

Attachment H-5:

Early Exit Interview

This interview will be administered to all participating employees that exit the study before the 2 year follow-up is completed. Public reporting burden of this collection of information is estimated to average 5 minutes per data collection, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information.

INSTRUCTIONS

READ TO RESPONDENT:

We are asking for your help in understanding how to better design research that is relevant to you and your work. Before we begin the interview there are a couple of important things I need to tell you.

PRIVATE and SECURE: Your answers will be protected to the extent possible under the Privacy Act.

ACCURACY: Your answer is important to us. Take your time and ask me if you are not sure what a question means. If there is any question you would prefer not to answer, just tell me and I will go on to the next question.

VOLUNTARY: Your participation is, of course, voluntary.

Do you have any questions before I start?

START TIME: _____

I understand that you are leaving the study.

1: What is your reason for leaving the study?

Changed to a different job with the same company; Changed to a different job with a different Company Other reason (please specify)
