

Appendix 5: Teacher Baseline Survey

National Aeronautics and Space Administration

www.nasa.gov

Greetings!

This survey is being conducted by Abt Associates Inc. and the Education Development Center for the National Aeronautics and Space Administration (NASA) as part of its efforts to learn about the teachers who participate in the Summer of Innovation program. We estimate that it will take approximately 10 minutes to complete the survey.

Since we are interested in how your thinking changes as you progress through Sol activities, you will be given a similar survey at three points: this first survey is being given right before the Sol summer activities; the second will be emailed to you at the end of Sol summer activities; and the third will be emailed to you during the 2011/2012 school year.

Privacy and Participation

You will never be identified by name, and information from the evaluation will only be reported in the aggregate. All information that would permit identification of individual respondents will be held in confidence, will be used only by persons engaged in and for the purposes of the national evaluation, and will not be disclosed or released to others for any purpose except as required by law. We ask for your name below only for the purposes of linking your responses now to those in the future. Data from this and future surveys will be linked with a study identification number. Your responses to this survey will be protected under the Privacy Act. There is minimal risk of breach of confidentiality, and we have put in place procedures to minimize this risk.

Your participation in the study is voluntary and nonparticipation will have no impact on you, your school, or your Sol awardee organization. You can refuse to answer any question and you can quit the survey at any time.

If you wish to participate in this study please continue.

Paperwork Reduction Act Statement - This information collection meets the requirements of 44 U.S.C. § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. We estimate that it will take about 10 minutes to read the instructions, gather the facts, and answer the questions. **You can find additional information on this program at <http://www.nasa.gov/offices/education/programs/national/summer/home/index.html>.** You may send comments on our time estimate above to: NASASummerofInnovation@abtassoc.com. **Please send only comments relating to our time estimate to this address, not the completed form.** For questions about this evaluation, please contact the evaluation director, Hilary Rhodes of Abt Associates Inc. at (877) 520-6840 (toll-free) or send an email to NASASummerofInnovation@abtassoc.com. For more information about this data collection, including OMB clearance and burden estimates, please contact Lori Parker, NASA PRA Clearance Officer (lori.parker@nasa.gov, 202-358-4616—not a toll-free number). For questions about your rights as a participant in this study, contact Teresa Doksum at the Abt Associates Inc. Institutional Review Board (877-520-6835- toll-free).

A. Access to and use of NASA resources

NASA resources are the materials and services NASA makes available for teachers through the Internet, NASA Centers, NASA's Office of Education, and Education Resource Centers. These include curricular materials for specific activities, in-person and online professional development, on-demand videos, and travelling exhibits.

1. Approximately how often do you read or look for NASA resources for possible use in your classroom instruction? *Please check one only.*

Never	Seldom (1-2 times per school year)	Sometimes (about once every 2 months)	Often (about once a month)	Always (more than once a month)

3. Please list 1-3 of your favorite NASA resources that you have used in the past three months:

- a) _____
- b) _____
- c) _____

B. Comfort Teaching NASA Content Areas

1. On a scale of 1 to 4, where 1 is Very Uncomfortable and 4 is Very Comfortable, please rate how comfortable you are teaching each of the following content areas in your classroom. *Please circle the number below that best represents your level of comfort for each content area.*

	Very Uncomfortable	Uncomfortable	Comfortable	Very Comfortable
Aeronautics	1	2	3	4
Astronomy	1	2	3	4
Astrobiology	1	2	3	4
Climate and Seasons	1	2	3	4
Engineering or Engineering Design	1	2	3	4
