INSTRUCTIONS

a. Granting of Authorization. Upon notification of a successful test, the FGIS field office shall prepare and issue (or finalize) the Form FGIS-980, "Authorization to Use Mechanical Sampler for Sampling".

Fill in the header information:

The name of the facility, city and state where the facility is located.

The name of the sampler manufacturer, model name or number and the serial number.

The name of the secondary sampler (divider) manufacturer, model name or number and the serial number.

Insert a check mark on the appropriate commodity to be sampled.

The agreement shall be signed by the parties indicated for each signature line.

- (1) The authorization is an agreement among representatives of the facility where the sampling system is installed, the testing office, the FGIS field office and any other persons or firms that may be directly involved.
- (2) The agreement says that the sampler shall be installed, serviced, operated, and maintained following existing regulations.
- b. Distribution of Form FGIS-980.
- (1) The FGIS field office will distribute copies of the Form FGIS-980 to each person who has signed the authorization. A certificate is not issued for the authorization of a sampling system.
