# Notice of Public Welfare Investments by State Member Banks to the Federal Reserve System

#### **REMINDER**

For investments that do not meet one or more of the following criteria, the investing bank must submit a request for prior approval to the Federal Reserve. Such a request must include the information specified in section 208.22(d) of Regulation H, and must be submitted (by way of a letter or other submission on bank letterhead) to the Federal Reserve Bank of which the investing bank is a member.

Section 208.22 of Regulation H (12 CFR 208.22) permits Federal Reserve member banks to make certain public welfare investments. Investments that meet the requirements specified in section 208.22(b) of Regulation H may be made without prior regulatory approval. To assist it in determining if a proposed public welfare investment may be made without prior regulatory approval, a bank, at its option, may use the checklist attached to this form.

For a public welfare investment not requiring prior approval, the investing bank must notify the appropriate Reserve Bank of the investment within 30 days of making the investment. Such a notice must identify the amount of the investment and the entity in which the investment is made. To fulfill this notice requirement, a bank may use this form, or may provide the required information by way of a letter or other submission on bank letterhead.

For a public welfare investment requiring prior approval, the investing bank should not use this form. Instead, the investing bank must submit (by way of a letter or other submission on bank letterhead) the information specified in section 208.22(d) of Regulation H to the Reserve Bank of which it is a member. The Board is required

to act on a request for prior approval within 60 days of submission of the required information, unless the Board notifies the requesting member bank that a longer time period will be required to review and act on the request.

Examples of permissible community development and public welfare investments can be found in the Federal Reserve System's *Directory of Community Development Investments* at www.federalreserve.gov/dcca/directory/.

### Checklist for Notice of Public Welfare Investments by State Member Banks that **Do Not Require Prior Approval**

Regulation H does not require that this checklist be submitted to the Federal Reserve System. A bank may choose to use this checklist, however, as an aid in determining if a proposed public welfare investment may be made without prior regulatory approval. If the bank or the proposed investment does not meet the requirements described in this form, then the bank must submit a request for prior approval of the investment. Such a request must include the information specified in section 208.22(d) of Regulation H, and must be submitted (by way of a letter or other submission on bank letterhead) to the appropriate Federal Reserve Bank, as listed on the final page of this form.
