

## JUSTIFICATION

TTB F 5100.31 - Application for and Certification/Exemption  
of Label/Bottle Approval

1513-0020

This form is used to submit beverage alcohol labels to TTB for approval, and is also know as a Certificate of Label Approval (COLA). We fail to submit the version of the form that had instructions for what to do if approval was obtained electronically through Formulas Online. Therefore, we added a sentence at the end of the instruction for ITEM 11. This change will not affect the burden, and we request that it be approved as a nonmaterial change. Thank you for your assistance.
