National Household Education Survey

Start Here

The Department of Education is studying the education and training experiences of adults and children. Each household is different, and we need your response so we can send you a survey that is right for your household.

- ▶ Return this form even if there are only one or two people in the household.
- ▶ This survey should be filled out by an adult household member living at this address.
- ▶ Please use a blue or black pen if available

1. How many people live in this household?

Include adults and children who are temporarily away from home (for example, living in college housing) if they have no other permanent home.

Continue answering questions 2 thru 6 for each person living in this household. Include all adults and children. Start with yourself.

Commonly Asked Questions

Q: How did you get my address?

A: Your address was randomly selected from among all of the home addresses in the nation. It was selected using scientific sampling methods to represent other households in the U.S.

Q: Why don't you ask more questions about education in this questionnaire?

A: The purpose of this questionnaire is to find out if anyone in your household is eligible for the next stage of the survey. If so, we will send a second questionnaire that will ask about educational experiences of a member of your household.

Q: If there are no children or anyone currently in school in my household, should I respond?

A: Yes, you should respond to this survey. Once you return the questionnaire, the study will be able to see if anyone in your household is eligible for the next and final survey. If no one is eligible, you will not receive another survey.

Q: Why should I take part in this study? Do I have to do this?

A: This survey is the only way that the Department of Education can learn about children's care, early learning activities, and schooling from your perspective. You represent thousands of other households like yours, and you cannot be replaced. Your answers and opinions are very important to the success of this study. You may choose not to answer any or all questions in this survey. In order for the survey to be representative, it is important that you complete and return this questionnaire. Those who do not return the survey will not be represented in key statistics used by policymakers and researchers.

Q: How will the information I provide be used? Will my privacy be protected?

A: Your responses will be combined with those of others to produce statistical summaries and reports. Your individual data will not be reported. Your answers may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (Section 9573, 20 U.S. Code).

Q: How much time will it take?

A: On average, it should take 3 minutes for you to respond, including the time for reviewing instructions and completing and reviewing the collection of information.

Q: Who is sponsoring the study? Is this study conducted by the Federal Government?

A: The National Center for Education Statistics, within the Department of Education, is authorized to conduct this study (Section 9543, 20 U.S. Code). The U.S. Census Bureau is conducting this study on behalf of the U.S. Department of Education. This study has been approved by the Office of Management and Budget, the office that reviews all federally sponsored surveys. The approval number assigned to this study is 1850-0803. You may send any comments about this survey, including its length, to the Federal Government. Write to: Andrew Zukerberg, National Center for Education Statistics, U.S. Department of Education, 1990 K Street NW, Room 9036, Washington, DC 20006-5650. You may send email to NHES@census.gov. If you have any questions about the study, contact the Census Bureau toll-free at 1-800-845-8243.
