

## INSTRUCTIONS for Physical Needs Assessment Form

Instructions for Preparation of Form-Capital Fund Financing Program (CFFP) and Operating Funding Financing Program (OFFP) Physical Needs Assessment (PNA)

Report Submission: Prepare a separate PNA form for each grouping of up to 20 developments in the HA's inventory, which are eligible for Capital Funding Program (CFP) funding, for all HA-wide non-dwelling needs, e.g., maintenance equipment, and for any development needs. Use a separate Tab for each property or HA-wide non-dwelling needs or any development needs. Submit these forms as part of the submission of a PHA Plan when pursuing a CFFP or OFFP Financing. On an as-needed basis, submit a revised form where physical needs have significantly changed since the last needs assessment and the HA wishes to revise its use of CFFP or OFFP proceeds to include uses not previously reflected in a CFFP/OFFP PNA.

### PNA Summary Instructions

HA Name - Enter the HA Name

HA Number - Enter the HA Number

FY Of Assessment - Enter the year the assessment was completed. If the assessment spanned more than one year, enter the year that the Assessment was initiated. Original or Revision. Self-Explanatory.

Date Prepared/Revised. Date Prepared is the date the Original Assessment form was completed. Date Revised is the date of the most recent Revision. If this is an Original submission, leave Date Revised blank.

### Tabs 1-20 Instructions

#### Section 1 - Project Data

- 1.1 Management Office Address - Address of Management Office from which the Project is managed.
- 1.2 Project Name - Enter the Name of the Development.
- 1.3 Development Number - Enter an 11-digit alpha numeric code as follows: Enter an 11-digit alpha numeric code as follows: two-digit State code (alpha); two-digit Field Office code (numeric); P for Public Housing or B for Indian Housing; three-digit HA number (numeric); and three-digit development number (numeric). For example, VA05PO36001. In lieu of a development number, enter "HA-wide" for physical needs that are HA-wide in nature
- 1.4 DOFA Date - Enter the Date of Full Availability (DOFA) in this format: MM/DD/YYYY.
- 1.5 Year of Last Substantial Modernization - Enter the FY when most recent substantial modernization occurred. For purposes of this form, substantial modernization is defined as the replacement/repair of major building systems, which brought the development up to the modernization standards.
- 1.6 Occupancy Rate - This is a calculated field based on the Bedroom Distribution table (1.11).
- 1.7 Latest PASS REAC Score - Provide the latest issued score, on a 100-point basis, for the development.
- 1.8 Total Buildings - Enter the total number of buildings (dwelling and non-dwelling) in the Development.
- 1.9 Occupancy Types - Check all occupancy types that apply.
- 1.1 Structure Types - Check all structure types that apply.
- 1.11 Current Bedroom Distribution - Enter the current number of occupied and vacant units, by bedroom size in 1.11a and 1.11b. This includes Rentable Units Only.
- 1.11a Occupied - Enter the occupied units, as of the date of completing this Form, by bedroom size, in the table.
- 1.11b Vacant - Enter the vacant units, as of the date of this Form, by bedroom size, in the table.

#### Section 2 - Summary Data

- 2.1 PNA Conducted By: (PHA/3rd Party) - Select the applicable check box which best describes who conducted the PNA. Both selections can be chosen if applicable.
- 2.2 First Year Covered by PNA - Enter the first Calendar year that is covered in the PNA. This will be used to project the current needs and 20-year needs.
- 2.3 Length of PNA (in years) - Enter the length of time that the PNA covers. This will be used to project total PNA costs.
- 2.4 Unit Interiors Inspected (#) - This is calculated automatically, based on information provided at 2.14.
- 2.5 Inspector Contact Name: Enter the name of the contact person for the inspection.
- 2.6 Company Name or PHA Title: Enter the name of the company for whom the inspector works, or if conducted by a staff person of the PHA, enter the inspector's job title.
- 2.7 Inspector Contact Phone: Enter the phone number for contacting the inspector.
- 2.8 Data Source(s) for PNA: Check the applicable box or boxes indicating the sources of data for the preparation of the PNA.
- 2.9 Total Residential Buildings: Enter the number of residential buildings in the property.
- 2.1 Number of Building Exteriors Inspected: Enter the number of buildings for which the exteriors were inspected (Reference HUD Handbook 7485.2 for PNA survey requirements).
- 2.11 Total Off-Street Parking Spaces: Enter the number of off-street parking spaces on the site.
- 2.12 Site Acreage: Enter the total number of acres included in the site.
- 2.13 Parking Area (in square feet): Enter the approximate area of the off-street parking spaces.
- 2.14 Units Inspected by Bedroom Size: Enter the number of units for which the interiors were inspected, by bedroom size, into this table. (Reference HUD Handbook 7485.2 for PNA survey requirements).
- 2.15 Physical Improvements Will Result in Structural/System Soundness at a Reasonable Cost: Check "Yes" or "No". For cost reasonableness,

the preliminary estimate of hard costs for work proposed at the development should be 90 percent or less of Total Development Cost (TDC).

- 2.16 Development Has Long-Term Physical and Social Viability: Check "Yes" or "No" as to whether the HA has determined that the development has long-term physical and social viability. Note: If "No" is checked, attach the viability analysis and an explanation of what actions are proposed regarding the nonviable development.

Section 3 - Total Physical Needs Summary. This section is a summary that is completed automatically from data entered in Section 4.0.

#### Section 4 - Physical Needs Cost Estimate

##### Column Instructions:

**Needed Physical Improvements.** This section should include the estimated costs of all current and future physical improvements that must be undertaken to bring the development (dwelling and non-dwelling structures, dwelling and non-dwelling equipment, and site) up to a level at least equal to the modernization standards, energy conservation and life-cycle cost effective performance standards and the lead-based paint testing and abatement standards. Also, include any replacements of equipment, systems and structural elements that will be needed, assuming routine and timely maintenance, within the timeframe of the PNA. Enter only physical improvements that are eligible for Capital Fund Program funding.

Use the most appropriate line items for repairs related to: Site (4.9), Common Buildings (4.10), Unit Exteriors (4.11), Unit Interiors (4.12), Mechanical Systems (4.13), a and Other (4.14). If you have a unique item not accounted for in each sub-section, modify the "Other (Specify)" line or lines provided. Please note that in Section 4.15 (Special Categories) you are asked to estimate the amount of lead-based paint and asbestos removal costs, and 504 compliance costs that are included in the PNA cost estimates. These are not additive to the PNA cost estimate.

- 4.16 Section 4.16 should include all New Construction activities being proposed, which, since they are not "modernization" in a strict sense, are segregated from the rehabilitation costs in Section 4.9 to 4.15.
- 4.2 Estimate Useful Life (in Years). Enter the number of years the component is expected to be serviceable in your geographic area. This is the "life cycle" of the component adjusted to your conditions.
- 4.3 Useful Life Remaining (in Years). Based on the inspection, estimate the number of years that this component is expected to remain useful before it needs to be replaced or renovated.
- 4.4 Method. The method for calculating the cost of replacing various items differs. For some items, it is the "cost per square foot" or "cost per linear foot". For others, it is a "unit cost". Some other items may be "lump sum". In this column, select the method from the pull down menu that is being used for estimating the replacement/repair cost of the line item.
- 4.5 Total Quantity. Enter the quantity that will be required for each line item, which will then be multiplied by the Cost per Quantity (4.8) and produce the Total Long-Term Need.
- 4.6 Current Needs Quantity. In this column, enter the quantity of each line item that needs immediate repair or replacement. These are existing or backlog needs, and will be treated as a "sub-set" of Year One Needs and will be reflected in the "Immediate" column in Section 3.0 of the PNA.
- 4.7 Cost per Quantity. Enter the estimated Cost for each line item, based on the Method selected in Column 4.5. This estimate should exclude any management improvements, administration, architectural/engineering fees, relocation or other soft costs.

**Total Long Term Needs:** Long term needs will be automatically calculated based on the projected useful life, estimated useful life remaining, quantity and cost per quantity fields.

The form has been designed to print in portrait mode on 8.5 x 11 paper and will only include the fields from columns A - J. To print the future cost projections, the print area command must be used to change the print area.

 Capital Fund Financing Program/  
 Operating Fund Financing Program

U.S. Department of Housing  
 and Urban Development  
 Office of Public and Indian Housing

OMB Approval No. 2577-0208  
 (exp. 11/2008)

PNA Summary

Public Reporting Burden for this collection of information is estimated to average 16 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Response to this collection of information is mandatory to obtain a benefit. The information requested does not lend itself to confidentiality. HUD may not conduct or sponsor, and an applicant is not required to respond to a collection of information unless it displays a currently valid OMB control number.
