B1. INTERVIEWER: ARE YOU INTERVIEWING THE RESPONDENT WHILE HE/SHE IS IN PRISON OR JAIL?

YES	1
NO	2

In [RAD MONTH] 2010, you agreed to participate in a study of programs serving ex-offenders, called the Reintegration of Ex-Offenders (RExO) Study in order to receive RExO benefits. At that time, you agreed to be contacted in the future for an interview about your experiences. The RExO Study is conducted on behalf of the U.S. Department of Labor, and the goal of the study is to learn whether such programs are successful in helping ex-offenders re-enter their communities, find work and avoid returning to prison or jail. The Department of Labor received approval for this survey under OMB Control Number 1205-XXXX. We could not ask you to respond to our questions without that approval. We expect this survey to take about 30 minutes.

Whether you directly received services from [program name] or not, your information is of great importance to us. During the interview, you will be asked questions about employment, earnings, and other support you have received, and about activities you might have engaged in, including illegal activities or substance use, in the 12 months following your agreement to be part of the study. These questions should take approximately 30 minutes to answer.

While your participation in the RExO Study is required to continue in the RExO program, your decision to participate or not will not affect your parole or probation status, other terms of your release, or services received from any agency. The risk in participating is minimal and you may skip or refuse to answer any questions that make you feel uncomfortable.

We will not provide the information you give us to any of these agencies. [IF B1=1: We have requested from institutional officials that all telephone calls and in person interviews be conducted without monitoring; however, we cannot assure you that your participation will not be monitored by institutional management.] If you agree to participate and complete the interview, you will receive \$40 for your time.

Your responses to this survey will help us better understand the value of employment-centered programs for assisting ex-offenders. Individual responses will not be attributed to specific individuals. Responses to this data collection will be used only for statistical purposes. The reports prepared from this survey will summarize findings across the sample and individual forms will not be available to anyone outside the study team, except

as required by law. While I will not ask you questions about this, if you directly report to me that you intend to harm yourself or others, I will have to report it to the proper authorities.

If you have any questions about your rights as a study participant, you may call (**insert name**) the NORC IRB Administrator, toll-free at 1-866-309-0542. If you have questions about the research study, please call the RExO toll-free number at [FM’S NUMBER].

May I proceed?

- 2 No

Public Burden Statement

According to the Paperwork Reduction Act of 1995, persons are not required to respond to this collection of information unless it displays a currently valid OMB control number and expiration date. Responding to this questionnaire is voluntary. Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the U.S. Department of Labor, Employment and Training Administration, Office of Policy Development and Research, Room N5641, Attention: Bogdan Tereshchenko, 200 Constitution Avenue, NW, Washington, D.C. 20210.

Do NOT send the completed questionnaire to this address.
