager. When would be a good time for the survey manager, Nina Thomas, to call you to discuss the survey and obtain your comments? How about [SUGGEST A TIME]. [*Just to be sure, you are in the [Eastern, Central, Mountain, Pacific] time zone?*]
3. What is the best telephone number for the survey manager to reach you on?

Thank you. Your insights will be very helpful.
