

Exhibit C

Audited Financial Assessment Subsystem-Public Housing (FASS-PH) Template

To accommodate asset management, many changes will be made to the structure and content of the audited Financial Assessment Subsystem-Public Housing (FASS-PH) template. Because of this effort, the system has been redesigned. The look and feel of the system will also be very different from the current system as result of a Java upgrade from Cold Fusion. Below is a list of structural system changes:

1. Navigation
 - a. Instead of tab driven navigation, the new FASS-PH Java system will be Top navigation and Side navigation driven.
 - b. Top navigation contains major functionality, such as public housing agency (PHA) information (name, code, address, etc.), Financial Data Schedule, and Data Collection Form.
 - c. Side navigation is driven by the Top navigation.
 - d. Top navigation – Financial Data Schedule will have side navigation such as Program/Project Listing, Asset Management Projects (AMP) Listing, Balance Sheet and Income Statement.

2. Inputting Financial Data
 - a. PHAs are able to input Balance Sheet and Income Statement data for each AMP/project.
 - b. PHAs are able to input Balance Sheet and Income Statement data for each program.
 - c. PHAs are able to validate each AMP/project and program financial data.
 - d. PHAs are able to input additional data into the Data Collection Form, including the new Supplemental Information tab.

The following screen prints are taken from the current audited system. System modifications for asset management are in the process of being made, and new system design is currently underway. In order to ease the review of the new/modified system for asset management, the current screen prints will be used with explanations of the changes detailed below the screen print. Included in the screen prints are references to the Supplement to HUD Handbook 7475.1, Rev., Chg. 1, Financial Management Handbook (herein the Supplement), dated April 2007.

Public Reporting Burden for this collection of information is estimated to average 11 hours per respondent, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Public housing agencies are not required to respond to this collection of information unless a current, valid approved OMB control number is displayed on the form. Public Housing Financial Management Template, OMB No. 2535-0107, expires 08/31/2009.

You are about to enter the Financial Assessment Subsystem. Please click the [link](#) below to continue.

The content of this screen will be updated with the new expiration date.

Audited Screen 1

The screenshot shows a web browser window with a taskbar at the top. The main content area features a header for "Financial Assessment Electronic Submission" from the U.S. Department of Housing and Urban Development, Real Estate Assessment Center (REAC). Below the header are navigation links for "Inbox" and "Reports", and a link for "Additional Help". A central instruction box contains the following text:

Instructions:
Please enter the Reporting Ending Date year, select a submission type, select a blank submission or download the last submission version and click the Save button.

Submissions prior to 09/30/2001:
Select the Program Selection tab to continue.

09/30/2001 or later submissions:
The PHA Info screen will reappear and you will need to input the Reporting Beginning Date and click the Save button. Then select the Program Selection tab to continue.

To the left of the instruction box, a note reads: "Please verify that the PHA information is correct. If there are any discrepancies with the data shown below please contact your Field Office to update the information."

Below the instruction box is a "PHA Info" table with the following data:

PHA Info	
PHA Code	DC777
PHA Name	CARLSBURG
EIN Number	
Street Address (line 1)	1140 23rd St. NW #906
Street Address (line 2)	
City	WASHINGTON
State	DC
Zip Code	20037

The top of the PHA information screen will be similar in content to what is shown above. The standard PHA information will be shown. However, the overall screen contains more input choices. The most important of which is the asset management type choices. This option will determine the type of FDS the PHA will complete. For example, if a PHA selects asset management with a Central Office Cost Center (COCC)/elimination column, then the PHA will be prompted to complete a column of the FDS for eliminations and a COCC column. Also, if a PHA selects full asset management they will need to access the AMP/project selection screen to fill out an FDS for each individual AMP/project. These changes are applicable to the following three screen prints.

Independent Accountant's Report on Applying Agreed-Upon Procedure

We have performed the procedure described in the second paragraph, which was agreed to by [redacted]¹ (the Housing Authority) and the U.S. Department of Housing and Urban Development, Real Estate Assessment Center (REAC), solely to assist them in determining whether the electronic submission of certain information agrees with related hard copy documents. The Housing Authority is responsible for the accuracy and completeness of the electronic submission. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedure is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

report. Consequently, we make no representation regarding the consistency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

We compared the electronic submission of the items listed in the "UFRS Rule Information" column with the corresponding printed documents listed in the "Hard Copy Documents" column. The results of the performance of our agreed-upon procedure indicate agreement or non-agreement of electronically submitted information and hard copy documents as shown in the chart below.

We were engaged to perform an audit in accordance with OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, for the Housing Authority as of and for the year ended [redacted], and have issued our reports thereon dated [redacted]. The information in the "Hard Copy Documents" column was included within the scope, or was a by-product, of that audit. Further, our opinion on the fair presentation of the Housing Authority's Financial Data Schedule (FDS) dated [redacted], was expressed in relation to the basic financial statements of the Housing Authority taken as a whole.

A copy of the reporting package required by OMB Circular A-133, which includes the auditor's reports, is available in its entirety from the Housing Authority. We have not performed any additional auditing procedures since the date of the aforementioned audit reports. Further, we take no responsibility for the security of the information transmitted electronically to the U.S. Department of Housing and Urban Development, REAC.

This report is intended solely for the information and use of the Housing Authority and the U.S. Department of Housing and Urban Development, REAC, and is not intended to be and should not be used by anyone other than these specified parties.

In other words, the auditor should assure that the data in the UFRS Rule Information column agrees with the final Data Collection Form signed by both the auditee and the auditor for filing with the Clearinghouse.</small>
