Instructions

ATTENTION: The Third Party Initiator must provide the Archival Copy of the completed request to the applicant for review and for their record. The applicant is to review the Archival Copy for accuracy, sign all appropriate Signature Pages for the request that was generated, and return them to the agency to be submitted with the case. The request number at the bottom of the signature pages should match the request number on the archival copy.

When you are ready to begin entering applicant submitted data click the 'Enter Request Data' button below.
