Additionally, the site will maintain a copy of the current Board of Directors or Board of Owners recruitment and retention plan on site for review.
7. Maintains a clinician recruitment and retention plan, keeps a current copy of the plan onsite for review, and adopts recruitment policies to maintain clinical staffing levels needed to appropriately serve the community.
8. Will not reduce the salary of NHSC clinicians because they receive or have received benefits under the NHSC Loan Repayment or Scholarship programs.
9. Requires NHSC clinicians to maintain a primary care clinical practice (full-time or half-time) as indicated in their contract with NHSC and described in part below. The site administrator should review and know the clinician's specific service requirements. Time spent on call will not count toward a clinician's NHSC work hours. Participants do not receive service credit hours worked over the required hours per week, and excess hours cannot be applied to any other work week. Clinicians must apply for a suspension if their absences per year are greater than those allowed by NHSC. If a suspension is requested and approved, the participant's service obligation end date will be extended accordingly. Full-time clinical practice is defined as a minimum of 40 hours per week, for a minimum of 45 weeks each service year. The 40

accordingly. Full-time clinical practice is defined as a minimum of 40 hours per week, for a minimum of 45 weeks each service year. The 40 hours per week may be compressed into no less than 4 days per week, with no more than 12 hours of work to be performed in any 24-hour period. NHSC full-time clinicians can spend no more than 7 weeks (35 workdays) per year away from the practice for vacation, holidays, continuing professional education, illness, or any other reason. Please note that the half-time service option is available only for Corps members and not for individuals exercising the Private Practice Option (see the NHSC Loan Repayment Application Guidance located on the NHSC website for more information). Half-Time clinical practice is defined as a minimum of 20 hours per week (not to exceed 39 hours per week), for a minimum of 45 weeks per service year. The minimum 20 hours per week may be compressed into no less than 2 work days per week, with no more than 12 hours of work to be performed in any 24-hour period. Time spent on call will not count toward the minimum 20 hours per week. For half-time clinicians with absences of greater than 142 work hours in a service year, the participant must request a suspension of the NHSC service obligation. HRSA cannot guarantee that a request for a suspension will be approved. If a suspension is requested and approved, the participant's service obligation end date will be extended accordingly.

- Will communicate to the NHSC any change in site or clinician employment status for full-time and half-time, including moving a NHSC clinician to a satellite site for any or all of their hour work week, termination, etc.
