

Dear Respondent:

Thank You

On behalf of the Census Bureau, I thank you for your participation in the Rental Housing Finance Survey (RHFS). The success of the survey depends upon cooperation from you and other property owners and managers who answered the survey questions.

We will keep the information you provided confidential under Title 13, United States Code (U.S.C.), Section 9. Your information will only be used for statistical purposes.

The information you provided to us about this property will help the federal government to evaluate, monitor, and design national housing policies, priorities, and programs affecting the entire spectrum of the multifamily rental housing stock. Multifamily owners, managers, developers and researchers will also be able to use the data to study the rental housing market and make better business decisions.

If you would like to learn more about the RHFS, please visit our website at www.census.gov/hhes/rhfs/rhfs.html.

Your participation is greatly appreciated.

Sincerely,

Robert M. Groves
Director, U.S. Census Bureau
