Transition Program for Equipment Manufacturers Equipment Manufacturer Report

<mark>quipment Manufacturer Basic I</mark> r	nformation		Submission Date:			
Manufacturer Name: Contact Name: Email Address: Phone #: Manufacturer Address: Small Volume Manufacturer: Foreign Equipment Manufacturer:		40 CFR Part: TPEM Start Date: TPEM End Date: Report Year:		estimated to a need for this i suggested me of automated U.S. Environn Washington, I	OMB No. 2060-0369 Approval Expires on May 31, 2011 EPA Form 5900-240 Paperwork Reduction Act N porting and recordkeeping burden for this average 9 hours per response. Send com information, the accuracy of the provided l ethods for minimizing respondent burden, collection techniques to the Director, Collimental Protection Agency (2822T), 1200 F DC. 20460. Include the OMB Number 22 Dc. 20460. Include the Completed Form 590 Dc. Do not send the completed Form 590	collection of information is ments on the Agency's uncled nestimates, and any including through the use ection Strategies Division, ennsylvania Ave., NW, 160-0369 in any
Comments: PEM Report Data						

For Part 89 (NRCI) and Part 1039 (NRCI) Only:

•For the Report Year, provide the total number of units sold for each power category, based on actual U.S.directed production information (Total Prod. Vol.). Also, for the Report Year, provide the number of units in each power category that you have sold under the provisions of §89.102 or §1039.625 (Exempted Engine Prod. Vol). If you used the percent-of-production provisions, include the percentage of equipment with exempted engines for the power category and calendar year (% of Production).

•For prior years, provide the number of units in each power category that you have sold under the provisions of \$89.102 or \$1039.625 (Exempted Engine Prod. Vol). If you used the percent-of-production provisions, include the percentage of equipment with exempted engines for the power category and calendar year (% of Production).

For Part 1054 (Small SI) Only:

•Please provide the total count of equipment with exempted engines you sold in the preceding year (Report Year), based on actual U.S.-directed production information. Note: If you produce equipment in the 2010 calendar year with exempted engines from the 2011 model year, include these units in your March 31, 2012 report. (§1054.625(g)(2)(i))

•For prior years, provide figures for how many pieces of equipment with exempted engines you have produced using the provisions of §1054.625. (§1054.625(g)(2)(ii))

Calendar year	Power Category (NRCI Only)	Exempted Engine Prod. Vol.	Total Prod. Vol. (NRCI Only)	% of Production (NRCI Only)

For Part 1039 (NRCI) and Part 1054 (Small SI) Only:

Please provide the name of each company that produced engines for the equipment you manufactured lunder the TPEM provisions of Part 1039 or 1054, if this information is different than you specified under paragraph 1039.625(g)(1)(iv) or 1054.625(g)(1)(iv), respectively.

Engine Manufacturer Name	Engine Manufacturer Address
