### Welcome to the TWIC™ Web Site

In this time of heightened security, all transportation workers need to become informed about the Transportation Worker Identification Credential (TWIC™). You will need a TWIC™ to gain unescorted access to secure areas of Maritime Transportation Security Act (MTSA) regulated facilities and vessels.

Here you can learn about the TWIC™ program and how to:

- [Apply for a TWIC™](#)
- Find an enrollment center
- Schedule an appointment
- Pre-enroll

To pre-enroll you must first [Register](#) for an ID.

If you have already registered for your ID click here to [login](#).

The TWIC™ FAQs page provides answers to many of your questions.

TWIC™ is an important part of the Transportation Security Administration's efforts to improve security in the Nation's transportation system. We appreciate your cooperation in helping to make America a safer place to work and live.

**Learn About TWIC™**

The Transportation Worker Identification Credential (TWIC™) program is a Transportation Security Administration and U.S. Coast Guard initiative. The TWIC™ program provides a tamper-resistant biometric credential to maritime workers requiring unescorted access to secure areas of port facilities, outer continental shelf facilities, and vessels regulated under the Maritime Transportation Security Act, or MTSA, and all U.S. Coast Guard credentialed merchant mariners. An estimated 750,000 individuals will require TWIC™ s. Enrollment and issuance will take place over an 18 month period. To obtain a TWIC™, an individual must provide biographic and biometric information such as fingerprints, sit for a digital photograph and successfully pass a security threat assessment conducted by TSA.

While TWIC™ may be implemented across other transportation modes in the future, the TWIC™ Final Rule, published in the Federal Register January 25, 2007, sets forth regulatory requirements to implement this program in the maritime mode first.

The program's goals are:

- Positively identify authorized individuals who require unescorted access to secure areas of the nation's maritime transportation system;
- Determine the eligibility of an individual to be authorized unescorted access to secure areas of the maritime transportation system;
- Enhance security by ensuring that unauthorized individuals are denied unescorted access to secure areas of the nation's maritime transportation system; and,
- Identify individuals who fail to maintain their eligibility qualifications after being permitted unescorted access to secure areas of the nation's maritime transportation system and revoke the individual's permissions.

The TWIC™ Final Rule was posted on January 1, 2007, and reflects input obtained through four public meetings and over 1,900 comments from the maritime industry. This rule does not require maritime owners and operators to purchase or install card readers compatible with TWIC™ at this time.

Click [here](#) for more information about the TWIC™ program.

### Information For Individuals Applying For A Transportation Worker Identification Credential

The Transportation Security Administration (TSA) developed the Transportation Worker Identification Credential (TWIC™) Program in response to the Maritime Transportation Security Act of 2002 (MTSA). MTSA requires use of a biometric identification credential by individuals who require unescorted access to secure areas of maritime facilities and vessels. Before issuing a TWIC, TSA must conduct a security threat assessment on the TWIC™ applicant. An applicant who, as a result of the assessment, is determined to not pose a security threat, will be issued a TWIC.

Each applicant for a TWIC™ must provide biographic information, identity documents, biometric information (fingerprints), sit for a digital photograph, and pay the established TWIC™ fee. TSA will send pertinent parts of the enrollment record to the FBI, as well as within the Department of Homeland Security (DHS), so that appropriate terrorist threat, criminal history, and immigration checks can be performed. TSA will review the results of the checks to determine if the person poses a security threat, and will notify the applicant of the results. When TSA determines that an applicant qualifies to receive a TWIC, a credential will be produced and sent to the enrollment center at which the applicant applied. The applicant will return to the enrollment center for issuance and activation of the TWIC. Possession of a TWIC™ does not guarantee access to secure areas because the owner/operator controls which individuals are granted unescorted access to the facility or vessel. Rather, TWIC™ is a secure, verified credential that can be used in conjunction with the owner/operator's risk-based security program that is required in security regulations issued by the Coast Guard.

**PRIVACY ACT STATEMENT:**

**Authority:** The authority for collecting this information is 49 U.S.C. 114, 40113, and 49 U.S.C. 5103a.

**Purpose:** This information is needed to verify your identity and to conduct a security threat assessment to evaluate your eligibility for a Transportation Worker Identification Credential.

**Routine Uses:** Routine uses of this information include disclosure to the FBI to retrieve your criminal history record; to TSA contractors or other agents who are providing services relating to the security threat assessments; to appropriate governmental agencies for licensing, law enforcement, or security purposes, or in the interests of national security; and to foreign and international governmental authorities in accordance with law and international agreement.

**Disclosure:** Furnishing this information, including your SSN or alien registration number, is voluntary; however, failure to provide it will delay and may prevent completion of your security threat assessment.

TWIC Pre-Enrollment Screenshots

May 25, 2011

The screenshot shows a web browser window with the address bar containing "https://twicprogram.tsa.dhs.gov/ - Login Frequently Asked Questions - ...". The page content includes a "back to top" link, a section titled "Any tips on creating a password?" with introductory text, a table of password tips, and a list of ways to protect the password.

[back to top](#)

**Any tips on creating a password?**  
The following tips make it difficult for others to guess your password and help protect your account.

Tips
A password must be at least 8 characters in length.
Passwords must contain at least one of each of the following: one alphabetic uppercase, one alphabetic lowercase, one numeric, and one special character.
Passwords shall not contain any two identical consecutive characters.
Passwords shall not contain any dictionary word.
Passwords shall not contain any proper noun or the name of any person, pet, child, or fictional character. Passwords shall not contain any employee serial number, Social Security number, birth date, phone number, or any information that could be readily guessed about the creator of the password.
Don't use a password that contains part of your User ID.
Passwords shall not contain any simple pattern of letters or numbers, such as "qwerty" or "xyz123".
Passwords shall not be any word, noun, or name spelled backwards or appended with a single digit or with a two-digit "year" string, such as 98xyz123.

There are several ways to protect your password:

- **Make it memorable.** Pick something you'll remember and not easy for someone else to guess.
- **Change it periodically.** Make sure to change your password from time to time using the Change Password option. If you know or suspect your password is no longer private, immediately change your password. If you need assistance, or if any suspicious activity is suspected, contact the TWIC™ Help Desk immediately.

The screenshot shows a web browser window with the address bar displaying "https://twicprogram.tsa.dhs.gov/ - Login Frequently Asked Questions - ...". The main content area contains a list of password requirements in a table-like structure, followed by a section on how to protect passwords and a "back to top" link.

Passwords shall not contain any dictionary word.
Passwords shall not contain any proper noun or the name of any person, pet, child, or fictional character. Passwords shall not contain any employee serial number, Social Security number, birth date, phone number, or any information that could be readily guessed about the creator of the password.
Don't use a password that contains part of your User ID.
Passwords shall not contain any simple pattern of letters or numbers, such as "qwerty" or "xyz123".
Passwords shall not be any word, noun, or name spelled backwards or appended with a single digit or with a two-digit "year" string, such as 98xyz123.

There are several ways to protect your password:

- **Make it memorable.** Pick something you'll remember and not easy for someone else to guess.
- **Change it periodically.** Make sure to change your password from time to time using the Change Password option. If you know or suspect your password is no longer private, immediately change your password. If you need assistance, or if any suspicious activity is suspected, contact the TWIC™ Help Desk immediately.
- **Don't share it.** Keep your password private at all times, and never divulge your password to anyone including the help desk, network or system administrators, and management personnel.
- **Always sign off.** End your session by clicking the logoff button and then closing your browser window. This is very important if you're using a PC in public place.

**Documentation required when enrolling for a TWIC™**

**U. S. Citizens (or U.S. Nationals) born in the United States**

If you are a citizen of the United States (or its outlying possessions) and you were born inside the United States (or its outlying possessions), you must provide one document from column A or two documents from column B. If you present two documents from column B, at least one of them must be a government-issued photo ID, such as a state-issued driver's license, military ID card, or state identification card.

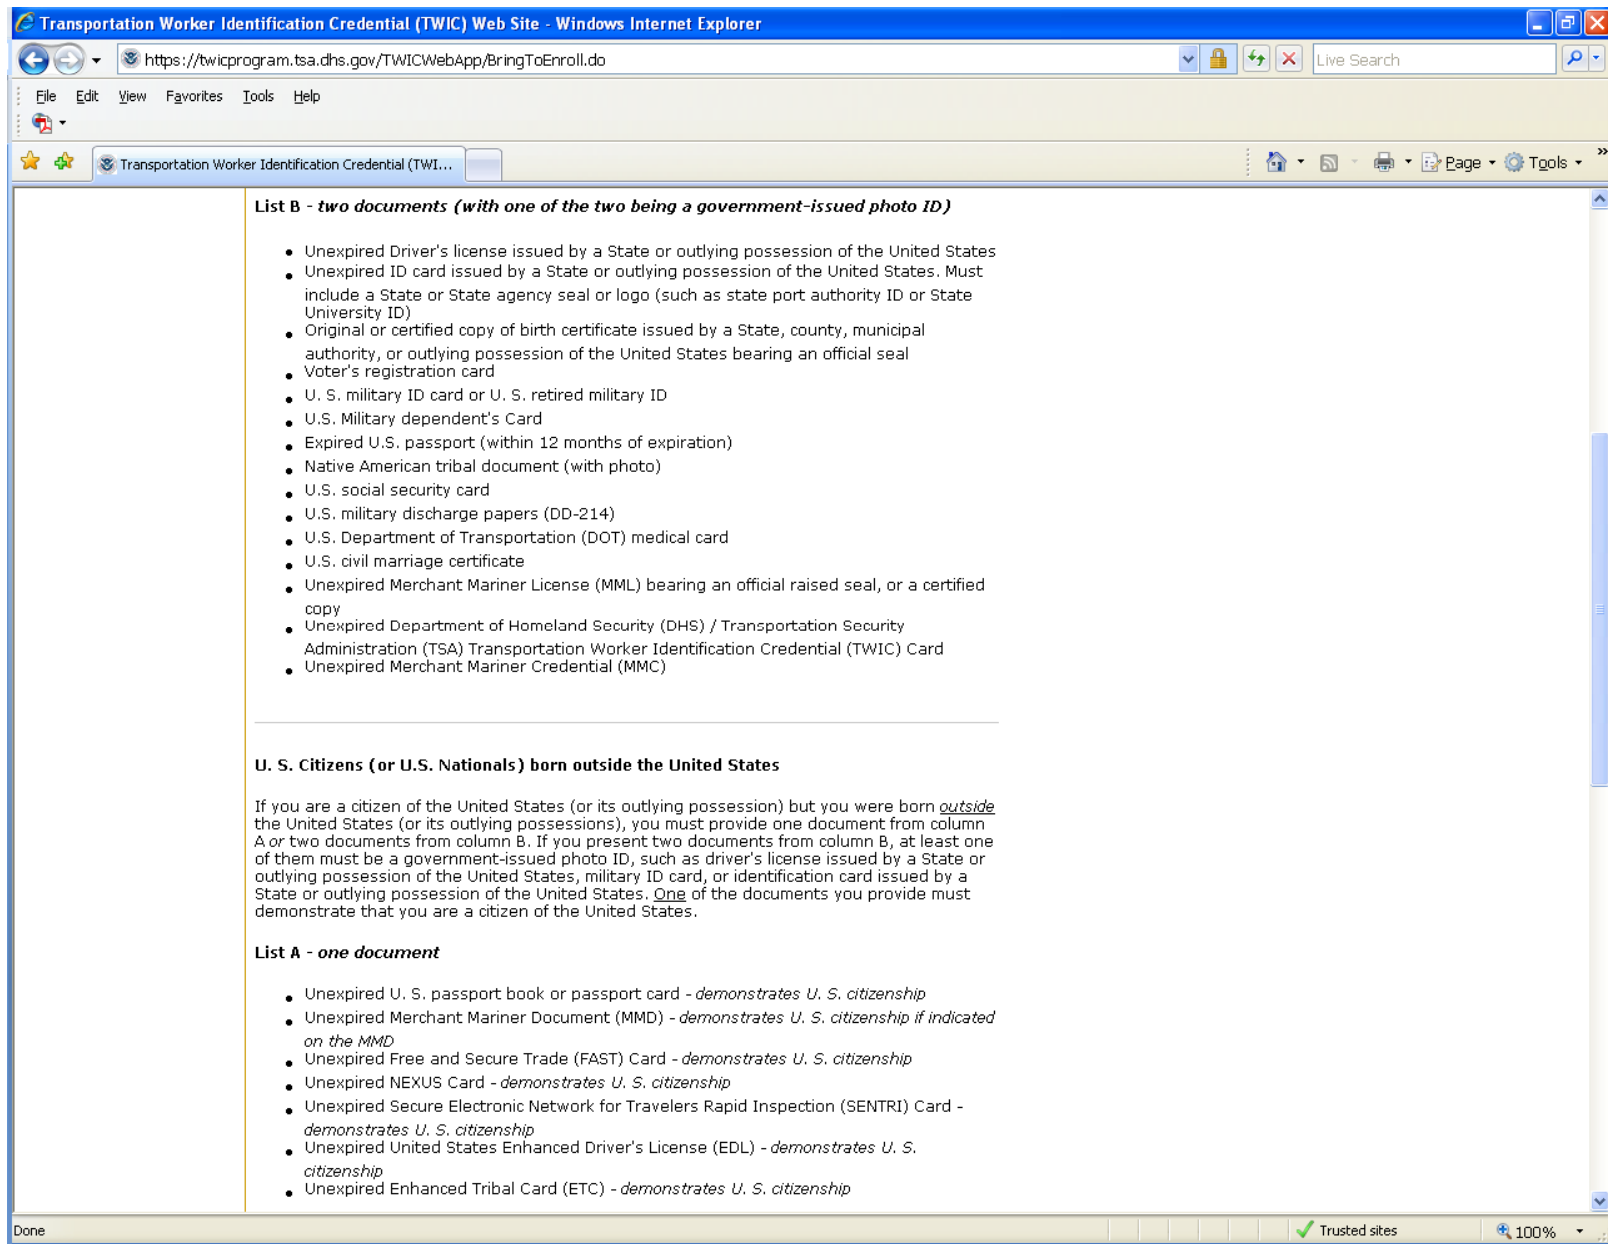

**List A - one document**

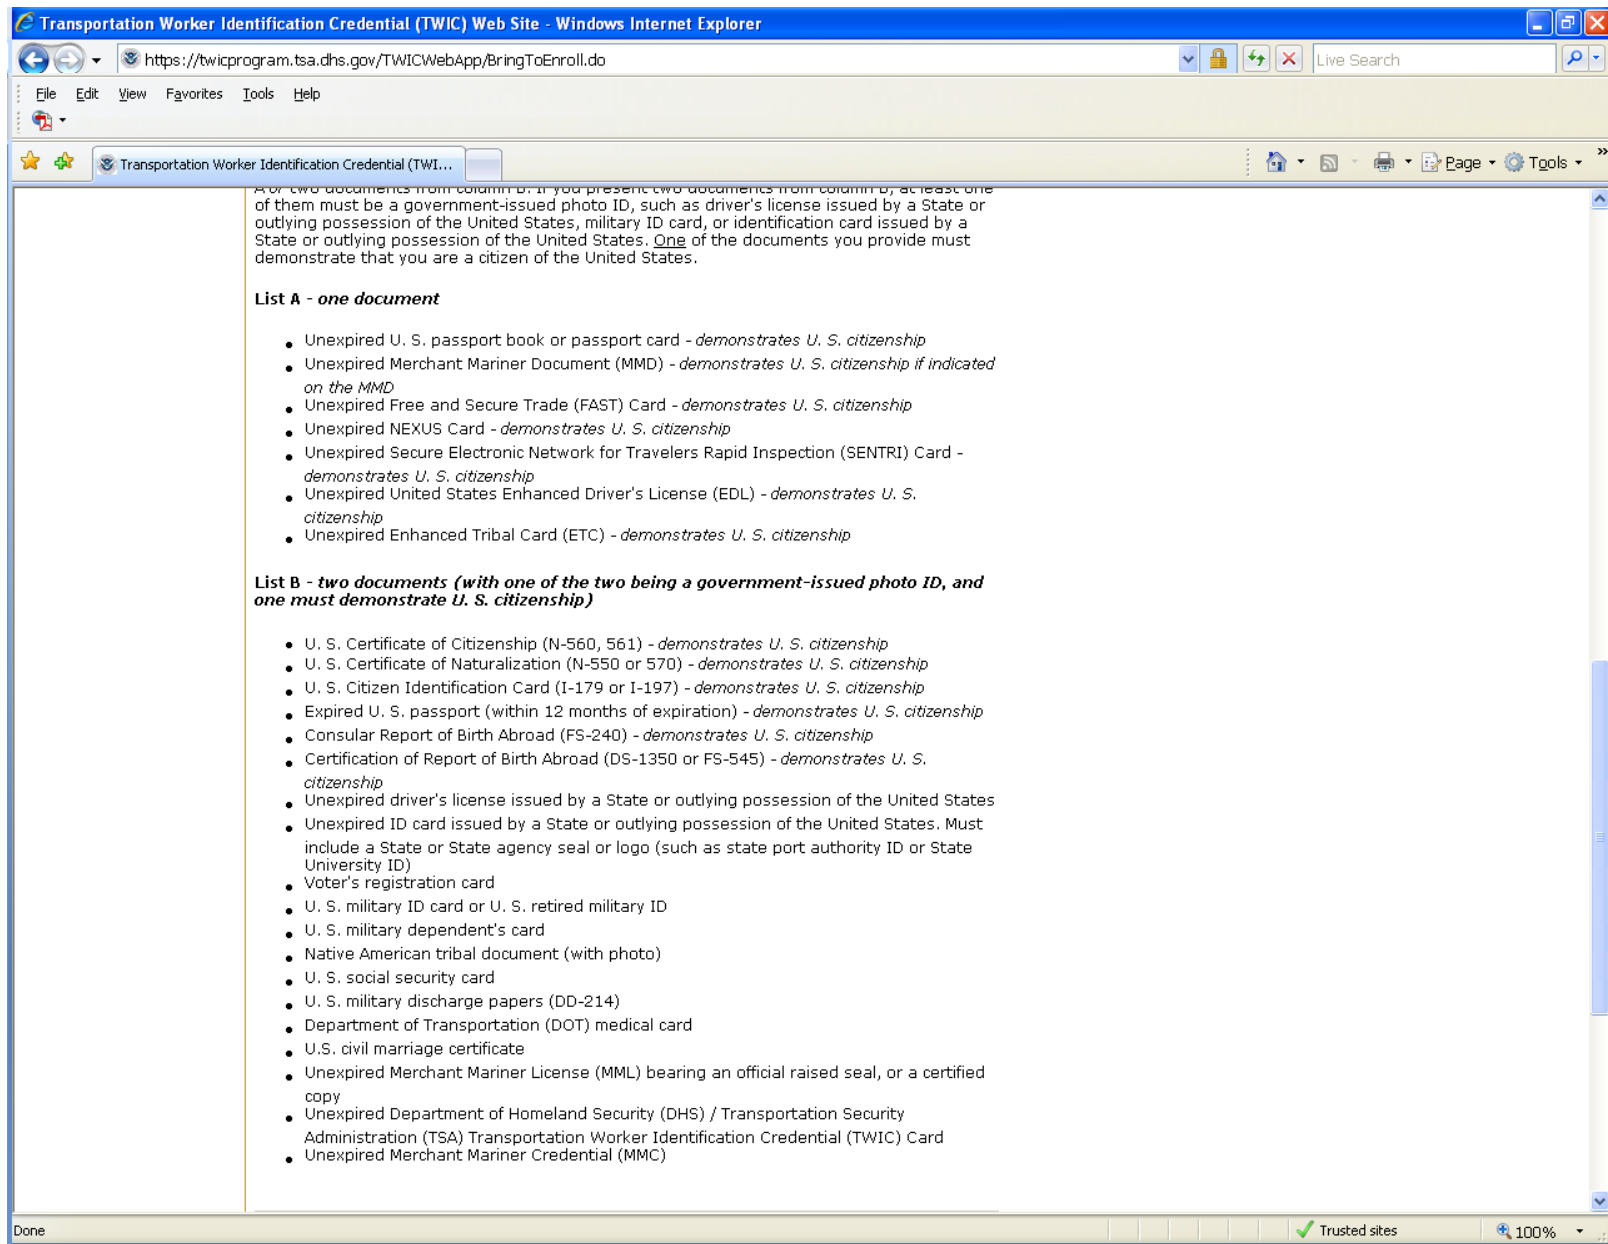

- Unexpired U. S. passport book or passport card
- Unexpired Merchant Mariner Document (MMD)
- Unexpired Free and Secure Trade (FAST) Card
- Unexpired NEXUS Card
- Unexpired Secure Electronic Network for Travelers Rapid Inspection (SENTRI) Card
- Unexpired United States Enhanced Driver's License (EDL)
- Unexpired Enhanced Tribal Card (ETC)

**List B - two documents (with one of the two being a government-issued photo ID)**

- Unexpired Driver's license issued by a State or outlying possession of the United States
- Unexpired ID card issued by a State or outlying possession of the United States. Must include a State or State agency seal or logo (such as state port authority ID or State University ID)
- Original or certified copy of birth certificate issued by a State, county, municipal authority, or outlying possession of the United States bearing an official seal
- Voter's registration card
- U. S. military ID card or U. S. retired military ID
- U.S. Military dependent's Card
- Expired U.S. passport (within 12 months of expiration)
- Native American tribal document (with photo)
- U.S. social security card
- U.S. military discharge papers (DD-214)
- U.S. Department of Transportation (DOT) medical card
- U.S. civil marriage certificate
