

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Do not return the completed form to this address.

Attachment 1: Research to Reality User Satisfaction Survey

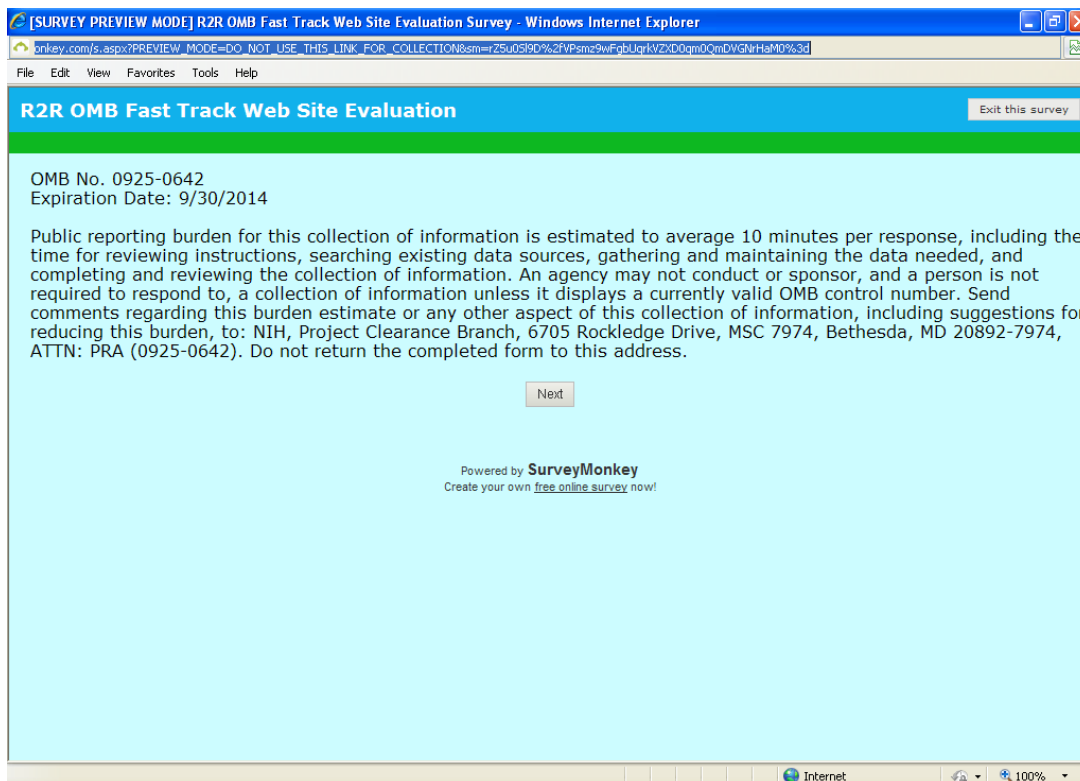

The purpose of this survey is to collect user satisfaction and feedback on the Research to Reality (R2R) web site. Evaluation results from this survey will be used to provide real-time feedback of program efforts to help the National Cancer Institute (NCI) make necessary changes to content, activities, and/or features of the current web site.

By continuing with the survey, you acknowledge that you have read the informed consent statement above and agree to participate in the survey.

1. How would you best describe your role within your organization?
 - Clinician (Physician, Nurse, etc.)
 - Public Health Professional
 - Researcher
 - Student
 - Other _____
2. How would you classify your organization?
 - Advocacy
 - Academic
 - Cancer Center
 - Clinic/Hospital
 - Government- State, Local, County
 - Government- Federal
 - Non-government/Foundations
 - Other _____
3. Are you a registered R2R member?
4. How useful is the content on the site to you? What type of content would you want to see more of? Less of?
5. What types of resources (journal articles, training materials, publications, tools etc.) would you be interested in having on the site?
6. What types of discussion thread topics would you want to see featured on the site?
7. Is the activity on the site what you expected? Why or why not?
8. Are there ways we can make the site more engaging? What would encourage you to post a discussion or comment?
9. Are the other members on the site the types of people you would expect to see? If not, what types of people had you expected?
