

Attachment 1: Screener for the NCI "Life in a Day" Phone App Study

OMB No. 0925-0642
Expiry Date: 09/30/2014

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Do not return the completed form to this address.

INTRO

NAME _____

PHONE _____

RESPONDENT NUMBER _____

Hello, my name is (NAME) and I'm calling from Westat, a research company in Rockville. May I speak with (NAME)?

(Reintroduce yourself if needed)

Thank you for your interest in the Life in A Day Phone Application Study. I would like to tell you a little bit about the study and then I'll ask you a few questions to see if you are eligible to take part.

We are testing a phone application that allows you to track your daily activities. We're looking for people to participate in this research study, which would take an hour or so on the first and third days of this study:

- On the first day, you would need to come to Westat for one 60 minute in-person session where a researcher will get you acquainted with the application on the phone that you will use for this study.
- At the end of the third day, the interviewer would call you to ask some questions about your experience using the phone application.

As I mentioned, use of the phone app would take place on three consecutive days, with interviews on the first and third days. Those who participate will receive a check for \$40 in appreciation for their time, after they send the phone back to us.

If you are interested and available for this, I would like to ask you a few questions to see if you are eligible to participate.

IF NEEDED: Westat, a research company in Rockville, Maryland is conducting survey research for the U.S. National Cancer Institute (NCI) to test a mobile phone app. We'll be getting feedback about how the app might be changed to make it easy to use to record daily activities.

Q1. As I said, the first interview will take place at Westat's headquarters, located on Research Boulevard in Rockville, Maryland. Are you within driving or commuting distance to this location?

PROVIDE MORE INFO ON LOCATION IF NEEDED

- Yes
- No- TERMINATE AND THANK (*"Based on the study design, our first interviews are going to be conducted at this location, so it looks like we can't include you at this time."*)

Q2. Do you have access to a WiFi network – either at home or at a WiFi hotspot?

- Yes
- No- TERMINATE AND THANK (*"Based on the study requirements, it looks like we can't include you at this time."*)
