**>Question Text**

The next set of questions are about times you may have recently spent assisting or caring for an adult who needed help because of a condition related to aging. For example, as people grow older, it sometimes becomes difficult for them to perform various activities without help—such as grooming, driving, managing the household, taking medication or other common activities. Care may be provided in your home, their home or at a care facility.

\* Enter "1" to continue

**>Optional Text**

**\*Read if Necessary**

A condition related to aging is an ongoing ailment or physical or emotional limitation that typically affects older people. Examples may include becoming more frail; having difficulty seeing, hearing, or physically moving; becoming more forgetful; tiring more quickly; or specific medical ailments that are more common among older adults. It also refers to existing conditions that become progressively worse as one ages.

**Optional text (Spanish):**

\* Read if necessary

Una enfermedad relacionada con el envejecimiento es una enfermedad en curso o física o la limitación emocional que afecta típicamente a las personas mayores. Los ejemplos pueden incluir cada vez más débil, tener dificultad para ver, oír, o mover físicamente, cada vez más olvidadizo; cansa más rápidamente, o dolencias médicas específicas que son más comunes en los adultos mayores. También se refiere a las condiciones existentes que empeoran progresivamente a medida que envejecemos.

**>Spanish Translation**

La siguiente serie de preguntas es acerca del tiempo que usted puede haber dedicado recientemente a asistir o cuidar a adultos que necesitaban ayuda debido a un padecimiento relacionado con el envejecimiento. Por ejemplo, a medida que las personas envejecen, a veces se les dificulta llevar a cabo varias actividades sin que las ayuden, tales como el aseo personal, conducir, realizar las tareas de hogar, tomar medicamentos u otras actividades cotidianas. Puede ser que usted provea el cuidado en su hogar, en el hogar de las personas que lo necesitan o en una instalación destinada para tales fines.
