Spanish Word Accentuation Test

OMB: 0925-XXXX
Expiration Date: XX/XX/XXXX

Name of test: Spanish Word Accentuation Test
Estimated time burden: 5 minutes
Estimated number of items: 48

Materials needed:
Laptop & mouse
Monitor

Instructions:

Below are 48 Spanish words printed in capital letters without accent marks. The participant will see items on screen one at a time and will be asked to read each word aloud. The examiner will record each response as correct or incorrect based on the accentuation of the spoken word. The administration time for this test is approximately five minutes.
