

## Attachment 48

Pediatric Perceived Cognitive Function (PCF) - Proxy

**On the next screens, we will ask you questions about organization, memory, speed, concentration, and other abilities that are used in everyday life. Read each question carefully and answer as well as you can. Please consider each question by itself and choose an answer that really shows any problems your child may have.**

**After you make your choice, the computer will automatically go on to the next question. If you want to change your answer, click on the GO BACK button to return to the question, then choose a different answer.**

**Click on the CONTINUE button when you are ready to begin.**

ID	Context	Stem	Responses
