

REQUEST FOR EXEMPTION FROM RIHSC REVIEW
UNDER 45 CFR 46 101 (B) (2)

RIHSC Number: 11-02DV
Study Title: Antiparasitic Resistance and Combination New Animal Drugs
FDA Sponsor: Janis R. Messenheimer, DVM
Principal Investigator: Janis R. Messenheimer, DVM

My project involves only ADULTS

State US Age of majority >18 years (All respondents will have at least a college education)

AND

- ☒ project uses only survey procedures
- ☐ project uses only interview procedures
- ☐ project involves only observation of public behavior

AND

- ☒ information is recorded in such a manner that subjects can not be identified, directly or through identifiers

OR

- ☐ although subjects can be identified, disclosure of information obtained could not place subjects at risk of civil/criminal liability or be damaging to the subject's financial standing, employability, or reputation

Please attach the following information, if applicable:

- Completed and Signed RIHSC Liaison transmittal Form
- Study protocol, including either focus group or survey questions
- Documentation that all subjects are adults (18 or older)
- Recruitment and/or Advertisement information
- Text of oral consent of subjects
- Information on who will be conducting the interviews/focus group testing including documentation that the person(s) has been trained
- Information on who will have access to the study data and how it will be kept confidential
- Discussion of either how the subject's identity will be protected and/or why this is not needed

I understand that if any changes are proposed for the study, I will need to resubmit the materials to the RIHSC to make sure none of the proposed changes alter the basis for the above exemption.

Signature of FDA Sponsor: , DVM Date: 3/30/2011

APPROVED BY THE RIHSC CHAIR:  Date: 4/11/11
