

**Addendum to the Supporting Statement for  
Forms SSA-3192, SSA-3193, and SSA-3194  
Medical Permit Parking Application Forms**

**41 CFR 101.20-104.2**

**OMB No. 0960-0624**

**Collection Instrument in Use without OMB Approval**

When last we cleared this Information Collection Request (ICR) in 2008 as a new ICR, OMB granted approval to use three forms (SSA-3192, SSA-3193, and SSA-3194) for SSA's medical parking application processing. However, unbeknownst to us, our Office of General Counsel (OGC) advised the agency not to use the new forms due to pending legislation surrounding the Americans with Disabilities Act (ADA) Amendment of 2008 and the Health Insurance Portability and Accountability Act (HIPAA). Therefore, the agency continued its use of a form without OMB approval for the medical parking application process.

After meeting with members of OGC and explaining to them the requirements of the Paperwork Reduction Act the agency must follow, OGC agreed it would be in SSA's best interest to use the OMB-approved versions of the collection instruments at this time. We will adjust the forms if or when Congress enacts new or revised legislation in the future.

**Minor Revisions to the Collection Instrument**

We are updating contact information and minor rewording to improve clarity to all three forms. We are also updating the Privacy Act Statements, ADA and HIPAA Statements. Specific changes are as follows:
