INTRODUCTION

HISTORY

For more than 150 years, the U.S. Department of Commerce, Bureau of the Census, conducted the census of agriculture. However, the 2002 Appropriations Act transferred the responsibility from the Bureau of the Census to the U.S. Department of Agriculture (USDA), National Agricultural Statistics Service (NASS). The 2007 Census of Agriculture for the U.S. Virgin Islands is the second census in the U.S. Virgin Islands conducted by NASS.

The census of agriculture is taken to obtain agricultural statistics for each county, State (including territories and protectorates), and the Nation. The first U.S. agricultural census data were collected in 1840 as a part of the sixth decennial census. From 1840 to 1920, an agricultural census was taken as a part of each decennial census. Since 1920, a separate national agricultural census has been taken every 5 years.

The 2007 census is the 14th census of agriculture of the U.S. Virgin Islands. The first, taken in 1920, was a special census authorized by the Secretary of Commerce. The next agriculture census was taken in 1930 in conjunction with the decennial census, a practice that continued every 10 years through 1960. The 1964 Census of Agriculture was the first quinquennial (5-year) census to be taken in the U.S. Virgin Islands. In 1976, Congress authorized the census of agriculture to be taken for 1978 and 1982 to adjust the data-reference year to coincide with the 1982 Economic Censuses covering manufacturing, mining, construction, retail trade, wholesale trade, service industries, and selected transportation activities. After 1982, the agriculture census reverted to a 5-year cycle.

Data in this publication are for the calendar year 2007, and inventory data reflect what was on hand on December 31, 2007. This is the same reference period used in the 2002 census. Prior to the 2002 census, data was collected in the summer for the previous 12 months, with inventory items counted as what was on hand as of July 1 of the year the data collection was done.

CENSUS USES

The census of agriculture is the leading source of statistics about the U.S. Virgin Islands's agricultural production and the only source of consistent, comparable data at the island level. Census statistics are used to measure agricultural production and to identify trends in an ever changing agricultural sector. Many local programs use census data as a benchmark for designing and evaluating surveys. Private industry uses census statistics to provide a more effective production and distribution system for the agricultural community.

AUTHORITY AND AREA COVERED

The census of agriculture is required by law under the "Census of Agriculture Act of 2002," Public Law 105-113 (Title 7, United States Code, Section 2204g). The law directs the Secretary of Agriculture to conduct a census of agriculture every five years, covering the years ending in 2 and 7. The census of agriculture includes each State, Puerto Rico, Guam, the U.S. Virgin Islands, American Samoa, and the Commonwealth of Northern Mariana Islands.

The census data for the U.S. Virgin Islands were collected in accordance with a Memorandum of Agreement approved by the Administrator of NASS and by the Commissioner of Agriculture of the U.S. Virgin Islands. It was conducted with the cooperation and assistance of the U.S. Virgin Islands Department of Agriculture.

FARM DEFINITION

The statistics collected in the census relate to places with agricultural operations qualifying as farms according to the census definition. In the U.S. Virgin Islands, this included all places from which \$500 or more of agricultural products were produced and sold, or normally would have been sold, during the calendar year 2007. The farm definition is the same used in the previous census.

COMPARABILITY OF DATA

In general, data from the 2007 census are comparable with those of previous censuses.

TABULAR PRESENTATION

Tables 1 through 17 show detailed data for the Virgin Islands and for St. Croix and St. Thomas/St. John, accompanied by historic data from the previous census. Tables 17 through 21 provide 2007 island data cross-tabulated by tenure of operator, age of operator, size of farm, and value of agricultural products sold.

SPECIAL TABULATIONS

Custom-designed tabulations can be developed to individual user specifications on a programming cost reimbursable basis. Inquiries about special tabulations should be directed to Data Lab Administrator, Marketing and Information Services Office, National Agricultural Statistics Service, U.S. Department of Agriculture, 1400 Independence Ave., S.W., Washington, DC 20250.

DISCLOSURE RULES

In keeping with the provisions of Title 7, United States Code, no data are published that would disclose the operations of an individual farm. However, the number of farms in a given size category or other classification is not considered a disclosure, so this information may be given even though other information is withheld.

DOLLAR VALUES

All dollar values presented in this report are in current dollars, i.e., 2007 data are in 2007 dollars and 2002 data in 2002 dollars. The dollar values have not been adjusted for changes in price levels between census years.

REFERENCE PERIODS

Inventories of livestock, poultry, and machinery and equipment are the number on hand as of December 31, 2007. Crop production, crop and livestock sales, and expense data are for the calendar year 2007.

ABBREVIATIONS AND SYMBOLS

The following abbreviations and symbols are used throughout the tables:

- Represents zero.
- (D) Withheld to avoid disclosing data for individual farms.
- (NA) Not available.
- (X) Not applicable.
- (Z) Less than half of the unit shown.

FARMS BY SIZE								
Farms		219	61	46	44	31	9	28
Less than 3 acres		86	28	18	18	9	4	9
3 to 9 acres		63	19	16	10	7	3	8
10 to 19 acres		35	9	6	9	5	1	5
20 to 49 acres		15	2	4	4	5	-	-
50 to 99 acres		12	2	1	3	4	1	1
100 acres or more		8	1	1	-	1	-	5
OPERATOR CHARACTERISTICS								
Operators by place of residence:								
On farm operated.		107	34	22	18	16	6	11
Not on farm operated		112	27	24	26	15	3	17
Operators by years on present farm:								
Less than 2 years		14	4	3	4	2	-	1
2 to 4 years		17	8	5	2	-	1	1
5 to 9 years		46	12	6	11	6	3	8
10 years or more		142	37	32	27	23	5	18
Operators by age group:								
Under 35 years		9	2	1	1	2	-	3
35 to 44 years		30	5	11	1	3	4	6
45 to 54 years		65	17	7	17	8	4	12
55 to 64 years		55	13	13	12	11	1	5
65 years or more		60	24	14	13	7	-	2
Average age		57	59	57	59	57	47	49
Operators by main occupation:								
Agricultural		98	15	21	19	18	3	22
Nonagricultural		121	46	25	25	13	6	6
Operators by days of work off farm:								
None		85	19	18	17	13	1	17
Any		134	42	28	27	18	8	11
1 to 49 days		9	4	1	1	-	2	1
50 to 99 days		10	3	1	4	1	-	1
100 to 149 days		9	3	-	1	3	-	2
150 to 199 days		9	1	2	3	2	-	1
200 days or more		97	31	24	18	12	6	6
LABOR STATUS								
Unpaid labor.	farms..	207	59	46	43	27	9	23
	workers..	401	125	79	77	52	13	55
Less than 25	farms..	14	6	3	-	-	2	3
	workers..	31	15	6	-	-	(D)	(D)
25 to 149 days	farms..	33	8	6	9	3	1	6
	workers..	82	14	8	23	15	(D)	(D)
150 days or more	farms..	182	52	41	36	25	7	21
	workers..	288	96	65	56	37	7	29
Hired farm labor	farms..	56	9	8	7	13	6	13
	workers..	110	13	9	10	25	11	42
Less than 25 days	farms..	20	3	4	4	4	3	2
	workers..	30	4	5	(D)	7	4	(D)
25 to 149 days	farms..	24	5	3	3	5	2	6
	workers..	39	5	(D)	3	10	(D)	(D)

APPENDIX A.

General Explanation

DATA COLLECTION

Method of Enumeration

As in the previous censuses of the U.S. Virgin Islands, a direct enumeration procedure was used in the 2007 Census of Agriculture. Enumeration was based on a list of farm operators compiled by the U.S. Virgin Islands Department of Agriculture. This list was compiled with the help of the USDA Farm Services Agency located in St. Croix. The statistics in this report were collected from farm operators beginning in January of 2003.

Each enumerator was assigned a list of individuals or farm operations from a master enumeration list. The enumerators contacted persons or operations on their list and completed a census report form for all farm operations. If the person on the list was not operating a farm, the enumerator recorded whether the land had been sold or rented to someone else and was still being used for agriculture. If land was sold or rented out, the enumerator got the name of the new operator and contacted that person to ensure that he or she was included in the census.

Training Program

The project manager, crew leaders, and enumerators employed for the census in the U.S. Virgin Islands received special training in accordance with instructions prepared by NASS. The training included practice in interviewing, filling out the report form, and detailed discussion of the enumerator's instructions.

Report Form

Prior to each agriculture census, the content of all census report forms is reviewed to eliminate inquiries no longer needed, to identify new items necessary to meet user needs, and to better describe the agricultural situation in the Islands. Data requests are solicited from farm organizations, land-grant colleges and universities, State and Federal agencies, State Departments of Agriculture, agribusinesses, and other users. Each respondent is asked to identify and justify its specific data needs.

The report form for the 2007 Census of Agriculture for the U.S. Virgin Islands was prepared by NASS, in cooperation with the Department Agriculture of the Virgin Islands. Based on discussions between NASS and the Virgin Islands Department Agriculture (which coordinated review of the report form by data users in the Virgin Islands), the content of the 2007 census report form remained basically unchanged from the previous census. The only change to the questionnaire was the addition of a section on the operation of bee colonies. This section collects information on the number of colonies owned at the end of the year, the number of colonies sold during the year, and the pounds of honey collected during the year.

DATA PROCESSING

The processing of the 2007 Census of Agriculture for the U.S. Virgin Islands was done in St. Croix. Each report form was reviewed and coded prior to data keying. Report forms not meeting the census farm definition were voided. The remaining report forms were examined for clarity and completeness. Reporting errors in units of measures, illegible entries, and misplaced entries were corrected.

After all the report forms had been reviewed and coded, the data were keyed and subjected to a thorough computer edit. The edit performed comprehensive checks for consistency and reasonableness, corrected erroneous or inconsistent data, supplied missing data based on similar farms, and assigned farm classification codes necessary for tabulating the data. All substantial changes to the data generated by the computer edits were reviewed and verified by analysts. Inconsistencies identified, but not corrected by the computer, were reviewed, corrected, and keyed to a correction file. The corrected data were then tabulated by the computer and reviewed by analysts.

Prior to publication, tabulated totals were reviewed by analysts to identify inconsistencies and potential coverage problems. Comparisons were made with previous census data, as well as other available data. The computer system provided the capability to review up-to-date tallies of all selected data items for various sets of criteria which included, but were not limited to, geographic levels, farm types, and sales levels. Data were examined for each set of criteria and any inconsistencies or potential problems were then researched by examining individual data records contributing to the tabulated total. When necessary, data inconsistencies were resolved by making corrections to individual data records.

DEFINITIONS AND EXPLANATION

The following definitions and explanations relate to items that are in the tables. For an exact wording of the questions and instructions on the report form, see the report form in appendix B.

Crops. The report form contained individual inquiries for crops commonly grown and space to write in those less frequently produced. The information requested in 2007 included acres of crops harvested and pounds harvested for sale from January 1 through December 31, 2007.

The units of measure for reporting quantities of some crops have varied from one census to another. The aim has been to permit reporting in the units of measure currently in use. The quantities harvested for each crop are expressed in the units of measure given on the 2007 report form.

Field or forage crops. The land area from which individual crops were harvested for sale was obtained for field and forage crops in acres and 10th of acres. When two or more crops were harvested from the same land, the area was to be reported for each separate crop or planting. Total quantities of each crop harvested for sale were also reported.

Vegetables. Land area for individual crops, and the quantity harvested for sale for each crop were collected.

Fruits, nuts, or nursery crops. The total number of acres planted in bearing and nonbearing fruit and nut trees was collected. For individual fruit or nut crops, data on the number of bearing and nonbearing trees, and the quantity harvested for sale, were reported. For nursery crops, the land area harvested, both square feet under cover and acres in the open, was collected, along with the value of sales.

Equipment. The following types of equipment on the place at time of enumeration regardless of ownership, were reported if they were operable:

Automobiles.

Motortrucks. This includes pickup trucks and truck- trailer combinations.

Tractors. This includes all wheel and tracklaying (crawler) tractors and garden tractors.

Expenses. The 2007 report form contained questions on seven types of farm expenses incurred between January 1 and December 31, 2007, whether made by the farm operator, his/her landlord, or both. A farm operator who rented part of his/her land to others reported only the expenses on the land he/she operated.

Hired farm labor. Expenses for hired farm labor include total cash payments made to family members and others for farm labor. Payments to persons supplied by a contractor or a cooperative organization and paid directly by them or by the person in charge are also included.

Machine hire and customwork. Expenses for machine hire and customwork relate to tractor hire, plowing, and spraying. Any amount spent for the labor involved is considered to be part of the expense. The costs of hauling, trucking, or of exchange work without pay are omitted.

Purchases of feed. Expenses for feed for livestock and poultry include total cash payments made for pasture used, salt concentrates, mineral supplements, grain, hay, millfeeds, and any other items purchased for feeding livestock and poultry on the place. Expenses made for the grinding and mixing of feed and the estimated cost of items furnished to the operator by a landlord or others are also included. Payments made by a tenant to a landlord for feed grown on the tenant's farm are excluded.

Purchases of fertilizers and manure. These expenses include the total amount spent for manure and commercial fertilizers of all kinds for use on the farm.

Purchases of insecticides, fungicides, and herbicides. This item relates to total cash expenses for all chemicals, sprays, dusts, etc., used to control weeds, pests, insects, or disease on crops and livestock.

Purchases of livestock and poultry. This item includes all cash expenses for livestock and poultry purchased for the place. The cost of livestock and poultry bought and resold within 30 days is not included.

Seed cost. These expenses include all seed purchased for planting, as well as seedlings.

Farm operator. The term "operator" designates a person who operates a farm, either by doing the work himself/herself or by directly supervising the work. The operator may be the owner, a member of the owner's household, a hired manager, or a tenant, renter, or sharecropper. If the operator rents land to others or has land worked on shares by others, he/she is considered the operator only if the land is retained for his/her own operation. In the case of partnership, only one partner is counted as an operator. By definition, the number of operators is the same as the number of farms.

Farms or operators reporting. Figures for "farms reporting" or "operators reporting" represent the number of farms, or operators reporting the specified item. The difference between the total number of farms and the number of farms reporting a particular item represents the number of farms not having that item.

Land in farms. The land in farms was determined from the answers to questions 1 through 4 in section 1 of the report form (see appendix B). The amounts of land reported as owned and reported as rented from others were added together, and the amount of land reported as rented to others was subtracted from that sum. The result represents "land in farms."

Land owned. This includes all land that the operator or his/her spouse held under title, purchased contract, homestead law, or as heir or trustee of an undivided estate at the time of enumeration.

Land rented from others. This includes not only land the operator rented or leased from others, but also land worked on shares for others or land occupied rent free.

Land rented to others. This includes all land that the operator rented to others and all land assigned to others on shares or rent free. For the most part, land rented to others represents agricultural land, but it also includes land rented for residential or other purposes. The tenant is considered to be the operator of land leased, rented, or worked on shares, even though his/her landlord may supervise the operations. The landlord is considered to be the operator of only that portion of the land not assigned to tenants.

Land use. Land in farms at the time of enumeration is categorized according to the way it was used during the 12-month period between January 1 and December 31, 2007. The land is counted only once, even though it may have had more than one use during the year.

Cropland harvested. This refers to all land from which any crop was harvested. It also includes land in field crops that were grazed when mature or almost mature, and land in nonbearing fruit or nut trees and plants. Land from which two or more crops were harvested and which was also used for other purposes, either before or after the crops were harvested, was to be reported as cropland harvested without regard to the other uses.

Other cropland. This includes all cropland on the place that was used for pasture, and cropland on the place that was not used for crops or pasture. It includes land on which there was total crop failure due to hurricane, flood, drought, insects, fire, or other causes; cropland lying idle; and cropland planted with soil improvement grasses, or other cover crops planted for improvement. It does not include land so hilly, rocky, or wet that the cost of improving it for cultivation would be more than the operator could pay. Nor does it include land in roads, streams, or swamps.

Pasture or grazing land. This refers to all land used for pasture or grazing, except cropland. It includes all woodland where livestock pastured or grazed. It does not include cropland, even though cattle or other livestock may have been grazed on it.

Woodland. This includes all land that is covered in woods or forests. It does not include woodland pasture.

Other land. This refers to all land not included in the other land use classifications, such as house and other building lots, lanes, roads, ditches, and land area of ponds and wasteland.

Livestock and poultry. Inventory data for livestock and poultry relate to the number on hand at the time of enumeration. All livestock and poultry were to be enumerated on the place where they were at the time of enumeration regardless of who owned them. Livestock on unfenced land were to be reported as being on the place identified as the headquarters of the person who had control over them.

Operator characteristics. Data were obtained to classify the operators according to the following five characteristics:

Age of operator. Operators were classified by age into six groups. The average age was obtained by dividing the sum of the ages of all operators reporting by the number reporting.

Main occupation. If the operator devoted 50 percent or more of his/her work time to agricultural activities, his/her main occupation was considered to be agriculture, otherwise his/her occupation was considered to be nonagricultural.

Residence of operator. Operators were classified by residence according to whether or not they lived on the farms operated. Where all the land was rented from others or worked on shares for others, the dwelling was considered to be on the farm operated provided the dwelling he/she occupied was included in the rental agreement. In such cases, the dwelling was not necessarily on the land being operated. Similarly, an operator who did not live on the land being cultivated or grazed, but who had some agricultural operations (other than a home garden) at his/her dwelling, was considered to be living on the farm.

Work off farm. The extent to which operators rely on nonfarm sources for part of their income is indicated by the number of days worked off the farm during the year. Work off the farm was defined to include work on someone else's farm for pay as well as all types of nonfarm jobs, businesses, and professions whether the work was done on the farm premises or elsewhere. Exchange work was not included.

Years on present farm. Operators were classified by years on present farm into four groups. These data were based on the question asking the year the operator began operation of the present farm or any part of it.

Value of products sold. Data for value of products sold were obtained for each group of crops or main type of livestock sold from the farm. Data were obtained for sales of field and forage crops, vegetables, fruits and nuts, nursery crops, poultry and poultry products, cattle and calves, hogs and pigs, fish and other aquaculture products, and other livestock and livestock products. Value of sales was also collected for chicken eggs and milk.

FARM CLASSIFICATIONS

Farms by age of operator. Enumerators entered the operator's age, as of his/her last birthday, on the report form. The computer edit classified the operator's age into one of the following age groups:

Under 35 years
35 to 44 years

45 to 54 years
55 to 64 years

65 years and over

Farms by size. Farms were classified by size on the basis of the total land area established in each farm. According to the census definition, a farm is essentially an operating unit, not an ownership tract. All land operated or managed by one person or partnership represents one farm. In the case of tenants, the land assigned to each tenant is considered a separate farm, even though the landlord may consider the entire landholding to be one unit rather than several separate units.

Farms by tenure of operator. In the 2007 census, farms were classified by tenure of operator on the basis of data reported for land owned, rented from others, worked on shares for others, and managed for others. The same classification has been used since 1964. During the processing operations, each report form was coded to indicate whether the operator was a full owner, part owner, or tenant.

Full owners. Operate only land they own

Part owners. Operate land they own and also land they rent from others

Tenants. Operate only land they rent from others or operate on shares for others

Farms by value of agricultural products sold. The farms were classified on the basis of the total value of agricultural products sold. The total was obtained by adding the reported values of all products sold from the farm. The value of livestock, milk, poultry and eggs, fish, vegetables, fruits and nuts, all field crops, ornamental plants, and all other crops was obtained from the operator at the time of enumeration. The computer edit classified the value of agricultural products sold into one of the following groups:

\$500 to \$1,199	\$2,500 to \$4,999	\$7,500 to \$9,999
\$1,200 to \$2,499	\$5,000 to \$7,499	\$10,000 or more

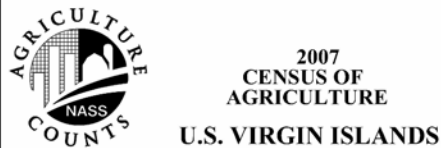

RELIABILITY OF DATA

All data compiled in this report originated from a complete enumeration and, therefore, are not subject to sampling variability. However, the data are subject to nonsampling errors. Nonsampling errors can be attributed to many sources: inability to identify all cases in the actual universe; inability or unwillingness on the part of respondents to provide correct information; definition and classification difficulties; differences in the interpretation of questions; errors in recording or coding the data obtained; and other errors of collection, response, coverage, and estimation for missing or misreported data.

The accuracy of these tabulated data is determined by the joint effects of the various nonsampling errors. No direct measures of these effects have been obtained; however, precautionary steps were taken in all phases of data collection, processing, and tabulation of the data in an effort to minimize the effects of nonsampling errors.

APPENDIX B. - REPORT FORM

OMB No. 0535-0226 Approval Expires - 07/31/2009

RESPONSE BURDEN - We estimate that it will take from 20 to 40 minutes to complete this report, with 30 minutes being the average time.

SECTION 1 LAND IN AGRICULTURE

	None	Whole acres	Tenths
1. How many acres do you own? (If you own more than one tract of land, include all land in the Virgin Islands)	<input type="checkbox"/>	040	/10
2. How many acres do you RENT FROM OTHERS? (Include acres worked on shares.)	<input type="checkbox"/>	042	/10
3. How many acres do you rent TO OTHERS?	<input type="checkbox"/>	044	/10
4. TOTAL ACRES IN "THIS PLACE" - ADD acres owned (question 1) and acres rented FROM OTHERS (question 2), then SUBTRACT acres rented TO OTHERS (question 3) and enter the result in this space.		045	/10

5. How many unpaid and paid farm hands (including the operator and family members) worked on this place in 2007?

Total farm hands		
051		

	150 days or more?	25 to 149 days?	Less than 25 days?
a. Of the unpaid farm hands (including the operator and unpaid family workers), how many worked -	052	053	054
b. Of the paid farm hands (hired workers and paid members of the operator's family), how many worked -	055	056	057

6. What type of operating organization does this place have?

058 { 1 Individual
2 Partnership
3 Corporation (DO NOT include cooperatives)
4 Other (Cooperative, estate, trust, etc.)

SECTION 2 Did you harvest any FIELD or FORAGE CROPS FOR SALE in 2007?

002 1 YES - Complete this section 2 NO - Go to section 3

	None	How many acres were harvested in 2007?		How many pounds were harvested in 2007?
		Whole acres	Tenths	
1. Cassava (tapioca)	<input type="checkbox"/>	070	/10	071
2. Dry beans	<input type="checkbox"/>	072	/10	073
3. Dry corn	<input type="checkbox"/>	074	/10	075
4. Hay (cut or grazed)	<input type="checkbox"/>	080	/10	081
5. Sorghum (cut or grazed)	<input type="checkbox"/>	082	/10	083
6. Sugarcane (cut or grazed)	<input type="checkbox"/>	084	/10	085
7. Sweetpotatoes	<input type="checkbox"/>	086	/10	087
8. Taniers	<input type="checkbox"/>	088	/10	089
9. Yams	<input type="checkbox"/>	092	/10	093
10. Other field crops - Specify	<input type="checkbox"/>	094	/10	095

PENALTY FOR FAILURE TO REPORT

CONTINUE ON PAGE 2

SECTION 3 Did you harvest any VEGETABLES FOR SALE in 2007?

003 1 YES - Complete this section 2 NO - Go to section 4

	None	How many acres were harvested in 2007?		How many pounds were harvested in 2007?
		Whole acres	Tenths	
1. Cabbage	<input type="checkbox"/>	110	/10	111
2. Carrots	<input type="checkbox"/>	114	/10	115
3. Celery	<input type="checkbox"/>	116	/10	117
4. Cucumbers	<input type="checkbox"/>	120	/10	121
5. Eggplant	<input type="checkbox"/>	122	/10	123
6. Green beans	<input type="checkbox"/>	124	/10	125
7. Lettuce	<input type="checkbox"/>	126	/10	127
8. Okra	<input type="checkbox"/>	130	/10	131
9. Onions	<input type="checkbox"/>	132	/10	133
10. Peppers	<input type="checkbox"/>	136	/10	137
11. Spinach	<input type="checkbox"/>	142	/10	143
12. Squash	<input type="checkbox"/>	144	/10	145
13. Tomatoes (Include both standard and cherry tomatoes)	<input type="checkbox"/>	146	/10	147
14. Other vegetables - Specify _____	<input type="checkbox"/>	150	/10	151

SECTION 4 Were any FRUITS, NUTS, or NURSERY CROPS grown or harvested FOR SALE in 2007?

004 1 YES - Complete this section 2 NO - Go to section 5

	None	Whole acres	Tenths
How much land is in bearing and nonbearing fruit and nut trees (plants)?		158	/10

	None	How many trees or plants are not of bearing age?	How many trees or plants are of bearing age?	How many pounds were harvested in 2007?
1. Avocados	<input type="checkbox"/>	160	161	162
2. Bananas	<input type="checkbox"/>	163	164	165
3. Breadfruits	<input type="checkbox"/>	168	170	171
4. Coconuts	<input type="checkbox"/>	172	173	174
5. Grapefruit	<input type="checkbox"/>	175	176	177
6. Limes and lemons	<input type="checkbox"/>	181	182	183
7. Mangoes	<input type="checkbox"/>	184	185	186
8. Oranges	<input type="checkbox"/>	187	188	189
9. Papayas	<input type="checkbox"/>	190	191	192
10. Pineapples	<input type="checkbox"/>	193	194	195
11. Plantains	<input type="checkbox"/>	196	197	198
12. Other fruits, nuts, and tree crops - Specify _____	<input type="checkbox"/>	211	212	213

	None	Square feet under cover	Acres in the open		Value of sales in 2007
			Whole acres	Tenths	
13. Nursery crops (including ornamental plants)	<input type="checkbox"/>	218	219	/10	220 \$.00

SECTION 5 LAND USE - Land is to be reported in ONLY ONE CATEGORY. If two or more uses were made of the same land, report in the FIRST category that applies.

	None	Acres	Tenths
1. Cropland harvested - Report the number of acres on which crops were grown and harvested	<input type="checkbox"/>	231	/10
2. Other cropland - Include cropland pasture, crop failure, idle and fallow cropland, and cropland used for soil improvement	<input type="checkbox"/>	232	/10
3. Pasture or grazing land - Include woodland pasture. (DO NOT include cropland pasture.)	<input type="checkbox"/>	233	/10
4. Woodland (DO NOT include woodland pasture.)	<input type="checkbox"/>	234	/10
5. All other land - Include house lots, barn lots, lanes, roads, ditches, ponds, wasteland, etc.	<input type="checkbox"/>	235	/10
6. TOTAL LAND - Add entries in questions 1 through 5. This total should equal the entry in section 1, question 4	<input type="checkbox"/>	236	/10

SECTION 6 Was Any LAND in this place IRRIGATED at any time during 2007? Irrigated land is all land watered by any artificial or controlled means: sprinklers, furrows or ditches, spreader dikes, etc. Include supplemental, partial, and pre-plant irrigation.

006 1 YES - Complete this section NO -Go to section 7

Acres	Tenths
240	/10
241	/10

- How many acres were irrigated from a PRIVATE SYSTEM (wells, rivers, brooks, etc.)? ..
- How many acres were irrigated from a PUBLIC SYSTEM? ..

3. Major source of water used for irrigation:
 247 1 Well or cistern 3 Lake or private pond 5 Public utility
 2 River or stream 4 Canal or irrigation district 6 Other -Specify

SECTION 7 Did this operation own any COLONIES OF BEES in 2007, regardless of location?

007 1 YES -Complete this section 2 NO -Go to section 8

Number owned on December 31, 2007	Number of colonies sold in 2007	Honey collected in 2007 (pounds)
248	249	250

Colonies of bees owned

SECTION 8 Do you or anyone else have any LIVESTOCK (excluding poultry and fish) on this place or were any sold from this place in 2007?

007 1 YES - Complete this section 2 NO - Go to section 8

How many are on this place today?	How many were sold in 2007?
252	253
254	255
256	257
258	259
260	261
266	267
268	269
270	271
272	273
274	275
276	277
278	279

- Cattle and calves of all ages (Total of "a", "b", "c", and "d" below) None

Are on this place today?	Were sold in 2007?
254	255
256	257
258	259
260	261

Of the total, how many -

- Cows, including heifers that have calved
- Heifers and heifer calves 1 year old and older
- Bulls, bull calves, steers, and steer calves
- Calves less than 1 year old

- Total hogs and pigs of all ages (Total of "a" and "b" below) None

Are on this place today?	Were sold in 2007?
268	269
270	271

Of the total, how many -

- Pigs less than 8 months old
- Hogs and pigs 8 months old or older

- Sheep and lambs of all ages
- Goats and kids of all ages
- Horses, mules, and colts of all ages
- Other livestock (mules, asses, burros, etc.) Specify

Quarts sold	Gross value of sales
280	281 \$.00

7. Quantity and value of milk sold in 2007

SECTION 9 Do you or anyone else have any POULTRY on this place or were any sold from this place in 2007?

008 1 YES - Complete this section 2 NO - Go to section 9

How many are on this place today?	How many were sold in 2007?
280	281
288	
310	311
312	313 \$.00

- Chickens (hens, pullets,roosters, broilers, etc.) None

Are on this place today?
288

- How many 5 months old or older

- Turkeys, ducks, geese, and other poultry

Dozens sold	Gross value of sales
312	313 \$.00

3. Quantity and value of chicken eggs sold in 2007

SECTION 10 Did you or anyone else raise any FISH or AQUACULTURE PRODUCTS (shrimp, etc.) for sale on this place in 2007?

009 1 YES - Complete this section 2 NO - Go to section 10

Number
320
321

- How many in-ground ponds did you use?
- How many above-ground tanks did you use?

Pounds sold	Gross value of sales
322	323 \$.00

3. How much FISH or other AQUACULTURE PRODUCT was raised and sold from this place in 2007?

SECTION 11		What was the MARKET VALUE of the following AGRICULTURAL PRODUCTS SOLD from this place in 2007, before taxes and expenses?	None	Dollars only
1.	Field and forage crops		<input type="checkbox"/>	330 \$.00
2.	Vegetables		<input type="checkbox"/>	331 \$.00
3.	Fruits and nuts		<input type="checkbox"/>	332 \$.00
4.	Nursery crops, including ornamental plants		<input type="checkbox"/>	333 \$.00
5.	Cattle and calves		<input type="checkbox"/>	334 \$.00
6.	Hogs and pigs		<input type="checkbox"/>	335 \$.00
7.	Poultry and poultry products, except chicken eggs - include chickens, roosters, pullets, ducks, pigeons, etc.		<input type="checkbox"/>	336 \$.00
8.	Other livestock and livestock products - goats, horses, mules, goats' milk, etc. Specify _____		<input type="checkbox"/>	338 \$.00

SECTION 12		How much were your EXPENDITURES for each of the following in 2007?	None	Dollars only
1.	Machine hire and customwork		<input type="checkbox"/>	341 \$.00
2.	Wages and salaries paid to employees or hired farm workers (DO NOT include housework or contract construction work.) Include cash payments only		<input type="checkbox"/>	342 \$.00
3.	Feed purchased for livestock, poultry, and fish - Include cost of grain, feed, concentrates, and roughages; also amount paid for grinding and mixing feed.		<input type="checkbox"/>	343 \$.00
4.	Insecticides, fungicides, and herbicides purchased		<input type="checkbox"/>	344 \$.00
5.	Fertilizers and manure purchased		<input type="checkbox"/>	345 \$.00
6.	Livestock, poultry, and fish purchased		<input type="checkbox"/>	346 \$.00
7.	Seed cost - Include seedlings purchased		<input type="checkbox"/>	347 \$.00

SECTION 13		Which of the following EQUIPMENT are used on this place? Include all specified equipment on this place today, regardless of ownership, provided it is in operating condition.	None	Number
1.	Tractors of all kinds		<input type="checkbox"/>	350
2.	Motortrucks		<input type="checkbox"/>	351
3.	Automobiles		<input type="checkbox"/>	352

SECTION 14		The following questions are about the CHARACTERISTICS of the FARM OPERATOR.			
1.	Do you (operator) live on this place (the acres entered in section 1, question 4)?	360	1 <input type="checkbox"/> Yes	2 <input type="checkbox"/> No	
2.	In what YEAR did you (operator) begin to operate any part of this place?	361	_____ Year		
3.	How old were you (operator) on your last birthday?	362	_____ Age		
4.	What is your (operator's) main occupation?	363	1 <input type="checkbox"/> Farming or ranching 2 <input type="checkbox"/> Other		
5.	OFF-FARM WORK - How many days did you (operator) work at least 4 hours per day off this place in 2007? Include work at a nonfarm job, business, or on someone else's farm. (Exclude exchange farm work.)	364	1 <input type="checkbox"/> None 2 <input type="checkbox"/> 1 - 49 days 3 <input type="checkbox"/> 50 - 99 days	4 <input type="checkbox"/> 100 - 149 days 5 <input type="checkbox"/> 150 - 199 days 6 <input type="checkbox"/> 200 days or more	

SECTION 15		ENUMERATOR'S RECORD (To be completed by the census enumerator)	
1.	Who furnished the information in this report?	370	1 <input type="checkbox"/> Operator 2 <input type="checkbox"/> Landlord 3 <input type="checkbox"/> Spouse or other family member 4 <input type="checkbox"/> Hired laborer 5 <input type="checkbox"/> Other - Specify _____
2.	REMARKS - Make any remarks needed in regard to the place, the owner or operator, the crops cultivated, or the livestock on this place.		
3.	LOCATION OF LAND	a. Island	b. Quarter or city
4.	CERTIFIED BY	Enumerator's signature	Date / / 08
5.	CHECKED BY	Supervisor's signature	Date / / 08
