# Annual Mandatory Collection of Elementary and Secondary Education Data through EDFacts

August 2010

**Updated May 2011 per Attachment H** 

# **ATTACHMENT B-7**

# EDFacts Data Set State Fiscal Stabilization Fund

#### INTRODUCTION

This attachment explains how the data will be added to ED*Facts* data set to enable easier collection from SEAs for a subset of the 37 metrics (34 indicators and 3 descriptors) that are part of the Phase 2 Application for the State Fiscal Stabilization Fund (SFSF). Some of the data used in the metrics comes from the data already collected through ESS (data groups in Attachment B-3). Some of the data will need to be added to ESS. Some of the data will not be collected by ED beyond the application.

Appendix A, at the end of this document, lists changes to this document after the 30 day public comment period. Appendix B, at the end of this document, lists changes to this document per Attachment H – Technical Amendments.

For readability, the tables that describe data groups, categories, and calculations are not divided between pages. This results in some pages having significant blank space.

### **INDICATORS**

The Phase II Application for SFSF includes 34 indicators which are listed in the table below. (The table does not include the three descriptors.)

	List of Metrics for the State Fiscal Stabilization Fund
	Achieving Equity in Teacher Distribution (education reform area (a))
(a)(1)	The number and percentage of core academic courses taught, in the highest-poverty and lowest-poverty schools, by teachers who are highly qualified consistent with section 9101(23) of the <i>Elementary and Secondary Education Act of 1965</i> , as amended ( <i>ESEA</i> )
(a)(2)	Whether the state's Teacher Equity Plan (as part of the State's Highly Qualified Teacher Plan) fully reflects the steps the state is currently taking to ensure that students from low-income families and minority students are not taught at higher rates than other students by inexperienced, unqualified, or out-of-field teachers (as required in section 1111 (b)(8)(C) of the <i>ESEA</i> )
(a)(3)	Whether the systems used to evaluate performance of teachers include student achievement outcomes or student growth data as an evaluation criterion
(a)(4)	If the district's teachers receive performance ratings or levels through an evaluation system, the number and percentage of teachers rated at each performance rating or level
(a)(5)	If the district's teachers receive performance ratings or levels through an evaluation system, whether the number and percentages of teachers rated at each performance rating or level are publicly reported for each school in the LEA

	List of Metrics for the State Fiscal Stabilization Fund
(a)(6)	Whether the systems used to evaluate the performance of principals include student achievement outcomes or student growth data as an evaluation criterion
(a)(7)	If the district's principals receive performance ratings or levels through an evaluation system, the number and percentage of principals rated at each performance rating or level
	Improving Collection and Use of Data (education reform area (b))
(b)(1)	Which of the 12 elements described in section 6401(e)(2)(D) of the <i>America COMPETES Act</i> (20 U.S.C. 9871) are included in the state's statewide longitudinal data system
(b)(2)	Whether the state provides student growth data on their current students and the students they taught in the previous year to, at a minimum, teachers of reading/language arts and mathematics in grades in which the state administers assessments in those subjects in a manner that is timely and informs instructional programs
(b)(3)	Whether the state provides teachers of reading/language arts and mathematics in grades in which the state administers assessments in those subjects with reports of individual teacher impact on student achievement on those assessments.
	Standards and Assessments (education reform area (c))
(c)(1)	The approval status, as determined by the Department, of the state's assessment system under section 1111(b)(3) of the <i>ESEA</i> with respect to reading/language arts, mathematics and science assessments
(c)(2)	Whether the state has developed and implemented valid and reliable alternate assessments for students with disabilities that are approved by the Department
(c)(3)	Whether the state's alternate assessments for students with disabilities, if approved by the Department, are based on grade-level, modified, or alternate academic achievement standards
(c)(4)	Whether the state has completed, within the last two years, an analysis of the appropriateness and effectiveness of the accommodations it provides students with disabilities to ensure their meaningful participation in state's assessments
(c)(5)	The number and percentage of students with disabilities who are included in state reading/language arts and mathematics assessments
(c)(6)	Whether the state has completed, within the last two years, an analysis of the appropriateness and effectiveness of the accommodations it provides limited English proficient students to ensure their meaningful participation in state assessments
(c)(7)	Whether the state provides native language versions of state assessments for limited English proficient students that are approved by the Department
(c)(8)	The number and percentage of limited English proficient students who are included in state reading/language arts and mathematics assessments

	List of Metrics for the State Fiscal Stabilization Fund
(c)(9)	Whether the state's Annual State Report Card (under section 1111(h)(1) of the <i>ESEA</i> ) contains the most recent available state reading and mathematics National Assessment of Educational Progress (NAEP) results required by 34 CFR 200.11 (c)
(c) (10)	The number and percentage of students who graduate from high school using a four-year adjusted cohort graduation rate as required by 34 CFR 200.19(b)(1)(i)
(c) (11)	Of the students who graduate from high school consistent with 34 CFR 200.19(b) (1)(i), the number and percentage who enroll in an institution of higher education (IHE) (as defined in section 101(a) of the <i>Higher Education Act of 1965</i> , as amended ( <i>HEA</i> )) within 16 months of receiving a regular high school diploma
(c) (12)	Of the students who graduate from high school consistent with 34 CFR 200.19(b) (1)(i) who enroll in a public IHE (as defined in section 101(a) of the <i>HEA</i> ) in the state within 16 months of receiving a regular high school diploma, the number and percentage who complete at least one year's worth of college credit (applicable to a degree) within two years of enrollment in the IHE
	Supporting Struggling Schools (education reform area (d))
(d)(1)	The average statewide school gain in the "all students" category and the average statewide school gain for each student subgroup (as under section 1111(b)(2)(c)(v) of the <i>ESEA</i> ) on the state assessments in reading/language arts, and the number and percentage of Title I schools in improvement, corrective action, or restructuring that have made progress on the state assessment in reading/language arts, in the last year
(d)(2)	The average statewide school gain in the "all students" category and the average statewide school gain for each student subgroup (as under section 1111(b)(2)(c)(v) of the <i>ESEA</i> ) on the state assessments in mathematics, and the number and percentage of Title I schools in improvement, corrective action, or restructuring that have made progress on the state assessment in reading/language arts, in the last year
(d)(3)	The number and identity of the schools that are Title I schools in improvement, corrective action or restructuring that are identified as persistently lowest-achieving schools
(d)(4)	Of the persistently lowest-achieving schools that are Title I schools in improvement, corrective action or restructuring, the number and identity of those schools that have been turned around, restarted, closed, or transformed in the last year
(d)(5)	The number and identity of the schools that are secondary schools that are eligible for, but do not receive, Title I funds that are identified as persistently lowest-achieving schools
(d)(6)	Of the persistently lowest-achieving schools that are secondary schools that are eligible for, but do not receive, Title I funds, the number and identity of those schools that have been turned around, restarted, closed or transformed in the last year

	List of Metrics for the State Fiscal Stabilization Fund
(d)(7)	The number of charter schools that are currently permitted to operate under state
	law
(d)(8)	The number of charter schools currently operating
(d)(9)	The number and percentage of charter schools that have made progress on state
	assessments in reading/language arts in the last year
(d)	The number and percentage of charter schools that have made progress on state
(10)	assessments in mathematics in the last year
(d)	The number and identity of charter schools that have closed (including schools that
(11)	were not reauthorized to operate) within each of the last five years
(d)	For each charter school that has closed (including a school that was not
(12)	reauthorized to operate) within each of the last five years, whether the closure of
	the school was for financial, enrollment, academic, or other reasons

#### **NEW DATA GROUPS**

The table below lists the new data groups that will be collected. These data groups will be collected using an ED*Facts* collection tool.

Data Group Name	DG ID	Used for indicator
Teacher evaluations table <sup>1</sup>	737	(a)(4)
Teacher performance level names table	747	(a)(4)
Principal evaluations table <sup>2</sup>	738	(a)(7)
Principal performance level names table	748	(a)(7)
HS graduates postsecondary enrollment table	739	(c)(11)
HS graduates postsecondary credit earned	740	(c)(12)
table		
Persistently lowest-achieving schools	741	(d)(3), (d)(4), (d)(5) and (d)(6)
Charter school closure reason	742	(d)(12)

In addition to the above data groups, metadata on the number of allowed charter schools would be collected for indicator (d)(7).

As described in the final requirements for the SFSF, if a state is currently able to fully collect and publicly report the required data or other information at least annually, the state must provide the most recent data or information with its plan. If a state is not currently able to fully collect or publically report the data or other information at least annually, the plan must describe the state's process and timeline for developing and implementing the means to do so, as soon as possible, but no later than September 30, 2011. The state plan must describe the state's collection and public reporting abilities with respect to each individual indicator or descriptor.

<sup>&</sup>lt;sup>1</sup> SEAs would also submit metadata on the meaning of the levels in the evaluation system for teachers.

<sup>&</sup>lt;sup>2</sup> SEAs would also submit metadata on the meaning of the levels in the evaluation system for principals.

#### DATA COLLECTION BY INDICATOR

The sections below provide an explanation of how the data in the ED*Facts* data set will be used in calculations for the SFSF indicators and what data groups are being proposed to be added to the ED*Facts* data set to obtain data for the indicators.

#### ACHIEVING EQUITY IN TEACHER DISTRIBUTION

The following indicators would either utilize existing ED*Facts* data groups or require the addition of data groups to the ED*Facts* data set, as detailed in this section:

Indicator (a)(1) regarding courses taught by teachers who are highly qualified

Indicator (a)(4) regarding performance ratings for teachers

Indicator (a)(7) regarding performance ratings for principals

#### Indicator (a)(1)

The number and percentage of core academic courses taught, in the highest-poverty and lowest-poverty schools, by teachers who are highly qualified consistent with section 9101(23) of the *Elementary and Secondary Education Act of 1965*, as amended

This indicator will be obtained from the following data groups listed in Attachment B-3.

Data group name	DG ID	File	Listed under topic
State poverty designation	699	X/N063	Accountability and Reporting
			Provisions of <i>ESEA</i>
Teacher quality in core secondary	383	X/N064	Accountability and Reporting
classes table			Provisions of <i>ESEA</i>
Teacher quality in elementary	381	X/N103	Accountability and Reporting
classes table			Provisions of <i>ESEA</i>

The percentage indicator will be calculated using the same method that is used for section 1.5 of the school year 2008-09 Consolidated State Performance Report (CSPR) as follows:

First, schools in the highest and lowest poverty quartiles are determined using DG699.

Numerator		
# of classes in schools in the highest (or lowest)	DG381 or DG383

teachers.	"highly qualified."	
Denominator

## Indicator (a)(4)

If the district's teachers receive performance ratings or levels through an evaluation system, the number and percentage of teachers rated at each performance rating or level

This indicator requires the addition of two new data groups.

#### STANDARDS AND ASSESSMENTS

The following indicators in this section will require the addition of data groups to the ED*Facts* data set:

- Indicator (c)(11) regarding enrollment in postsecondary
- Indicator (c)(12) regarding completion of one year's worth of college credit

#### Indicator (c)(11)

Of the students who graduate from high school consistent with 34 CFR 200.19(b)(1)(i), the number and percentage who enroll in an IHE (as defined in section 101(a) of the *Higher Education Act of 1965*, as amended (*HEA*)) within 16 months of receiving a regular high school diploma

This indicator requires the addition of a data group.

#### Indicator (c)(12)

Of the students who graduate from high school consistent with 34 CFR 200.19(b)(1)(i) who enroll in a public IHE (as defined in section 101(a) of the *HEA*) in the state within 16 months of receiving a regular high school diploma, the number and percentage who complete at least one year's worth of college credit (applicable to a degree) within two years of enrolment in the IHE

This indicator requires the addition of a new data group.

#### SUPPORTING STRUGGLING SCHOOLS

The following indicators will either utilize existing ED*Facts* data groups or require the addition of data groups to the ED*Facts* data set, as detailed in this section:

- Indicator (d)(1) regarding progress in reading/language arts
- Indicator (d)(2) regarding progress in mathematics
- Indicator (d)(3) regarding persistently lowest-achieving schools
- Indicator (d)(4) regarding interventions of persistently lowest-achieving schools
- Indicator (d)(5) regarding persistently lowest-achieving schools eligible for but not receiving Title I funds
- Indicator (d)(6) regarding interventions of persistently lowest-achieving schools eligible for but not receiving Title I funds
- Indicator (d)(7) regarding allowed charter schools
- Indicator (d)(8) regarding operating charter schools
- Indicator (d)(9) regarding progress of charter schools in reading/language arts
- Indicator (d)(10) regarding progress of charter schools in mathematics
- Indicator (d)(11) regarding charter schools that closed
- Indicator (d)(12) regarding reasons for charter schools closing

#### Indicator (d)(1)

The average statewide school gain in the "all students" category and the average statewide school gain for each student subgroup (as under section 1111(b)(2)(c)(v) of the ESEA) on the state assessments in reading/language arts, and the number and percentage of Title I schools in improvement, corrective action, or restructuring that have made progress on state assessments in reading/language arts, in the last year

This indicator will be obtained from the following data groups listed in Attachment B-3.

Data group name	DG ID	File	Listed under topic
Student performance in reading/	584	X/N078	Accountability and Reporting
language arts table			Provisions of <i>ESEA</i>
Improvement status - school	34	X/N130	Accountability and Reporting
			Provisions of <i>ESEA</i>
Title I school status	22	X/N129	Title I Program (Non-
			Accountability Provisions)

The average school gain will be calculated as the average of the percentage proficient or above for each grade from the current school year minus the percentage proficient or above for each grade from the previous school year.

The percentage of Title I schools in improvement, corrective action, or restructuring that have made progress on the state assessment in reading/language arts will be calculated as follows:

Numerator		
# of Title I schools in	The number of schools where:	
improvement, corrective action or	•	For DG22 the permitted values is yes
restructuring that have made	AND	
progress on the state assessment in	•	For DG34 the permitted value is
reading/language arts		"improvement year 1," "improvement year
		2," "corrective action," "restructuring
		(planning)," or "restructuring"
	AND	
	•	The percentage of students at proficiency or
		above calculated from DG584 is higher than
		the previous school year
Denominator		
# of Title I schools in	The nu	mber of schools where:
improvement, corrective actions or	<ul> <li>For DG22 the permitted values is yes</li> </ul>	
restructuring	AND	
	•	For DG34 the permitted value is
		"improvement year 1," "improvement year
		2," "corrective action," "restructuring
		(planning)," or "restructuring"

## Indicator (d)(2)

The average statewide school gain in the "all students" category and the average statewide school gain for each student subgroup (as under section 1111(b)(2)(c)(v) of the ESEA) on state assessments in mathematics, and the number and percentage of Title I schools in improvement, corrective action, or restructuring that have made progress on state assessments in mathematics, in the last year

This indicator will be obtained from the following data groups listed in Attachment B-3.

Data group name	DG ID	File	Listed under topic
Student performance in	583	X/N075	Accountability and Reporting
mathematics table			Provisions of <i>ESEA</i>
Improvement status -	34	X/N130	Accountability and Reporting
school			Provisions of <i>ESEA</i>
Title I school status	22	X/N129	Title I Program (Non-
			Accountability Provisions)

The calculation of this indicator is the same as indicator (d)(1) except using DG583 instead of DG584.

#### Indicator (d)(3)

The number and identity of the schools that are Title I schools in improvement, corrective action or restructuring that are identified as persistently lowest-achieving schools

This indicator requires the addition of a data group.

Group Name: Persistently lowest-achieving school ID: 741					
Section	Education Unit				
Definition	An indication of whe	ther or not the school ha	s been identified by		
	the state as persistent	tly lowest-achieving

STEWARD: OESE					

The new data group will be used in conjunction with the following data groups listed in Attachment B-3.

Data group name	DG ID	File	Listed under topic
Improvement status -	34	X/N130	Accountability and Reporting
school			Provisions of <i>ESEA</i>
Title I school status	22	X/N129	Title I Program (Non-
			Accountability Provisions)

The indicator is the number of schools where:

• DG22 is "Title I Targeted Assistance School," "Title I Schoolwide Eligible-Title I Targeted Assistance Program," or "Title I Schoolwide School"

#### AND

• DG 741 is "identified"

#### AND

• DG24 is "improvement year 1," improvement year 2," corrective action," restructuring (planning)," or "restructuring

#### Indicator (d)(4)

Of the persistently lowest-achieving schools that are Title I schools in improvement, corrective action or restructuring, the number and identity of those schools that have been turned around, restarted, closed, or transformed in the last year

This indicator will utilize the following data groups listed in Attachment B-3.

Data group name	DG ID	File	Listed under topic
Improvement status - school	34	X/N130	Accountability and Reporting
			Provisions of <i>ESEA</i>
Title I school status	22	X/N129	Title I Program (Non-Accountability
			Provisions)

In addition, the metric will use the new data group "persistently lowest-achieving school" (DG741) described under indicator (d)(3) and the new data group "SIG intervention" (DG728) discussed in Attachment B-6.

The indicator is the number of schools where:

• DG22 is "Title I Targeted Assistance School," "Title I Schoolwide Eligible-Title I Targeted Assistance Program," or "Title I Schoolwide School"

#### AND

• DG 741 is "identified"

#### AND

• DG24 is "improvement year 1," improvement year 2," corrective action," restructuring (planning)," or "restructuring"

#### AND

• DG728 is "turnaround," restarted," "closure," or "transformation"

#### Indicator (d)(5)

The number and identity of the schools that are secondary schools that are eligible for, but do not receive, Title I funds that are identified as persistently lowest-achieving schools

This indicator will utilize the following data groups.

Data group name	DG ID	File	Listed in Attachment
Title I school status	22	X/N129	B-3 under Title I Program (Non-
			Accountability Provisions)
Grades offered	18	X029 or N039	B-1 under Directory Records

In addition, the indicator will use the new data group "Persistently lowest achieving school" (DG741) described under indicator (d)(3).

The indicator is the number of schools where:

• DG18 only includes grade levels 7 through 12

#### **AND**

• DG 741 is "identified"

#### AND

 DG22 is "Title I Targeted Assistance School – No Program," or "Title I Schoolwide Eligible-No Program"

#### Indicator (d)(6)

Of the persistently lowest-achieving schools that are secondary schools that are eligible for, but do not receive, Title I funds, the number and identity of those schools that have been turned around, restarted, closed or transformed in the last year.

This indicator will utilize the following data groups:

Data group name	DG ID	File	Listed in Attachment
Title I school status	22	X/N129	B-3 under Title I Program (Non-
			Accountability Provisions)
Grades offered	18	X029 or N039	B-1 under Directory Records

In addition, the indicator will use the new data group "Persistently lowest-achieving school" (DG741) described under indicator (d)(3) and the new data group "SIG intervention" (DG728) discussed in Attachment B-6

The indicator is the number of schools where:

• DG18 only includes grade levels 7 through 12

#### AND

DG 741 is "identified"

#### **AND**

• DG22 is "Title I Targeted Assistance School – No Program," or "Title I Schoolwide Eligible-No Program"

#### **AND**

• DG728 is "turnaround," restarted," "closure," or "transformation"

#### Indicator (d)(7)

The number of charter schools that are currently permitted to operate under state law

This indicator requires the collection of one new piece of metadata:

- Name Allowed Charter Schools
- Definition The number of charter schools that are currently permitted to operate under state law

#### Indicator (d)(8)

The number of charter schools currently operating

This indicator will utilize the following data groups listed in Attachment B-1.

Charter status	29	X/N029	Directory Records
School operational status	531	X/N029	Directory Records

The indicator is the number of schools where:

DG22 is "yes"

#### AND

• DG531 is "open," "new," "reopened," "changed," or "added"

#### Indicator (d)(9)

The number and percentage of charter schools that have made progress on state assessments in reading/language arts in the last year

This indicator will be obtained from the following data groups.

Data group name	DG ID	File	Listed in attachment
Student performance in			B-3 under Accountability and
reading/language arts table	584	X/N078	Reporting Provisions of <i>ESEA</i>
Charter status	29	X/N029	B-1 under Directory Records

The percentage indicator will be calculated as follows:

#### Indicator (d)(11)

The number and identity of charter schools that have closed (including schools that were not reauthorized to operate) within each of the last five years

This indicator will be obtained from the following data groups listed in Attachment B-1.

Data group name	DG ID	File	Listed under section
Charter status	29	X/N029	Directory Records
School operational status	531	X/N029	Directory Records

This indicator will require looking across multiple years of data within ED*Facts*. Charter schools reported with an operating status of "Closed" at any point during the past 5 school years will be counted for this indicator.

#### Indicator (d)(12)

For each charter school that has closed (including a school that was not reauthorized to operate) within each of the last five years, whether the closure of the school was for financial, enrollment, academic, or other reasons

This indicator will require the addition of a data group.

Group Name: Charter school closure reason		ID: 742	
Section	Education Unit		
Definition	The reason a charter school was closed (including a school that
