

RECONCILIATION OF STATE INVOICE (ROSI) INSTRUCTIONS

The ROSI (Form CMS-304) is to be used only to respond to the state's invoice for current quarter utilization.

Labelers use the ROSI in the following instances:

- When disputing invoiced units.
- When the state invoice contains zero URAs.

Labelers must remit accurate rebate payments; therefore, the current URA must be applied to the units being paid. Labelers use the ROSI to report the correct URA to the state within 30 days of receiving the state's current quarter invoice. In addition, labelers should send any pricing corrections to CMS.

Labelers may submit the ROSI in hard copy form or electronically. However, if a state cannot accept an electronic ROSI, we expect the labeler to submit it in a hard copy format.

The adjustment and dispute codes found in Appendix C are used for both the ROSI and the PQAS. We expect labelers to select at least one adjustment or dispute code per NDC, and labelers may use several if necessary. Some codes may be appropriate for either situation. In addition, some codes require supporting documentation; however, supporting documentation can always be submitted, even for those instances where it is not specifically mentioned.
