Partner Annual Assessment Form – Buy-Manufactured Recycled Products

 Buy/Manufacture Recycled Products - 2010
Instructions

Enter the product and material containing recycled content that your organization purchased or manufactured (e.g., carpet - recycled PET, grocery bags - paper, shingles - asphalt).

Enter the current recycled content percentage of the product. If your organization previously purchased or manufactured this same product, enter the previous recycled content percentage. If the recycled content figure is a range, please provide an average.

Note whether the product/material was purchased or manufactured by your organization.

Enter the amount purchased or manufactured during the reporting period and select the unit type (tons or pounds).

Enter any comments or goals for the upcoming year.

To add additional products, click "Add Another Recycled Product" and continue with the steps above.

Click "Save" when done entering data to retain your entries.

A * indicates a required field

In the chart below, please provide information on products containing recycled content that you have purchased or manufactured.
