Routine Customer Feedback” (OMB Control Number: 2900-0770)**

TITLE OF INFORMATION COLLECTION:

Psychiatric Patient Satisfaction Survey

PURPOSE:

The American Board of Psychiatry and Neurology (ABPN) and the Accreditation Council for Graduate Medical Education (ACGME) require that physicians survey patients to provide feedback regarding the providers' performance in their patient care services.

The requirement from the ABPN Maintenance of Certification is that all board certified physicians obtain feedback from a minimum of five patients every three years (please see <http://www.abpn.com/moc.html>).

The ACGME requires that residents be evaluated by multiple evaluators, including patients. The ACGME survey, that is required annually of resident physicians, specifically asks, "Are you provided with data (i.e. patient survey results) that tell you how well you have taken care of your patients in the inpatient and ambulatory setting?" The purpose of this information collection is to provide data to psychiatrists and psychiatric residents regarding their patients' perceptions of their psychiatric care services.
