

FOREIGN MISSION EMERGENCY AFTER-HOURS CONTACT

Emergency management is a discipline that involves preparing for a disaster before it occurs, responding to it (*i.e., emergency evacuation*), and assisting after the disaster has occurred. For prompt contact with embassies and consulates to ensure the Department of State can deliver information and guidance in the event of an emergency, the Office of Foreign Missions is requesting afterhours emergency contact information of the senior officials for all diplomatic and consular missions in the United States. All information is treated as sensitive and will be shared only with agencies assigned to assist during a crisis situation. To that end, the Department would appreciate the following information:
