

RHCPP Invoicing – Help Guide

This Excel template will allow you to quickly and easily prepare Pilot Program Invoices for submission to the RHC Pilot SharePoint site. Upon completing the invoice, you will print it, sign it, and send it to your vendor who will also sign it, and return it to USAC. Instructions on using this template are outlined below

1. Download the latest version of the Excel Invoice File from SharePoint EVERY TIME!

You must download the latest version of the Invoice file from your project's invoice folder every time you wish to submit a new invoice

- Log into SharePoint and click the Download Blank Invoices link in the Invoicing section of the left navigation menu. Then click on your project's HCP #. Your invoice file will be posted to your folder by the SharePoint team.
- Right-click on the Excel Invoice File, and save it to your computer's desktop.

2. Enable Macros

To use the advanced features of this spreadsheet, the security settings in Excel must be configured so that Macros may be run. The steps to enable macros depend on the version of Microsoft Office you are using.

For Office 2000, 2003:

When opening the spreadsheet, you may see a dialog with two options "Enable Macros" or "Disable Macros". Select "Enable Macros".

If you are not presented with a window when the spreadsheet loads then you should check that macros are enabled:

- Select Tools -> Macros -> Security from the main menu.
- Select the "Medium" Option.
- Click "OK"
- You may have to close and then re-open this template

For Office 2007:

When opening the spreadsheet, you may see a message near the top of the Excel window that says "Security Warning : Some Active Content Has Been Disabled".

- Click Options.
- Select "Enable this Content".
- Click "OK".

3. Complete the Invoice

A) Populate the items in header section of the invoice highlighted in blue (see reverse for details)

B) Add items to the invoice from your approved NCW

- Click the **ADD ITEMS** button.
- Select the **Funding Year** and **FRN** for which you wish to submit an invoice, then click **SELECT**
 - You may only include items from one funding year and one FRN on an invoice. If you wish to submit more than one invoice, complete the information for one Funding Year/FRN, save the file, then start over again for the next Funding Year/FRN.
- On the next window, highlight the item(s) you wish to add to the invoice, then select **ADD ITEM**. When you are done, click **CLOSE**.
 - Multi-select (holding down Ctrl & clicking multiple items, then clicking **ADD ITEM**) is not enabled for this window. You may, however, quickly add highlighted items to the invoice by hitting the **ENTER** key on your keyboard instead of clicking the **ADD ITEM** button each time
 - You will not receive any feedback when you click **ADD ITEM** (or **ENTER** on the keyboard), but the items will be added to the invoice in the background. Click **CLOSE** to return to the invoice and view the added items.
- Complete the line item invoice information by entering information in the blue columns (see reverse for details)
 - Populate **# of items/months requested**
 - Populate **Actual Cost Per Item**
 - Populate **RHC Funding % Requested (max 85%)**
 - Based on the information you enter in the columns noted above, if the Support Amount to be paid by USAC is greater than your Total Funds Remaining, the Support Amount cell will be highlighted in black. Correct these errors as necessary before submitting the invoice.
 - If you enter a % greater than 85 in the RHC Funding % Requested column, an error message will be generated and the cell will be highlighted in black. Correct your error before submitting the invoice.
 - Total Invoice Amount** will be calculated in the invoice header section. Below this amount will be the **FCL Amount Remaining Before This Invoice**. If the **Total Invoice Amount** exceeds the **FCL Amount Remaining Before This Invoice**, the Total Invoice Amount cell will be highlighted in black.

4. Save the Invoice

Once your entry of invoice information is complete, save a copy of the completed invoice to your computer

- Use the File→Save menu to save the invoice using the following naming convention:
[Project Name]-[FRN]-[Invoice Date].xls. (Example: Sample Project-000000-050908.xls)

5. Print and sign the invoice

- Use the **FORMAT FOR PRINTING** button to prepare the invoice for printing. Upon clicking **FORMAT FOR PRINTING**, the following things will occur within the invoice:
 - All empty (unused) rows will be removed from the invoice.
 - The center columns of the invoice in the "Amount Remaining After Previously Submitted Invoices" section will be hidden for printing
 - The items on the invoice will be re-sorted in order of ascending NCW ID (column #2). If any item has been inadvertently added to the invoice more than once, its NCW ID will be highlighted in black.Use the **SHOW ALL** button to return to full-screen mode if necessary.
- Use the File→Print menu to print a paper copy of the invoice, and the previously invoiced information will be hidden.
- Complete and sign the Project Coordinator certification – this certification **MUST** be signed by the individual officially designated as the project PC
- Email (preferred), mail, or fax the signed invoice to the vendor with instructions on how to complete and sign the certification. Once the vendor signs the invoice it should be returned to USAC via email (preferred), mail, or fax to:

Email: RHCPIlot@usac.org
Fax: 973.599.6518

Mail: Rural Health Care Pilot Program
100 S. Jefferson St. Whippany, NJ 07981

6. Upload completed Excel Invoice File, scanned copy of signed invoice, and invoice supporting documentation to SharePoint.

- Click **Submit Completed Invoices**, then click your project name. Click year/month you are submitting the invoice.
- Upload the completed Excel Invoice File that you saved in step 4.
- Upload a scanned copy of the signed invoice that you sent to the vendor.
- Upload supporting documentation (e.g., bills from vendor that substantiate the line item costs on the invoice and any explanation for cost differences).

Black highlighting
indicates a warning that invoice amount exceeds the FCL Amount Remaining. Correct before submitting the invoice

Invoice Data

Black highlighting indicates a warning that the same item has been added to the invoice more than once. Highlighting will appear after you click **FORMAT FOR PRINTING**. Correct errors before submitting if necessary.

When you add a line item to the invoice using the **ADD ITEMS** button at top, these columns will be populated with information from your approved NCW

This section will provide a calculation of your quantity/dollar value remaining for the item by subtracting what has already been submitted on previous invoices from the quantity/dollar value approved for the item on the NCW. Note: When you click the **FORMAT FOR PRINT** button, this section will be hidden. To un-hide, click the **SHOW ALL** button.

Complete the blue columns in this section to indicate the quantity and price of each item requested on this invoice.

Black highlighting indicates that the support amount requested for the line item exceeds the support remaining for the item. Correct these errors if necessary before submitting the final invoice

CERTIFICATIONS
Certifications must be completed and signed by the **officially designated** Project Coordinator and by the Vendor. Invoice will only be accepted if both signatures are included.
