

Behavioral Health is Essential To Health • Prevention Works • Treatment is Effective • People Recover

FY 2012 Block Grant Reporting Section

CFDA 93.958 (Mental Health)

Reducing the impact of substance abuse and mental illness on America's communities.

Table of Contents

- A. Introduction
- B. Implementation Report
- C. State Agency Expenditure Report
- D. Population and Services Report
- E. Performance Indicators and Accomplishments

Section A. Introduction

Title XIX, Part B, Subpart III of the Public Health Service Act (42 U.S.C. 300x-52(a)) requires the Secretary of the Department of Health and Human Services, acting through the Administrator of the Substance Abuse and Mental Health Services Administration (SAMHSA), to determine the extent to which States and Jurisdictions have implemented the State plan for the prior fiscal year. The purpose of the Annual Report is to provide information to assist the Secretary in making this determination.

States and jurisdictions are requested to prepare and submit their reports for the last completed fiscal year in the format provided in this guidance. The report will address the purposes for which the MHBG and SABG funds were expended, the recipients of grant funds, and the authorized activities and services purchased with such funds. Particular attention should be given to the progress made toward accomplishing the goals and performance indicators identified in the States' and Jurisdictions' plans.

All States are required to prepare and submit their respective reports utilizing SAMHSA's Web Block Grant Application System (BGAS). This report must be received by SAMHSA not later than December 1 in order for State or Jurisdiction to receive a grant for the subsequent Federal fiscal year. If the due date falls on a weekend or Federal holiday, the report will be due on the next business day. The following schedule provides specific due dates for annual reports:

Plan and Report Receipt Dates				
Application for Federal fiscal year	Plan Receipt Date	Planning Period	Report Receipt Date	Report Period
2012	9/01/2011	10/01/2011 – 06/30/2013	12/01/2011	10/01/2010 - 09/30/2011
2013	/	/	12/01/2012	07/01/2011 - 06/30/2012
2014	04/01/2013	07/01/2013 - 06/30/2015	12/01/2013	07/01/2012 – 06/30/2013
2015	/	/	12/01/2014	07/01/2013 – 06/30/2014
2016	04/01/2015	07/01/2015 – 06/30/2017	12/01/2015	07/01/2014 – 06/30/2015
2017	/	/	12/01/2016	07/01/2015 - 06/30/2016

States are required to complete the Reporting Document. The reporting Document is comprised of the following sections:

Section B: Implementation Report - In this first section, States are required to provide a brief review of the extent to which their respective plans were implemented, the progress towards the priorities and goals identified in the Block Grant application. The report should also include a brief review of areas that the State identified in Block Grant Application as needing improvement and changes that the State and Jurisdiction would propose to achieve the goals established for the priorities.

Section C: State Agency Expenditure Report - In this section, States should provide information regarding expenditures for authorized activities and services for mental health (and substance abuse prevention, and substance abuse treatment if submitting combined report).

Section D: Populations and Services Report - In this section, States and Jurisdictions must provide specific information regarding the number of individuals that were served with MHSBG funds. In addition, States and Jurisdictions should provide specific information regarding the services these individuals received.

Section E: Performance Indicators and Accomplishments - In this section of the report, States and Jurisdictions are required to complete the Performance Indicator tables. Performance indicators should be reported using the table format provided in this document. The purpose of the performance indicator tables is to show progress made over time as measured by SAMHSA's National Outcome Measures (NOMS) for mental health services as well as any State- or Jurisdiction-selected performance indicators.

B. Implementation Report

Table 1: As part of the planning section, States identified their priorities in addition to the joint planning areas and the statutorily required priorities. This table should be filled out for all priority areas that the State will focus on during the planning period. The same table will be used to capture progress reporting.

Table 1	
Report Year(s):	
State Identifier:	
State Priorities	
1.	
2.	
3.	
4.	
5.	
6.	
7.	
8.	
9.	
10.	
11.	
12.	Add more priority areas as needed

At the end of each priority area, States and Jurisdictions should clearly indicate whether or not the particular goal identified in the State plan for the prior State fiscal year was “achieved” or “not achieved.” If a target was “not achieved,” a detailed explanation must be provided.

Table 2, *Priority Area by Goal, Strategy, and Performance Indicator*, should be completed for each priority areas identified by States and Jurisdictions in their respective State plans and for which fiscal resources were expended during the prior State fiscal year.

Table 2
Report Year(s):
State Identifier:
Priority Area:
Goal:
Strategy: (use as many lines as needed for each strategy)
Performance Indicator:
Description of Collecting and Measuring Changes in Performance Indicator:
Report of Progress toward goal attainment in prior State Fiscal Year: _____ Achieved _____ Not Achieved (if not achieved, explain why)
<i>Changes Proposed to Meet Goal</i>

C. Expenditure Reports

Mental Health Services Block Grant Spending

States and Jurisdictions should provide information regarding MHBG and State general revenue funds expended for authorized activities to prevent and treat mental illness. Please complete the tables described below: **Please Note: Data for all tables contained in the Uniform Reporting System (URS) will continue to be submitted into the URS data base maintained by the URS Contractor.**

- Table 3A and 3B (URS Tables 5A and 5B). *Profile of Clients by Type of Funding Support*. Table 3A and 3B is to provides the number of Female and Male clients by race and by ethnicity that have: Medicaid Only, Non-Medicaid Sources, Both Medicaid and Non-Medicaid, and Status not available.
- Table 4 (URS Table 7). *Profile of Mental Health Service Expenditures and Sources of Funding*. Table 4 is to provide information on Mental Health Expenditures and Sources of Funding. This includes funding from Medicaid, the MHSBG. Other federal funding sources, state, local and other funds.
- Table 5 (NEW). *MHSBG Expenditures By Service*. Table 5 is to be used to provide information on MHSBG spending by unduplicated individual and specific services.
- Table 6 (NEW) *Primary Prevention Expenditures Checklist*. This table provides a description of MHSBG Block Grant expenditures on primary prevention strategies funded by State Mental Health Authority.
- Table 7(URS Table 8). *Profile Of Community Mental Health Block Grant Expenditures For Non-Direct Service Activities*. Table 7 is used to describe the use of MHSBG funds for non-direct service activities that are sponsored, or conducted by the State Mental Health Authority
- Table 8(URS Table 10). – *Statewide Entity Inventory*. This table provides a description of the recipients of MHSBG funds including intermediaries, e.g., administrative service organizations, and other organizations which provided mental health services during the prior State fiscal year. The table has been amended to include recipients of SAPTBG funds for those states submitting one application.
- Table 9 (NEW) - *Maintenance of Effort for State Expenditures on Mental Health Services*. This table provides a description of all State non-Federal expenditures for authorized activities to prevent and treat mental illness during each State fiscal year.
- Table 10 (NEW) – *Report and Set-aside for Children’s Mental Health Services*. This table provides a description of non-Federal funds expended for children’s mental health services during each State fiscal year (SFY).

Table 3A. (URS Table 5A) Profile of Clients by Type of Funding Support

This table provides a summary of clients by Medicaid coverage. Since the focus of the reporting is on clients of the public mental health service delivery system, this table focuses on the clientele serviced by public programs that are funded or operated by the State Mental Health Authority. Persons are to be counted in the Medicaid row if they received a service reimbursable through Medicaid.

Please note that the same person may be served in both Medicaid and Non-Medicaid programs during the same reporting period.

Table 3A													
Report Year:													
State Identifier:													
	Total				American Indian or Alaska Native			Asian			Black or African American		
	Female	Male	Not Available	Total	Female	Male	Not Available	Female	Male	Not Available	Female	Male	Not Available
Medicaid (only Medicaid)													
Non-Medicaid Sources (only)													
People Served by Both Medicaid and Non-Medicaid Sources													
Medicaid Status Not Available													
Total Served													

Data Based on Medicaid Service
 Data Based on Medicaid Eligibility, not Medicaid Paid Services
 'People Served by Both' includes people with any Medicaid

Comments on Data (for Age):	
Comments on Data (for Gender):	
Comments on Data (Overall):	

Each row should have a unique (unduplicated) count of clients: (1) Medicaid Only, (2) Non-Medicaid Only, (3) Both Medicaid and Other Sources funded their treatment, and (4) Medicaid Status Not Available.

If a state is unable to unduplicate between people whose care is paid for by Medicaid only or Medicaid and other funds, then all data should be reported into the 'People Served by Both Medicaid and Non-Medicaid Sources' and the 'People Served by Both includes people with any Medicaid' check box should be checked.

Table 3B. (URS Table 5B) Profile of Clients by Type of Funding Support

Of the total persons covered by Medicaid, please indicate the gender and number of persons who are Hispanic/Latino or not Hispanic/Latino. Total persons covered by Medicaid would be the total indicated in Table 3A.

Please note that the same person may be served in both Medicaid and Non-Medicaid programs during the same reporting period.

Table 3B.													
Report Year:													
State Identifier:													
	Not Hispanic or Latino			Hispanic or Latino			Hispanic or Latino Origin Unknown			Total			
	Female	Male	Not Available	Female	Male	Not Available	Female	Male	Not Available	Female	Male	Not Available	Total
Medicaid Only													
Non-Medicaid Only													
People Served by Both Medicaid and Non-Medicaid Sources													
Medicaid Status Unknown													
Total Served													
Comments on Data (for Age):													
Comments on Data (for Gender):													
Comments on Data (Overall):													

Each row should have a unique (unduplicated) count of clients: (1) Medicaid Only, (2) Non-Medicaid Only, (3) Both Medicaid and Other Sources funded their treatment, and (4) Medicaid Status Unknown.

Table 4 (URS Table 7): Profile of Mental Health Service Expenditures and Sources of Funding

This table describes expenditures for public mental health services provided or funded by the State mental health agency by source of funding.

Table 4							
Report Year:							
State Identifier:

Service	Estimated Total Block Grant
MHA Technical Assistance Activities	
MHA Planning Council Activities	
MHA Administration	
MHA Data Collection/Reporting	
MHA Activities Other Than Those Above	
Total Non-Direct Services	
Comments on Data:	

Instructions:

1. States should only report on the expenditures of the CMHBG by the SMHA or programs that they directly contract with.
2. States should not report on expenditures by programs more than one-level down from the State in funding: e.g., if a state provides CMHBG funds to county mental health authorities, which in turn contract with private, not-for-profit mental health providers, only the expenditures by the SMHA and the county mental health authorities should be reported in this table.

Table 8 (URS Table 10). Statewide Entity Inventory

Table 88								Entity Inventory						
Report Year:								Source of Funds

Table 9 (NEW). Maintenance of Effort for State Expenditures on Mental Health Services

Table 9:		
Report Year:		
State Identifier:		
Total Expenditures for SMHA _____		
Period	Expenditures	<u>B1 (2009) + B2 (2010)</u> 2
A	B	C
SFY 2009 (1)		
SFY 2010 (2)		
SFY 2011 (3)		

Are the expenditure amounts reported in Column B “actual” expenditures for the State fiscal years involved?

FY 2009	Yes _____	No _____
FY 2010	Yes _____	No _____
FY 2011	Yes _____	No _____

If estimated expenditures are provided, please indicate when “actual” expenditure data will be submitted to SAMHSA:

____/____/_____
mm/dd/yyyy

Table 10(NEW): Report on Set-Aside for Children's Mental Health Services

Table 10:		
Report Year:		
State Identifier:		
State Expenditures for Mental Health Services		
Actual SFY 2008	Actual SFY 2012	Actual SFY 2013

States are required to not spend less than the amount expended in FY 2008. This is a change from the previous year, when the baseline for the state expenditures was 1994.

D. Populations and Services Report

States are requested to provide information regarding individuals that are served by the state mental health authority for FY 2011 using Tables 11 through 15.

- Table 11 (URS Table 1). *Profile of the State Population by Diagnosis*. Table 11 provides the number of Adults with SMI and Children with SED in the reporting year and in three years forward.
- Table 12 (URS Table 12) . *State Mental Health Agency Profile*. Table 12 provides the Populations covered in State hospitals and Community program in age categories; 0-3, 4-17 and 18 and above.
- Table 13A and 13B (URS Tables 2A and 2B) *Profile of Persons Served, All Programs by Age, Gender and Race/Ethnicity*. Table 13 provides an aggregate profile of unduplicated persons in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client receiving services in programs provided or funded by the state mental health agency. The client profile takes into account all institutional and community services for all such programs. States are to provide this information on all programs by age, gender, race/ethnicity.
- Table 14 (URS Table 3). *Profile Of Persons Served In The Community Mental Health Settings, State Psychiatric Hospitals And Other Settings*. Table 14 provides an aggregate profile of unduplicated persons in the reporting year for services funded through the MHSBG. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client receiving services in programs provided or funded by the MHSBG. The client profile takes into account all institutional and community services for all such programs. States are to provide this information on all programs by age, gender, race/ethnicity.
- Tables 15A,15B and 15C (NEW, URS Tables 14A and 14B). *Profile of Persons With SMI/SED Served By Age, Gender And Race/Ethnicity*. Tables 15A, B and C request counts for persons with SMI or SED using the definitions provided by the CMHS. Tables 15A, B and C included individuals receiving services in programs provided or funded by the state mental health agency. These tables count only clients who meet the CMHS definition of SMI or SED. States should report using the Federal Definitions of SMI and SED if they can report them, if not, please report using your state's definitions of SMI and SED and provide information in these tables describing your state's definition.
- Table 16 (URS Table 5). *Profile of Client Turnover*. Table 16 requests information regarding the profile of client turnover in various out of home settings (e.g. state hospitals, inpatient psychiatric hospitals, residential treatment centers). Information collected by this table requests admissions, discharges, and length of stay.

Table 11 (URS Table 1). Profile of the State Population by Diagnosis

This table summarizes the estimates of adults residing within the State with serious mental illness (SMI) and children residing within the state with serious emotional disturbances (SED). The table calls for estimates for two time periods, one for the report year and one for three years into the future. CMHS will provide this data to States based on the standardized methodology developed and published in the Federal Register and the State level estimates for both adults with SMI and children with SED.

Table 11		
Report Year:		
State Identifier:		
	Current Report Year	Three Years Forward
Adults with Serious Mental Illness (SMI)		
Children with Serious Emotional Disturbances (SED)		

Note: This Table will be completed for the States by CMHS.

Table 12 (URS Table 12): State Mental Health Agency Profile

The purpose of this profile is to obtain information that provides a context for the data provided in the tables. This profile covers the populations served, services for which the state mental health agency is responsible, data reporting capacities, especially related to duplication of numbers served as well as certain summary administrative information.

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

Table 12	
Report Year:	
State Identifier:	

Populations Served

1 Which of the following populations receive services operated or funded by the state mental health agency? Please indicate if they are included in the data provided in the tables. (Check all that apply.)

	Populations Covered			Included in Data	
	State Hospitals	Community Programs		State Hospitals	Community Programs
1. Aged 0 to 3	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
2. Aged 4 to 17	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
3. Adults Aged 18 and over	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
4. Forensics	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
Comments on Data:					

2 Do all of the adults and children served through the state mental health agency meet the Federal definitions of serious mental illness and serious emotional disturbances?

- Serious Mental Illness**
- Serious Emotional Disturbances**

2.a. If no, please indicate the percentage of persons served for the reporting period who met the federal definitions of serious mental illness and serious emotional disturbance?

- 2.a.1 Percent of adults meeting Federal definition of SMI:
- 2.a.2 Percentage of children/adolescents meeting Federal definition of SED

3 Co-Occurring Mental Health and Substance Abuse:

3.a. What percentage of persons served by the SMHA for the reporting period have a dual diagnosis of mental illness and substance abuse?

- 3.a.1 Percentage of adults served by the SMHA who also have a diagnosis of substance abuse problem:

3.a.2. Percentage of children/adolescents served by the SMHA who also have a diagnosis of substance abuse problem:

3.b. What percentage of persons served for the reporting period who met the Federal definitions of adults with SMI and children/adolescents with SED have a dual diagnosis of mental illness and substance abuse.

3.b.1 Percentage of adults meeting Federal definition of SMI who also have a diagnosis of substance abuse problem:

3.b.2. Percentage of children/adolescents meeting the Federal definition of SED who also have a diagnosis of substance abuse problem:

3b.3 Please describe how you calculate and count the number of persons with co-occurring disorders

4 State Mental Health Agency Responsibilities

a. Medicaid: Does the State Mental Health Agency have any of the following responsibilities for mental health services provided through Medicaid? (Check All that Apply)

- 1. State Medicaid Operating Agency
- 2. Setting Standards
- 3. Quality Improvement/Program Compliance
- 4. Resolving Consumer Complaints
- 5. Licensing
- 6. Sanctions
- 7. Other

b. Managed Care (Mental Health Managed Care) Are Data for these programs reported on URS Tables?

4.b.1 Does the State have a Medicaid Managed Care initiative? Yes Yes

Yes Yes

4.b.2 Does the State Mental Health Agency have any responsibilities for mental health services provided through Medicaid Managed Care? Yes Yes

If yes, please check the responsibilities the SMHA has:

- 4.b.3 Direct contractual responsibility and oversight of the MCOs or BHOs Yes
- 4.b.4 Setting Standards for mental health services Yes
- 4.b.5 Coordination with state health and Medicaid agencies Yes
- 4.b.6 Resolving mental health consumer complaints Yes
- 4.b.7 Input in contract development Yes
- 4.b.8 Performance monitoring Yes
- 4.b.9 Other

5 Data Reporting: Please describe the extent to which your information systems allows the generation of unduplicated client counts between different parts of your mental health system. Please respond in particular for Table 2, which requires unduplicated counts of clients served across your entire mental health system.

Are the data reporting in the

tables?

5.a. **Unduplicated**: counted once even if they were served in both State hospitals and community programs and if they were served in community mental health agencies responsible for different geographic or programmatic areas.

5.b. **Duplicated**: across state hospital and community programs

5.c. **Duplicated**: within community programs

5.d. **Duplicated**: Between Child and Adult Agencies

5.e. **Plans for Unduplication**: If you are not currently able to provide unduplicated client counts across all parts of your mental health system, please describe your plans to get unduplicated client counts by the end of your Data Infrastructure Grant.

6 Summary Administrative Data

6.a. Report Year	<input type="text"/>
6.b. State Identifier	<input type="text"/>
<i>Summary Information on Data Submitted by SMHA:</i>	
6.c. Year being reported: From:	<input type="text"/> to <input type="text"/>
6.d. Person Responsible for Submission	<input type="text"/>
6.e. Contact Phone Number:	<input type="text"/>
6.f. Contact Address	<input type="text"/>
6.g. E-mail:	<input type="text"/>

Table 13A (URS Table 2A). Profile of Persons Served, All Programs by Age, Gender and Race/Ethnicity

This table provides an aggregate profile of persons in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client receiving services in programs provided or funded by the state mental health agency. The client profile takes into account all institutional and community services for all such programs. Please provide unduplicated counts if possible.

Please report the data under the categories listed - "Total" are calculated automatically.

Comments on Data (Overall):							

Note: Clients can be duplicated between Rows: e.g., The same client may be served in both state psychiatric hospitals and community mental health centers during the same year and thus would be reported in counts for both rows.

Instructions:

- 1 States that have county psychiatric hospitals that serves as surrogate state hospitals should report persons served in such settings as receiving services in state hospitals.
- 2 If forensic hospitals are part of the state mental health agency system include them.
- 3 Persons who receive non-inpatient care in state psychiatric hospitals should be included in the Community MH Program Row
- 4 Persons who receive inpatient psychiatric care through a private provider or medical provider licensed and/or contracted through the SMHA should be counted in the "Other Psychiatric Inpatient" row. Persons who receive Medicaid funded inpatient services through a provider that is not licensed or contracted by the SMHA should not be counted here.
- 5 A person who is served in both community settings and inpatient settings should be included in both rows
RTC: CMHS has a standardized definition of RTC for Children: "An organization, not licensed as a psychiatric hospital, whose primary purpose is the provision of individually planned programs of mental health treatment services in conjunction with residential care for children and youth primarily 17 years old and younger. It has a clinical program that is directed by a psychiatrist, psychologist, social worker, or psychiatric nurse who has a master's degree or doctorate. The primary reason for the admission of the clients is mental illness that can be classified by DSM-IV codes-other than the codes for mental retardation, developmental disorders, and substance-related disorders such as drug abuse and alcoholism (unless these are co-occurring with a mental illness)."

Table 15B (URS Table 14A). Profile of Persons with SMI/SED served by Age, Gender and Race/Ethnicity

This is a developmental table similar to Table 2A. and 2B. This table requests counts for persons with SMI or SED using the definitions provided by the CMHS. Table 2A. and 2B. included all clients served by publicly operated or funded programs. This table counts only clients who meet the CMHS definition of SMI or SED. For many states, this table may be the same as Tables 2A. and 2B. For 2007, states should report using the Federal Definitions of SMI and SED if they can report them, if not, please report using your state's definitions of SMI and SED and provide information below describing your state's definition.

Please report the data under the categories listed - "Total" are calculated automatically.

E. Performance Data and Outcomes

- Table 17 (URS Table 17). *Profile of Adults with Serious Mental Illnesses Receiving Specific Services During the Year.* Table 17 provides the number of unduplicated Adults with SMI receiving family psychoeducation, integrated treatment for co-occurring disorders, illness self-management and medication management.
- Table 18A (URS Table 4). *Profile of Adult Clients By Employment Status.* Table 18A describes the status of adults clients served in the report year by the public mental health system in terms of employment status. The focus is on employment for the working age population, recognizing, however, that there are clients who are disabled, retired or who homemakers, care-givers, are etc and not a part of the workforce. These persons should be reported in the “Not in Labor Force” category. This category has two subcategories: retired and other. (The totals of these two categories should equal the number in the row for “Not in Labor Force”). Unemployed refers to persons who are looking for work but have not found employment. Data should be reported for clients in non-institutional settings at time of discharge or last evaluation.
- Table 18B (URS Table 4A). *Profile Of Adult Clients By Employment Status: By Primary Diagnosis Reported.* Table 18B request information on the status of adult clients served in the report year by the public mental health system in terms of employment status by primary diagnosis reported.
- Table 19 (URS Table 15). *Living Situation Profile.* Table 19 requests information regarding the number of Individuals in Each Living Situation as collected by the most recent assessment in the reporting period. Specifically, information is collected on the individual’s last known living situation. Living situations include, but are not limited to: private residence, foster care, residential care, jail/correctional facility, homeless shelter and other.
- Table 20 (URS Table 19B). *Profile of Change in School Attendance.* Table 20 measures the change in days attended over time. Information requested includes information on suspensions, expelled, and changes in the school attendance.
- Table 21 (URS Table 9). *Social Connectedness and Improved Functioning.* Table 21 requests states to provide information for youth and adults regarding Social Connectedness. In addition, States are requested to provide information on functional domains that provide a general sense of an individual’s ability to develop and maintain relationships, cope with challenges and a sense of community belonging.
- Table 22A (URS Table 11). *Summary Profile of Client Evaluation of Care.* Table 22A requests information that evaluates the “experience” of care for individuals that participate in the public mental health system. Specifically, the evaluation focuses on several areas including: access, quality and the appropriateness of services, participation in treatment planning and general satisfaction with services. Please provide unduplicated counts, if possible. This table provides an aggregate profile of persons served in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client's last known Living Situation.
- Table 22B (URS Table 11A). *Consumer Evaluation of Care By Consumer Characteristics: Race/Ethnicity.*

- Table 23 (URS Table 19A). *Profile Of Criminal Justice Or Juvenile Justice Involvement*. Table 23 requests information to measure the change in Arrests over time.
- Table 24 (URS Table 16). *Profile of Adults With Serious Mental Illnesses And Children With Serious Emotional Disturbances Receiving Specific Services*. Table 24 requests information regarding the number and demographics of individuals that are receiving specific evidenced-based services. In addition, the table requests information on if and how states monitor the fidelity for the evidenced based services.
- Table 25A (URS Table 20A). *Profile of Non-Forensic (Voluntary and Civil-Involuntary) Patients Readmission to Any State Psychiatric Inpatient Hospital Within 30/180 Days of Discharge*. Table 25A provides the total number of discharges within the year, the number of readmissions within 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity.
- Table 25B (URS Table 20B). *Profile of Forensic Patients Readmission to Any State Psychiatric Inpatient Hospital Within 30/180 Days of Discharge*. Table 25B provides the total number of discharges within the year, the number of readmissions within 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity.
- Table 26 (URS Table 21). *Profile of Non-Forensic (Voluntary and Civil-Involuntary Patients) Readmission to Any Psychiatric Inpatient Care Unit (State Operated or Other Psychiatric Inpatient Unit) within 30/180 Days of Discharge* This Table provides the total number of discharges from inpatient care units w/I the year, the number of readmissions w/I 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity..

Table 18B (URS Table 4A) Optional Profile of Adult Clients by Employment Status: by Primary Diagnosis Reported

The workgroup exploring employment found that the primary diagnosis of consumers results in major differences in employment status. The workgroup has recommended that we explore the ability of states to report employment by primary diagnosis and the impact of diagnosis on employment. The workgroup recommended 5 diagnostic clusters for reporting.

Adult Social Connectedness and Functioning Measures

- 1. Did you use the recommended new Social Connectedness Questions? Yes No _____ Measure used
- 2. Did you use the recommended new Functioning Domain Questions? Yes No _____ Measure used
- 3. Did you collect these as part of your MHSIP Adult Consumer Survey? Yes No _____
 If No, what source did you use? _____

Child/Family Social Connectedness and Functioning Measures

- 4. Did you use the recommended new Social Connectedness Questions? Yes No _____ Measure used
- 5. Did you use the recommended new Functioning Domain Questions? Yes No _____ Measure used
- 6. Did you collect these as part of your YSS-F Survey? Yes No _____
 If No, what source did you use? _____

Recommended Scoring Rules

Please use the same rules for reporting Social connectedness and Functioning Domain scores as for calculating

other Consumer Survey Domain scores for Table 11: E.g.:

1. Recode ratings of “not applicable” as missing values.
2. Exclude respondents with more than 1/3rd of the items **in that domain missing**.
3. Calculate the mean of the items for each respondent.
4. FOR ADULTS: calculate the percent of scores less than 2.5. (percent agree and strongly agree).
5. FOR YSS-F: calculate the percent of scores greater than 3.5. (percent agree and strongly agree).

Items to Score in the Functioning Domain:

Adult MHSIP Functioning Domain:

- 1 I do things that are more meaningful to me.
- 2 I am better able to take care of my needs.
- 3 I am better able to handle things when they go wrong.
- 4 I am better able to do things that I want to do.
- 5 My Symptoms are not bothering me as much (this question already is part of the MHSIP Adult Survey)

YSS-F Functioning Domain Items:

- 1 My child is better able to do things he or she wants to do.
- 2 My child is better at handling daily life. (existing YSS-F Survey item)
- 3 My child gets along better with family members. (existing YSS-F Survey item)
- 4 My child gets along better with friends and other people. (existing YSS-F Survey item)
- 5 My child is doing better in school and/or work. (existing YSS-F Survey item)
- 6 My child is better able to cope when things go wrong. (existing YSS-F Survey item)

Items to Score in the Social Connectedness Domain:

Adult MHSIP Social Connectedness Domain:

- 1 I am happy with the friendships I have.
- 2 I have people with whom I can do enjoyable things.
- 3 I feel I belong in my community.
- 4 In a crisis, I would have the support I need from family or friends.

YSS-F Social Connectedness Domain Items:

- 1 I know people who will listen and understand me when I need to talk
- 2 I have people that I am comfortable talking with about my child's problems.
- 3 In a crisis, I would have the support I need from family or friends.
- 4 I have people with whom I can do enjoyable things

Child/Adolescent Consumer Survey Results:	Number of Positive Responses	Responses	Confidence Interval*
1. Reporting Positively About Access.			

2. Reporting Positively about General Satisfaction for Children.		
3. Reporting Positively about Outcomes for Children.		
4. Family Members Reporting on Participation In Treatment Planning for their Children		
5. Family Members Reporting High Cultural Sensitivity of Staff.		
Please enter the number of persons responding positively to the questions and the number of total responses within each group. Percent positive will be calculated from these data.		
* Please report Confidence Intervals at the 95% level. See directions below regarding the calculation of confidence intervals.		
Comments on Data:		

Adult Consumer Surveys

1. Was the Official 28 Item MHSIP Adult Outpatient Consumer Survey Used?

1.a. If no, which version:

- 1. Original 40 Item Version
- 2. 21-Item Version
- 3. State Variation of MHSIP
- 4. Other Consumer Survey

1.b. If other, please attach instrument used.

1.c. Did you use any translations of the MHSIP into another language?

2. Other Language:

Adult Survey Approach:

2. Populations covered in survey? (Note all surveys should cover all regions of state)

2.a. If a sample was used, what sample methodology was used?

4. Other Sample:

Adult Consumer Surveys (Continued)

2.b Do you survey only people currently in services, or do you also Survey Persons no longer in service?

3. Please Describe the populations included in your sample: (e.g., all adults, only adults with SMI, etc.)

3.4 Other: describe: (for example, if you survey anyone served in the last 3 months, describe that here):

4. Methodology of collecting data? (Check all that apply)

	Self-Administered	Interview
Phone		
Mail		

Face-to-face		
Web-Based		

4.b. Who administered the Survey? (Check all that apply)

6. Other: describe:

5. Are Responses Anonymous, Confidential and/or Linked to other Patient Databases?

6. Sample Size and Response Rate

6a. How many Surveys were Attempted (sent out or calls initiated)?

6.b How many survey Contacts were made? (surveys to valid phone numbers or addresses)

6.c How many surveys were completed? (survey forms returned or calls completed)

6.d. What was your response rate? (number of Completed surveys divided by number of Contacts)

6.e. If you receive "blank" surveys back from consumers (surveys with no responses on them), did you count these survey's as "completed" for the calculation of response rates?

7. Who Conducted the Survey

7.a. SMHA Conducted or contracted for the Survey (survey done at state level)

7.b. Local Mental Health Providers/County mental health providers conducted or contracted for the survey (survey was done at the local or regional level)

7.c. Other: Describe:

* Report Confidence Intervals at the 95% confidence level

Note: The confidence interval is the plus-or-minus figure usually reported in newspaper or television opinion poll results. For example, if you use a confidence interval of 4 and 47% percent of your sample picks an answer you can be "sure" that if you had asked the question of the entire relevant population between 43% (47-4) and 51% (47+4) would have picked that answer. The confidence level tells you how sure you can be. It is expressed as a percentage and represents how often the true percentage of the population who would pick an answer lies within the confidence interval. The 95% confidence level means you can be 95% certain; the 99% confidence level means you can be 99% certain. Most researchers use the 95% confidence level. When you put the confidence level and the confidence interval together, you can say that you are 95% sure that the true percentage of the population is between 43% and 51%. (From www.surveysystem.com)

Child/Family Consumer Surveys

1. Was the MHSIP Children/Family Survey (YSS-F) Used?

If No, what survey did you use?

If no, please attach instrument used.

1.c. Did you use any translations of the Child MHSIP into another language?

2. Other Language:

Child Survey Approach:

2. Populations covered in survey? (Note all surveys should cover all regions of state)

2.a. If a sample was used, what sample methodology was used?

4. Other Sample:

2.b Do you survey only people currently in services, or do you also Survey Persons no longer in service?

2a. If yes to 2, please describe how your survey persons no longer receiving services.

3. Please Describe the populations included in your sample: (e.g., all children, only children with SED, etc.)

3.4 Other: describe: (for example, if you survey anyone served in the last 3 months, describe that here):

4. Methodology of collecting data? (Check all that apply)

	Self-Administered	Interview
Phone		
Mail		
Face-to-face		
Web-based		

4.b. Who administered the Survey? (Check all that apply)

6. Other: describe:

5. Are Responses Anonymous, Confidential and/or Linked to other Patient Databases?

6. Sample Size and Response Rate

6a. How many Surveys were Attempted (sent out or calls initiated)?

6.b How many survey Contacts were made? (surveys to valid phone numbers or addresses)

6.c How many surveys were completed? (survey forms returned or calls completed)

6.d. What was your response rate? (number of Completed surveys divided by number of Contacts)

6.e. If you receive "blank" surveys back from consumers (surveys with no responses on them), did you count these survey's as "completed" for the calculation of response rates?

7. Who Conducted the Survey

7.a. SMHA Conducted or contracted for the Survey (survey done at state level)

7.b. Local Mental Health Providers/County mental health providers conducted or contracted for the survey (survey was done at the local or regional level)

7.c. Other: Describe:

Table 22B (URS Table 11a): Consumer Evaluation of Care by Consumer Characteristics: (Optional Table by Race/Ethnicity.)

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

Table 22B

Report Year:

State Identifier:

Adult Consumer Survey Results:

*State used the 2 question version for Hispanic Origin Yes No

Please check the appropriate box on the left. The "Totals" formula will automatically adjust to account for which method your state used to ask about Hispanic Origin/Status

Adult Consumer Survey Results:																		
1. Reporting Positively About Access.																		
2. Reporting Positively About Quality and Appropriateness.																		
3. Reporting Positively About Outcomes.																		
4. Reporting Positively about Participation in Treatment Planning																		
5. Reporting Positively about General Satisfaction																		
6. Social Connectedness																		
7. Functioning																		

Child/Adolescent Family Survey Results:

*State used the 2 question version for Hispanic Origin Yes No

Please check the appropriate box on the left. The "Totals" formula will automatically adjust to account for which method your state used to ask about Hispanic Origin/Status

Indicators	Total		American Indian or Alaska Native		Asian		Black or African American		Native Hawaiian or Other Pacific Islander		White		More than One Race Reported		Other/ Not Available		Hispanic Origin*	
	# Positive	Responses	# Positive	Responses	# Positive	Responses	# Positive	Responses	# Positive	Responses	# Positive	Responses	# Positive	Responses	# Positive	Responses	# Positive	Responses
Child/Adolescent Family Survey Results:																		
Reporting Positively About Access.																		
Reporting Positively About General Satisfaction																		
Reporting Positively About Outcomes.																		
Reporting Positively Participation in Treatment Planning for their Children.																		
Reporting Positively About Cultural Sensitivity of Staff.																		
6. Social Connectedness																		
7. Functioning																		

Comments on Data:

Please enter the number of persons responding positively to the questions and the number of total responses within each group. Percent positive will be calculated from these data.

Table 23 (URS Table 19A) Profile of Criminal Justice or Juvenile Justice Involvement:
PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

1. This is a developmental measure. To assist in the development process, we are asking states to report information on the arrest histories of mental health consumers with their December MHBG submission.
2. The SAMHSA National Outcome Measure for Criminal Justice measures the change in Arrests over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer self-report items on criminal justice, you may report them here.
3. If your SMHA has data on Arrest records from alternatives sources, you may also report that here. If you only have data for arrests for consumers in this year, please report that in the T2 columns. If you can calculate the change in Arrests from T1 to T2, please use all those columns.
4. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
5. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected).

Table 23. Profile of Adult Criminal Justice and Youth Juvenile Justice Contacts

State: _____ Time period in which services were received: _____

For Consumers in Service for at least 12 months

	T1			T2			T1 to T2 Change						Assessment of the Impact of Services					
	"T1" Prior 12 months (more than 1 year ago)			"T2" Most Recent 12 months (this year)			If Arrested at T1 (Prior 12 Months)			If Not Arrested at T1 (Prior 12 Months)			Over the last 12 months, my encounters with the police have...

See Page 2 for additional Questions about the source of this data.

Please Describe the Sources of your Criminal Justice Data

Source of **adult** criminal justice information: 1) Consumer survey (recommended questions) 2) Other Consumer Survey; Please send copy of questions 3) Mental health MIS 4) State criminal justice agency 5) Local criminal justice agency 6) Other (specify) _____

Sources of **children/youth** criminal justice information: 1) Consumer survey (recommended questions) 2) Other Consumer Survey; Please send copy of questions 3) Mental health MIS 4) State criminal/juvenile justice agency 5) Local criminal/juvenile justice agency 6) Other (specify) _____

Measure of **adult** criminal justice involvement: 1) Arrests 2) Other: (specify) _____

Measure of **children/youth** criminal justice involvement: 1) Arrests 2) Other: (specify) _____

Mental health programs included: 1) Adults with SMI only 2) Other adults (specify) _____ 3) Both (all adults)
 1) Children with SED only 2) Other Children (specify) _____ 3) Both (all Children)

Region for which **adult** data are reported: 1) The whole state 2) Less than the whole state (please describe) _____

Region for which **children/youth** data are reported: 1) The whole state 2) Less than the whole state (please describe) _____

What is the Total Number of Persons Surveyed or for whom Criminal Justice Data Are Reported

	Child/Adolescents	Adults
1. If data is from a survey, What is the total Number of people from which the sample was drawn?		
2. What was your sample size? (How many individuals were selected for the sample)?		
3. How many survey Contacts were made? (surveys to valid phone numbers or addresses)		
4. How many surveys were completed? (survey forms returned or calls completed) If data source was not a Survey, How many persons were CJ data available for?		
5. What was your response rate? (number of Completed surveys divided by number of Contacts):		

State Comments/Notes: _____

Instructions:

If you have responses to a survey by person not in the expected age group, you should include those responses with other responses from the survey. e.g. if a 16 or 17 year old responds to the Adult MHSIP survey, please include their responses in the Adult categories (since that was the survey they used).
