Economic
Research
Service

The U.S. Department of Agriculture's National Agricultural Statistics Service (NASS) in conjunction with the Economic Research Service (ERS), is conducting the Agricultural Resource Management Survey (ARMS).

Your participation in this survey is important!

- ARMS is the only survey that gathers comprehensive data on the financial well-being of U.S. farm and ranch communities.
- ARMS gives you an opportunity to provide accurate and timely information that will help government and agricultural leaders make sound policy decisions that will affect you and the future of your operation.

One of our representatives will contact you shortly. As with all of its surveys, NASS guarantees that individual responses are kept completely confidential.
