Public Reporting Burden for this collection of information is estimated to average .75 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number. This information is required by Section 9(a) of the U.S. Housing Act of 1937, as amended, and by 24 CFR Part 990 HUD regulations. HUD makes payments for the operation and maintenance of low-income housing projects to PHAs/projects. The Operating Fund determines the amount of operating subsidy to be paid to PHAs/projects. PHAs/projects provide information on the Project Expense Level (PEL), Utilities Expense Level (UEL), Other Formula Expenses (Add-ons) and Formula Income – the major Operating Fund components. HUD reviews the information to determine each PHA's/project's Formula Amount and the funds to be obligated for the Funding Period to each PHA/project based on the appropriation by Congress. HUD also uses the information as the basis for requesting annual appropriations from Congress. Responses to the collection of information are required to obtain a benefit. The information requested does not lend itself to confidentiality.

Instructions

This form is used by Public Housing Agencies (PHAs) to calculate eligibility for operating subsidy under the Operating Fund, in accordance with regulations at 24 CFR Part 990.

It is used for PHA-owned rental public housing developments and PHA units in mixed housing developments when operating subsidy is requested for such developments under the Operating Fund Program.

Unless directed otherwise, a PHA/project that is eligible to receive operating subsidy will send this form to its local HUD field office. This form must be submitted for each period in which operating subsidy is requested pursuant to 24 CFR 990.200. A separate form must be prepared for each project identified as such for the purpose of asset management under 24 CFR 990.265. A PHA that owns and operates fewer than 250 units and treats its entire portfolio as a single project under 24 CFR 990.260(b) shall prepare one form.

A Moving to Work (MTW) PHA with an agreement that uses an alternative Operating Fund formula will submit only one form for the PHA. Alternative formula MTWs will only complete Section 1; Section 2, ACC units; and Section 3, Part C, Line 1, Part C, Line 4, Part D, Line 1 and Part D, Line 3. Additionally, the PHA will submit any supporting documentation required by the MTW agreement and local HUD field office. MTW PHAs that do not use an alternative Operating Fund formula will complete all sections of this form.
