DRAFT

Dear Applicant:

Thank you for your interest in the Graduate Assistance in Areas of National Need (GAANN) program. The GAANN program provides grants to academic departments and programs of institutions of higher education to support graduate fellowships for students with excellent academic records who demonstrate financial need and plan to pursue the highest degree available in their course of study at the institution.

This letter highlights a few items in the fiscal year (FY) 2012 application package that will be important to you in applying for grants under this program. You should review the entire application package carefully before preparing and submitting your application. Information on the GAANN program is accessible at the U.S. Department of Education Website at: <http://www.ed.gov/programs/gaann/index.html>.

This application package contains the GAANN programmatic regulations and statute along with the forms needed to submit a complete application package.

In the FY 2012 competition, there is an absolute priority. Within the absolute priority, the Secretary is particularly interested in receiving single discipline grant applications in the following academic areas designated by the Secretary as areas of national need for FY 2012: Biology; Chemistry; Computer and Information Sciences; Engineering; Mathematics; Nursing; Physics; and Educational Assessment, Evaluation and Research.

A department or program of an institution of higher education may also submit a multi-disciplinary or inter-disciplinary program application in two or more of the designated academic areas of need listed above. **A multi-disciplinary application must request funding for two or more academic departments in areas of national need designated as priorities by the Secretary that are independent and unrelated to one another. An inter-disciplinary application must request funding for a single proposed program of study that involves academic fields in two or more disciplines.**

For the FY 2012 competition there is also a competitive preference priority. Under a competitive preference priority, we give competitive preference to an application by awarding additional points, depending on the extent to which the application meets the priority, and will award additional points in addition to any points the applicant earns under the selection criteria. The maximum number of bonus points is two (2).

This priority is:

Enabling more data-based decision making. Projects that are designed to collect, analyze, and use high-quality and timely data, including data on program participant outcomes, in accordance with privacy requirements (as defined in this notice), the following priority area: Improving postsecondary student outcomes relating to enrollment, persistence, and completion and leading to career success.

In addressing this competitive preference priority, applicants must describe how they will collect, analyze, and report their findings to the Department.

The application process requires each applicant to address the selection criteria, including all sub-criteria, in sequential order. The selection criteria can be found in the program regulations, Subpart C, Section 648.31, What Selection Criteria Does the Secretary Use?

GAANN eligibility requirements provide that no single department or program may receive an amount that is less than \$100,000 or more than \$750,000 as an aggregate total of new and continuing GAANN grants in any fiscal year. A department or program may not submit more than one application for a new GAANN grant in any fiscal year and must have been in existence at least four years at the time of application.

It is important to note that with the adoption of the Higher Education Opportunity Act of 2008, the GAANN program now accepts applications from academic departments and programs of institutions of higher education that provide courses of study leading to a Masters or a Doctoral degree. However, institutions can only make fellowship awards to individuals who plan to pursue the highest possible degree available in their course of study at the institution. Previously, the GAANN program only permitted doctoral programs to apply for a GAANN grant award.

Applicants will be required to submit their application electronically using Grants.gov for the FY 2012 GAANN grant competition. Grants.gov is accessible through its portal page at:

<http://www.grants.gov>

We also urge you to consider the following three extremely important administrative factors if you are planning to apply for this program:

1. We strongly encourage you to register for Grants.gov early. The registration procedures may require five or more days to complete.
2. We strongly recommend that you submit your application 2-3 days prior to the closing date. The time it takes to upload an application will vary depending on your application and the speed of your Internet connection. The application submission process must be complete prior to the deadline for transmittal of applications.
3. In order to submit successfully, you must remember to provide the DUNS number on your application that was used when your organization registered with the Central Contractor Registry (CCR).

After you electronically submit your application, you will receive a series of emails: one from Grants.gov acknowledging the date and time at which your application was received, another stating your application was validated or rejected with errors from Grants.gov, and if your application is validated, a third email from the Department of Education with an assigned PR/Award number, verifying that your application was submitted on time by the closing date. Please note this may take several days.

The Notice Inviting Applications for New Awards published in the Federal Register is the official document describing the requirements for applying for a GAANN grant and provides application submission procedures. You should not rely upon any information that is inconsistent with the guidance contained within the official document.

We look forward to receiving your application and appreciate your efforts to promote excellence in graduate education.

Sincerely,

Lynn B. Mahaffie
Acting Deputy Assistant Secretary
Higher Education Programs
Office of Postsecondary Education

COMPETITION HIGHLIGHTS

1. GAANN applications submitted for the FY XXXX competition must be submitted electronically using **Grants.gov**. You are urged to acquaint yourself with the requirements of Grants.gov early as the registration procedures may require 5 or more days to complete. A more thorough discussion is included later in this application package. Grants.gov is accessible through its portal page at:

<http://www.grants.gov>

2. It is important to know that the Grants.gov site works differently than the Department's e-Application system used in past competitions.

Grants.gov does not allow applicants to “un-submit” applications. Therefore, if you discover that changes or additions are needed once your application has been accepted and validated by the Department, you must “re-submit” the entire application. You should know that if the Department receives duplicate applications, we will accept and process the application with the latest “date/time received” validation.

3. Once an application has been submitted, you will receive a series of e-mails:
 - One from Grants.gov with a confirmation number,
 - A second e-mail from Grants.gov that your application has been validated or that your application has been rejected with errors, and
 - If the application was validated by Grants.gov, a third e-mail from the Department of Education with an assigned PR/Award Number will be received. This is a confirmation number that is unique to your application. The PR/Award Number begins with P200A..... for this program. This third confirmation by e-mail, with a PR/Award number assigned, is the e-mail that verifies that your application was submitted on time by the closing date. This may take several days.
4. Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to log on to Grants.gov to attach and submit the application. (This is different from e-Application, where you are working online and saving data to the Department's database.). You must provide the DUNS number that was used when your organization registered with the Central Contractor Registry (CCR).

Please go to <http://www.grants.gov/ForApplicants> for help with Grants.gov and click on “Help” at the top of the screen. Also refer to “Submission Procedures and Tips for Applicants” found in this application booklet.

You are reminded that the document published in the Federal Register is the official document, and that you should not rely upon any information that is inconsistent with the guidelines contained in the official document.

5. Applications must be submitted electronically using Grants.gov. You may qualify for an exception to the electronic submission requirement and submit your application in paper format, if you are unable to submit an application through Grants.gov. Please refer to the Federal Register Notice Inviting Applications for New Awards to determine if you qualify for one of the exceptions to the electronic submission requirement. If you think you may need an exception, you are urged to review these requirements carefully.
6. New Grants.gov Upload Requirements:

You must upload any narrative sections and all other attachments to your application as files in a .PDF (Portable Document) format only. If you upload a file type other than a .PDF or submit a password-protected file, we will not review that material.
7. With the adoption of the Higher Education Opportunity Act of 2008, the GAANN program now accepts applications from academic departments and programs of institutions of higher education that provide courses of study leading to a Masters or a Doctoral degree. However, institutions can only make fellowship awards to individuals who plan to pursue the highest possible degree available in their course of study at the institution. Previously, the GAANN program only permitted doctoral programs to apply for a GAANN grant award.
8. Competitive Preference Priority: Under 34 CFR 75.105(c)(2)(i), under a competitive preference priority, we give competitive preference to an application by awarding additional points, depending on the extent to which the application meets the priority and will award additional points in addition to any points the applicant earns under the selection criteria. The maximum number of bonus points is two (2).

This priority is:

Enabling more data-based decision making. Projects that are designed to collect, analyze, and use high-quality and timely data, including data on program participant outcomes, in accordance with privacy requirements (as defined in this notice), the following priority area: Improving postsecondary student outcomes relating to enrollment, persistence, and completion and leading to career success.

In addressing this competitive preference priority, applicants must describe how they will collect, analyze, and report their findings to the Department.

9. An absolute priority is included for this FY XXXX competition, and the Department will only consider applications that address these areas of national need. As stated in the “Dear Applicant” letter and the “Notice Inviting Applications,” the FY XXXX designated areas of national need under the GAANN program are as follows:

- Biology
- Chemistry
- Computer and Information Sciences
- Engineering
- Mathematics
- Nursing
- Physics
- Educational Assessment, Evaluation and Research

➤ Applications from Nursing programs focus on the preparation of nurse scholars at the Masters or PhD level for educational leadership roles. Graduates will become teachers preparing students for careers in nursing, and will disseminate to the public new knowledge gained from disciplined inquiry related to nursing and nursing education. **The Classification of Instructional Programs (CIP) code for Nursing programs is 51.16.**

➤ Applications from Educational Assessment, Evaluation and Research programs focus on preparing students at the Masters or Doctoral level who will be trained in statistics and measurement theory to become psychometricians. These psychometrics programs focus on the principles and procedures for designing, developing, implementing, and evaluating test and other mechanisms used to measure learning, evaluate student progress and assess the performance of specific teaching tools, strategies and curricula. **The CIP code for Educational Assessment, Evaluation and Research programs is 13.06. Note: The academic field of Educational Psychology does not qualify under this requirement.**

For further information about the Classification of Instructional Programs (CIP) codes, please see Appendix to Part 648 of the GAANN Regulations. The GAANN Abstract:

10. In addition to a short summary covering the designated area(s) of national need and the anticipated number of GAANN fellows requested, the abstract should include:

Institution Name:	
Type of Application (Single/Inter-Disciplinary/Multi-Disciplinary):	
Area of National Need:	
Degree Level of Program of Study (Masters or Doctorate):	
Length of Time Degree Program has been in Existence:	
Number of Federally Funded GAANN Fellows Requested:	

Note: Information provided in the GAANN one-page abstract must be attached to the “ED Abstract Form” in the Grants.gov system. Further instructions are provided in the “Instructions for Completing the Project Narrative” section of the application package.

11. The following documents are specific to the GAANN Program and should be reviewed carefully to ensure that they are attached into Grants.gov system correctly:

- **GAANN Statutory Assurances Form:** Applicants must submit the GAANN Statutory Assurances Form electronically **as a separate document**. Please note that more detailed instructions for attaching this form are covered in the “**Program Specific Forms Instructions**” section of the application package.

Note: This form is available under the “**Program Specific Forms**” section of the application package.

- **GAANN Budget Spreadsheet(s) Form:** Applicants must submit the Budget Spreadsheet(s) Form electronically **as a separate document**. Please note that more detailed instructions for attaching the budget spreadsheet form are covered in the “**Program Specific Forms Instructions**” section of the application package.
 - The Budget Narrative (which is a part of the Selection Criteria) should be included in the “Project Narrative – Budget.”

Note: This form is available under the “**Program Specific Forms**” section of the application package.

12. Applicants must double space the Project Narrative and use a font that is either 12 point or larger. However, a 10 point font may be used in charts, tables, figures, graphs, footnotes, and endnotes. The following fonts are required to be used: Times New Roman, Courier, Courier New, or Arial. **Applications submitted in any other font, including Times Roman and Arial Narrow will not be accepted.**

13. Page Limits:

Applicants are required to adhere to the page limit in the Project Narrative portion of the application. The “Notice Inviting Applications” for new awards for FY XXXX, published in the Federal Register, contains specific information governing page limits for each grant type and formatting instructions. The page limits for the FY XXXX GAANN competition are as follows:

- Single and Inter-Disciplinary Project Narratives – 40 pages
- Multi-Disciplinary Project Narratives – 40 pages per academic department included in the proposal

Note: Each page in which there are words will be counted as one full page. If you do not use all of the allowable space on a page, it will be counted as a full page in determining compliance with the page limit.

14. Annual Performance Requirements:

If you receive an FY XXXX new grant award, you will be required to submit annual and final performance reports during the three-year funding cycle using the CBMI Reporting System. This online system collects narratives and data about funded projects to enable program officers to determine if a grantee is making substantial progress toward meeting approved project objectives. If you wish to view the performance report currently required, visit the GAANN Web site at:

<http://www2.ed.gov/programs/gaann/performance.html>

Please be advised that the report is for informational purposes only, and does not reflect the actual reporting instrument that you will use, should you receive a FY XXXX grant award.

15. Two years after the expiration of the grant:

Two years after a GAANN grant expires, grantees are required to submit an additional final performance report. This supplement to the final performance report requires data on the academic and employment status for all fellows that were awarded funds under the grant.

IMPORTANT – PLEASE READ FIRST

U.S. Department of Education *Grants.gov Submission Procedures and Tips for Applicants*

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 8.1.2). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

Also, applicants should be aware that on October 11, 2010, Grants.gov implemented a new security build which requires each organization’s e-Biz POC (Point of Contact) update their Grants.gov registration. To complete this step, the e-Biz POC must have their DUNS number and CCR MPIN. We recommend this step be completed several days before application submission unless the e-Biz POC has already responded to this requirement. For more information on this topic, please visit this Grants.gov information link: <http://www.grants.gov/securitycommebiz/>.

- 1) **REGISTER EARLY** – Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: http://www.grants.gov/applicants/get_registered.jsp. [Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.]
- 2) **SUBMIT EARLY** – **We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the CCR (Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov and the Department of Education receive your Grants.gov submission timely and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/applicants/applicant_faqs.jsp#54. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/assets/AdobeReaderErrorMessages.pdf>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/contactus/contactus.jsp>, or use the customer support available on the Web site: http://www.grants.gov/applicants/applicant_help.jsp.

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to http://www.grants.gov/applicants/applicant_help.jsp for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov http://www.grants.gov/help/submit_application_faqs.jsp.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: http://www.grants.gov/help/download_software.jsp. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include .pdf files** in their application:

1. Ensure that you attach ***.PDF files only*** for any attachments to your application. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to this Grants.gov webpage with links to conversion programs:
http://www.grants.gov/help/download_software.jsp#pdf_conversion_programs
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

GRANTS.GOV REGISTRATION INSTRUCTIONS FOR ORGANIZATIONS

The following instructions provide registration guidance for a company, academic or research institution, state, local or tribal government, not-for-profit, or other type of organization. Registration is a one-time process that is required before representatives of an organization can submit grant application packages electronically through Grants.gov. **The registration process can take up to four weeks** depending on your organization and whether all steps are taken in a timely manner. For more information, visit http://www07.grants.gov/applicants/get_registered.jsp.

Note: If you are an individual applying for a grant on your own behalf and not on behalf of a company, academic or research institution, state, local or tribal government, not-for-profit, or other type of organization, visit http://www.grants.gov/applicants/individual_registration.jsp. If you apply as an individual to a grant designated for organizations, your application will be rejected.

STEP 1: OBTAIN DATA UNIVERSAL NUMBER SYSTEM (DUNS) NUMBER

WHY?

- The federal government has adopted the use of DUNS numbers to track how federal grant money is allocated. DUNS numbers identify your organization.

HOW?

- Ask the grant administrator, chief financial officer, or authorizing official of your organization to identify your DUNS number.
- If your organization does not know its DUNS number or needs to register for one, visit Dun & Bradstreet at <http://fedgov.dnb.com/webform/displayHomePage.do>.

TIME REQUIRED?

- Same day. You will receive DUNS number information online.

STEP 2: REGISTER WITH CENTRAL CONTRACTOR REGISTRATION (CCR)

WHY?

- Registering with the CCR is required for organizations to use Grants.gov.

HOW?

- Ask the grant administrator, chief financial officer, or authorizing official of your organization if your organization has registered with the CCR.
- If your organization is not registered, apply online at <http://www.ccr.gov>.
- When your organization registers with CCR, you must designate an E-Business Point of Contact (E-Biz POC). This person will identify a special password called an MPIN.
- This MPIN gives the E-Biz POC authority to designate which staff members from your organization are allowed to submit applications electronically through Grants.gov. These designated staff members are called Authorized Organization Representatives (AORs).

TIME REQUIRED?

- If your organization already has an Employment Identification Number (EIN) or Taxpayer Identification Number (TIN), allow one to three business days to complete the entire CCR registration.
- If your organization does not have an EIN or TIN, allow two weeks for obtaining the EIN or TIN from the Internal Revenue Service (IRS) if requested via phone or Internet.

- Your organization needs to renew its CCR registration once a year, which may take up to five business days. You will not be able to move on to Step 3 until this step is completed.

STEP 3: CREATE GRANTS.GOV USERNAME & PASSWORD

WHY?

- An AOR username and password serves as an "electronic signature" when submitting a Grants.gov application.

HOW?

- To create a username and password, AORs must complete a profile on Grants.gov (using their organization's DUNS number) at <https://apply07.grants.gov/apply/OrcRegister>.
- AORs must wait one business day after their organization registers with the CCR before creating a profile.

TIME REQUIRED?

- Same day. After the AOR has completed their profile they will be prompted to create a username and password that will allow the user to log in and check their approval status immediately.

STEP 4: AOR AUTHORIZATION

WHY?

- Only the E-Biz POC can approve AORs, who then have the ability to submit applications on behalf of the organization.

HOW?

- When an AOR registers with Grants.gov, that organization's E-Biz POC is notified by email.
- The E-Biz POC must then log in to Grants.gov (using the organization's DUNS number for the username and the MPIN password obtained in Step 2) and approve the AOR, thereby giving him or her permission to submit applications.
- When an E-Biz POC approves an AOR, Grants.gov will send the AOR a confirmation email.

TIME REQUIRED?

- This depends on how long it takes the E-Biz POC to log in and approve the AOR. Once the approval is completed, the AOR can immediately submit an application.

STEP 5: TRACK AOR STATUS

WHY?

- To verify that the organization's E-Biz POC has approved the AOR.

HOW?

- AORs can log in using their username and password (obtained in Step 3) to check if they have been approved by the E-Biz POC.

TIME REQUIRED?

Logging in as an applicant is instantaneous. The approval process depends on how long it takes the E-Biz POC to log in and approve the AOR.

APPLICATION TRANSMITTAL INSTRUCTIONS

ATTENTION ELECTRONIC APPLICANTS: Please note that you must follow the Application Procedures as described in the Federal Register notice announcing the grant competition.

If your application is postmarked after the application deadline date, we will **not** consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

Submission of Paper Applications by Hand Delivery:

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

Institutional Payment: The Secretary will determine the institutional payment for the academic year 2012-2013 by adjusting the previous academic year institutional payment, which is \$44,157 per fellow, by the U.S. Department of Labor's Consumer Price Index for the 2011 calendar year.

If you use a telecommunications device for the deaf (TDD), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) by contacting the program contact person listed in this section.

2. Content and Form of Application Submission:

Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

Page Limit: The project narrative, Part II of the application, is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the project narrative (Part II) to no more than 40 pages, using the following standards. For purposes of determining compliance with the page limit, each page on which there are words will be counted as one full page, except as specifically discussed below:

- A project narrative in a single discipline must be limited to no more than 40 pages.
- An inter-disciplinary project narrative must be limited to no more than 40 pages. An inter-disciplinary application must request funding for a single proposed program of study that involves two or more academic disciplines.
- A multi-disciplinary project narrative must be limited to no more than 40 pages for each academic department included in the proposal. A multi-disciplinary application must request funding for two or more academic departments in areas of national need designated as priorities by the Secretary that are independent and unrelated to one another.
- A "page" is 8.5" x 11", on one side only, with 1"

margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the project narrative, including titles, headings, footnotes, quotations, references, and captions. Charts, tables, figures, and graphs in the project narrative may be single spaced and will count toward the page limit.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch). However, you may use a 10 point font in charts, tables, figures, graphs, footnotes, and endnotes.

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

- Appendices are limited to the following: Curriculum Vitae-no more than two pages per faculty member, a course listing, letters of support, a bibliography, and one additional optional appendix relevant to the support of the proposal, not to exceed five pages.

- If you do not use all of the allowable space on a page, it will be counted as a full page in determining compliance with the page limit.

The page limit does not apply to Part I, the Application for Federal Assistance (SF 424) and the Department of Education

Supplemental Information for SF 424 Form; the one-page Abstract; the GAANN Statutory Assurances Form; the GAANN Budget Spreadsheet(s) Form; the Appendices; or Part III the Assurances and Certification. The page limit also does not apply to a two-page Table of Contents, if you include one. However, the page limit does apply to all of the Project Narrative section in Part II.

We will reject your application if you exceed the page limit.

3. Submission Dates and Times:

Applications Available: TBD.

Deadline for Transmittal of Applications: TBD.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact

in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: TBD.

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. Funding Restrictions: We specify unallowable costs in 34 CFR 648.64. We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are

outlined in the Grants.gov 3-Step Registration Guide (see www.grants.gov/section910/Grants.govRegistrationBrochure.pdf).

7. Other Submission Requirements:

Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the GAANN Program, CFDA number 84.200A, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the GAANN Program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.200, not 84.200A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, the GAANN Budget Spreadsheet(s) Form, and the GAANN Statutory Assurances and all Certifications.

- You must upload any narrative sections and all other attachments to your application as files in a .PDF (Portable Document) format only. If you upload a file type other than a .PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You

must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the

Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to

the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Rebecca Green,
Department of Education, 1990 K Street, NW., room 7105,

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are in 34 CFR 648.31.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the

applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Additional factors we consider in selecting an application for an award are in 34 CFR 648.32.

3. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118 and 34 CFR 648.66. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Grantees will be required to submit a supplement to the Final Performance Report two years after the expiration of their GAANN grant. The purpose is to identify and report the educational outcome of each GAANN fellow.

4. Performance Measures: Under the Government Performance and Results Act of 1993 (GEPA), the following measures will be used by the Department in Assessing the performance of the GAANN program:

1) the percentage of GAANN Fellows completing the terminal degree in the designated areas of national need;

2) the percentage of GAANN Fellows from traditionally underrepresented groups enrolled in a terminal degree program in the designated areas of national need; and

3) the median time to completion of Master's and Doctorate degrees for GAANN students.

If funded, you will be required to collect and report data in your project's annual performance report (EDGAR, 34 CFR 75.590) on these measures and on steps taken toward improving performance on these outcomes. Consequently, applicants are advised to include these outcomes in conceptualizing the design, implementation, and evaluation of their proposed projects. Their measurement should be a part of the project evaluation plan, along with measures of your progress on the goals and objectives specific to your project.

All grantees will be expected to submit an annual performance report documenting their success in addressing these performance measures.

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Appendix to Part 648--Academic Areas

The Secretary may give an absolute preference to any of the academic areas listed as disciplines or subdisciplines below, or the resulting inter-disciplines. The list was derived from the Classification of Instructional Programs (CIP) developed by the Office of Educational Research and Improvement of the U.S. Department of Education and includes the instructional programs that may constitute courses of studies toward graduate degrees. The code number to the left of each discipline and subdiscipline is the Department's identification code for that particular type of instructional program.

**INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS
EXECUTIVE ORDER 12372**

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

http://www.whitehouse.gov/omb/grants_spoc/

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102).

Recommendations or comments may be hand-delivered until 4:30 p.m. (eastern time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

GENERAL EDUCATION PROVISIONS ACT (GEPA) SECTION 427

OMB Control No. 1894-0005 (Exp. 01/31/2011)

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you

plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1894-0005**. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4537.

GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2007-2012. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Goal 1: Improve student achievement, with a focus on bringing all students to grade level in reading and mathematics by 2014.

Goal 2: Increase the academic achievement of all high school students.

Goal 3: Ensure the accessibility, affordability, and accountability of higher education, and better prepare students and adults for employment and future learning.

What are the performance indicators for the GAANN Program?

The performance indicators for the GAANN program are part of the Department's plan for meeting Goal 3. The specific goal for the GAANN program is "to increase the number of persons trained at the highest academic level" in the areas of national need.

The performance indicators for the GAANN program are:

- (1.1) **Graduate school completion:** the percentage of GAANN fellows completing the terminal degree in the designated areas of national need.
- (1.2) **Enrollment of targeted populations:** the percentage of GAANN fellows from traditionally underrepresented groups enrolled in a terminal degree program in the designated areas of national need.
- (1.3) **Time-to-Degree:** median time to completion of Master's and Doctorate degrees for GAANN students.

How does the Department of Education determine whether performance goals have been met?

An applicant that receives a grant award will be required to submit annual progress reports and a final report as a condition of the award. The reports will document the extent to which project goals and objectives are met. The most recent version of this program's annual performance report can be viewed at www2.ed.gov/programs/gaann/performance.html.

NOTE: Section 648.31 – What selection criteria does the Secretary use?

The selection criteria at C.F.R. 648.31, consider an applicant’s policies and procedures to ensure enrollment of talented graduate students from traditionally underrepresented backgrounds. Do these criteria require an applicant to give priority to or set aside stipends for students based on race or ethnicity?

That is not the intent of the selection criteria. Rather, they are intended to direct applicants to engage in outreach and recruitment efforts as a means of fostering the enrollment of eligible students from traditionally underrepresented backgrounds. The GAANN criteria do not independently require or authorize applicants to give priority for or set aside stipends for students based on race or ethnicity. It should be noted, however, that an institution of higher education (IHE) is permitted to take race and ethnicity into consideration in the award of financial aid, provided that the institution complies with the legal principles described in the Department’s policy guidance on race-targeted financial aid, under Title VI of the Civil Rights Act, which was published in the Federal Register on February 23, 1994 (59 FED.REG8756). In summary, it is permissible for IHE’s to consider race and ethnicity in granting financial aid in order to promote diversity of their student body and to remedy the effects of discrimination. As explained in this guidance, use of race or ethnicity as a remedy or to promote diversity must be narrowly tailored to achieve those objectives. IHE’s that seek to do this should consult the policy guidance for further clarification on how to ensure that race-targeted financial aid is narrowly tailored to meet the objectives of remedying past discrimination or promoting diversity. IHE’s in the Fifth Circuit should note that the legality of discrimination in a public school system as a whole is unclear in light of the Fifth Circuit’s decision in Hopwood v. Texas, 78F 3d 932 (5th Cir.) cert. denied, Texas v. Hopwood, 115 S. CT. 2581 (1996).
