

NON-SUBSTANTIVE CHANGE REQUEST FOR INFORMATION COLLECTION 3060-0905

The Federal Communication Commission is seeking a non-substantive change request for information collection 3060-0905. The Commission did not properly account for the number of respondents for this collection with its last submission to OMB. We correct the number of respondents to read 3 respondents instead of 30 respondents for this collection. There are no changes to the annual burden hours and annual costs.
