

1. Prerequisites Checklist

Before submitting a proposal, please read and perform each checklist item.

Important: You must agree to have performed each checklist item to continue.

2. Enter Your Proposal Information

3. Review and Submit Your Proposal

1. I have read the [research proposal guidelines](#)
2. I have corresponded with an [RDC administrator](#) about my prospective project
3. I understand that the predominant purpose of this project must benefit the Census Bureau data programs
4. I understand that there are usually lab fees for using an RDC
5. I understand that work is performed in a restricted access environment and only cleared results are allowed to leave the RDC
6. I Understand that the approval process may take a considerable amount of time, for example, if review by other agencies or data owners is required or if data availability issues exist

Project Type: Internal Subtask Internal Project External Project
