

NCI Global Cancer Research Day 2013 Survey

OMB NO: 0925-0642

EXPIRATION DATE: 09/30/2014

Burden Statement: Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the information needed, and completing and reviewing the collected information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Do not return the completed form to this address.

1. Overall, how would you rate the Global Cancer Research Day 2013 event?

Excellent Good Fair Poor Very poor

2. How useful were the following sessions?

	Very useful	Somewhat useful	Neutral	Not particularly useful	Not at all useful
Presentation: Ted Trimble - Perspectives from the NCI Center for Global Health					
Roundtable Session 1: Maximizing Health Through Cancer Research					
Presentation: Mike Merson - Global Cancer and Global Health: Working to Reduce the Burden of Global Cancer					
Roundtable Session 2: Building Sustainable Cancer Research					
Presentation: Jim Hoxie, Paul Volberding, Corey Casper - Global Oncology and the NIH Centers for AIDS Research					

3. Please indicate which roundtable topics produced discussions of interest to you. (Choose all that apply.)

- Cancer Prevention and Control
- Cancer Biology in Low-Resource Settings
- Treatment and Clinical Research in Low-Resource Settings
- Evidence to Implementation
- Training
- Collaborative Mechanisms
- Infrastructure and Capacity Building
- Learning Lessons from Global Health

4. Please indicate whether you agree with the following statements:

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
The roundtable sessions allowed enough time for discussion					
Facilitators were able to help keep the discussions on topic					
Facilitators encouraged participants to articulate how they might work together					
Facilitators encouraged everyone at the table to participate					
The roundtable topics were specific enough to stimulate robust discussion					
The roundtable topics were broad enough for all to participate					
The mix of people at the tables encouraged rich discussion					

4a. Do you have specific feedback about the roundtable sessions?

5. Please indicate your level of satisfaction with the following:

	Very Unsatisfied	Unsatisfied	Neutral	Satisfied	Very Satisfied
Ease of online meeting registration					
Check-in on the day of the meeting					
Conference center location					
Meeting room space					
Clarity of meeting objectives and format					

5a. Please describe any specific problems you encountered with logistics.

6. As NCI's Center for Global Health plans a potential second Global Cancer Research Day meeting in 2014, what would you recommend keeping the same and what would you recommend changing?

7. With regard to a second Global Cancer Research Day Meeting in 2014 in conjunction with the CUGH Annual Meeting:

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
How likely are you to attend?					
How likely are you to recommend the meeting to others?					

8. Did you follow up with anyone you met at the Global Cancer Research Day?

Yes

No

8a. If yes, how many people did you follow up with?

9. If you answered yes to question 8, which of the following best describes your rationale for following up with the individual(s) you contacted? (Check all that apply.)

Explore collaboration on a specific research project/initiative

Discuss a training initiative

Discuss international activities of mutual interest

Learn about the other party's work

Learn about the party's institute's work

Learn about potential job opportunities

Expand my network
