

State Plan
State Councils on Developmental Disabilities
Within the On-Line Data Collection (OLDC) System

The following pages represent the instrument-forms for this report.
On this page is a summary overview of the Council PPR.

Section 1

Information regarding the individuals and entities involved with the Council program, including Council members and Council staff.

Section 21

Information regarding the designated State agency (DSA) and its roles.

Section 3

A comprehensive description of the service delivery system in the State and of unserved and underserved populations. Also a rationale for the selection of the goals of the Council.

Section 4

This is the heart of the State Plan. This section is divided first by Life Goal Areas (i.e., Areas of Emphasis), and then within each Life Goal Area, it is further divided into three divisions:

1. Narrative goal(s) developed within any Life Goal area that is selected by the State
This is a repeating section, permitting the user to report on more than one goal for a Life Goal area, with one instance for each goal described.
2. Narrative objective(s) developed within any Life Goal area that is selected by the State.
This is a repeating section, permitting the user to report on more than one objective for a Goal within a Life Goal area, with one instance for each objective described. Planned resources and collaborators are reported.
3. Quantitative targets for Council achievements in the planning years. There are two sets of targets: targets that all Councils can use to enable establishment of national target numbers, and targets that are unique to the particular Council.

Section 5

The Council certifies here that the Assurances are submitted (or soon will be submitted), as required in the DDAct, Section 124(c)(5).

Section 6

The Council reports here on its planned budget for each year of the 5-year planning cycle. This is a repeating section, providing a instance for each of the five fiscal years in the planning cycle.

Section 7 and Section 8

Description of the Council's plan for providing for public review of the plan and for evaluation of the plan.

The following two pages show the “Report Sections” page from which a user can access individual sections of the State Plan.

- Within the OLDC system, a user accessing the “Report Sections” page of the State Plan, for the State Council on Developmental Disabilities, must first select the State, and then they select the Reporting Period in order to “Select Report” shown on the next three pages. Based on these selections, the OLDC system inserts the grantee name and reporting period automatically (shown in blue). The selection options are limited, based on the authorizations of the user’s OLDC account, so that they cannot accidentally enter data in a State Plan for a different State or for an inappropriate planning year.
- This is a multiple section report. Each row on the Report Sections page provides access to one of the sections. The three columns on the Report Section page show section information:
 - the first column identifies the section name,
 - the second column provides the user an opportunity to take some action on the section, and
 - the third column indicates the section’s current status (initialized or saved).
- For the “Perform Action” column, the available actions are:
 - Create a section (only for repeating sections)
 - Clear section data,
 - Edit section, and
 - Print section.

These actions permit users to create and access sections of the report, where the report data are actually entered by the user. Each section is saved independently of the other sections.
- Some of the sections are repeating sections... that is, the user can create multiple instances of that section, such as for reporting on multiple goals or objectives within an Area of Emphasis. The repeating sections are shown on the Report Sections page as plum colored. These sections include a box for entering information specific to the particular instance.
- **Information entered in blue (grantee & reporting period) is inserted by the OLDC system automatically.**
- The blue buttons at the top of the Report Sections page are for going to different parts of the OLDC system:
 - OLDC Home ... the first page visited in OLDC when accessing it.
 - Select State ... the page where a user selects their State.
 - Select Report ... the page where the user selects the reporting period.
 - End OLDC ... permits the user to sign out of the system.
- The blue buttons at the bottom of the Report Sections page are for report manipulations:
 - Add Attachments ... this is an option available to grantees who wish to submit additional documentation. This was requested by the grantees to provide them the opportunity to submit additional materials that they wanted the federal reviewers to see.
 - Validate Report ... the data entry staff indicate that the report is completed.
 - Submit Report ... the authorized official sends the report to the federal reviewers.
