Screener: Informal Family Caregivers

Target Population:

Group A – Care for someone who has had a hospital stay within the past 6 months

Group B – Care for someone who anticipates a hospital stay within the past 6 months

Recruitment Criteria:

- All participants should regularly use the Internet (at least four times per week)
- Exclude individuals who currently work or previously worked in the health care industry
 or who have an immediate family member who is currently working in the health care
 industry.
- Exclude individuals who are current or former employees of the Social Security Administration or the Department of Health and Human Services or one of its related agencies (such as the Centers for Medicare & Medicaid Services, the Health Care Financing Administration, the Agency for Healthcare Research and Quality, the Centers for Disease Control, the Food and Drug Administration).
- Exclude individuals who have participated in a health or health insurance related IDI or focus group within the past year and/or who have participated in an IDI or focus group within the past 6 months.

Recruitment Mix:

- Recruit approximately 50% female and 50% male
- Recruit a mix of race/ethnicity (Caucasian vs. Non-Caucasian)
- Recruit a mix of ages, between 18 and 70.
- Recruit a mix of education level (less than high school, high school graduate/GED, some college, college graduate, post graduate). No more than 6 recruits of the 10 should have education higher than a high-school diploma. (i.e. Some College/Associates, Bachelors, or higher.)

INTRODUCTION

111	IRODUCTION
	ello, my name is from, a local research firm here in the area. We are working with L&M Policy Research on a project about health care.
	If needed: If recruit asks about L&M Policy Research, please say the following: "L&M Policy Research is a company with headquarters in Washington, D.C that conducts research on many different healthcare issues."
for Mo thi rec mi	n calling today about a project that we are doing about the quality of certain hospital services of the Centers for Medicare & Medicaid Services, the federal government agency that runs redicare. For this study we'd like your help figuring out the clearest way to tell people about s hospital information. If you are interested in helping with the project and you meet its quirements, we will invite you to come for an interview on [XX]. It would take about 90 nutes of your time, and we would pay you XX at the end of the interview. May I ask you a we questions to see if you qualify to participate? If yes, continue to #1. If no, thank and end.
	If needed: Since we need to include people who are a mix of different backgrounds and experiences, there are some requirements that I have to check on for all of the people that we bring in to participate. I need to ask you a few questions to see if you meet the requirements for participating in the discussion.
