Very Somewhat Not very Not
 important important important important
at all

- a. assuring the safety of health care services for service personnel
- b. assuring that service personnel can get health care when they need it
- c. assuring that the health care services provided to service personnel are high quality
- d. assuring that the country is prepared for a war
- e. assuring that the country is able to provide humanitarian aid and medical care after a natural disaster (i.e., the earthquake in Haiti)

D4. For each of the following statements about military nursing please indicate whether you agree or disagree [ACTIVE/RESERVISTS AND STUDENTS]

Military nursing is....	Strongly agree	Somewhat agree	Somewhat disagree	Strongly disagree
A better career for women than for men				
Requires too much training to be worth the effort				
A good career for people who want to be in a respected profession				
May expose people to discrimination based on sexual orientation or gender identity				
A career that offers pay that makes it worth the risks				
A physically challenging career				
Is a great way to serve the United States / show patriotism				
Would not be approved of by people close to me such as family and/or friends				
Requires students to have strong backgrounds in science				
Is a career in which someone can continue to be promoted				
Would be considered an honor by people close to me such as family and/or friends				
Would be a good choice for someone like me				

[The following questions in this section are asked of STUDENTS ONLY]

D5. To your knowledge, are there currently formal military training or educational programs on your campus (e.g., ROTC.....) [NURSING STUDENTS ONLY]

- 1 Yes
- 2 No
- 3 Don't know

D5a. If yes, do you feel that students pursuing military careers are welcome on your campus?

- 1 Yes, strongly
- 2 Yes, somewhat
- 3 No

b. living there for a semester to take courses				

Section E –

Major reason/minor reason option

For each of the following, please tell us which would be a major reason for you to pursue a career as a military nurse, would be a minor reason to pursue, would make no difference to your decision, would be a minor reason NOT to pursue, or would be a major reason NOT to pursue a career as a military nurse.

Career training/skills

	Major reason to pursue	Minor reason to pursue	Makes no difference	Minor reason NOT to pursue	Major reason NOT to pursue
Opportunity for specialized education and training					
Opportunity to develop leadership skills					
Opportunities for promotion					
The match between my personal skills military nursing					
Flexibility of training opportunities					
Intellectual and physical skill development					
Required time of training					
Physical training and conditioning					

Salary and financial benefits

	Major reason to pursue	Minor reason to pursue	Makes no difference	Minor reason NOT to pursue	Major reason NOT to pursue
Cash recruitment bonus					
Tuition assistance					
Military nurse or specialized nurse salary increases or bonuses					
Military health, retirement and other employee benefits					

Work environment

	Major reason to pursue	Minor reason to pursue	Makes no difference	Minor reason NOT to pursue	Major reason NOT to pursue
Intellectual and physical challenges of the job					
Job security (recession-proof career)					
Required travel					
Discrimination or harassment I might receive because of my gender					
The military's 'Don't ask, don't tell' policy					
Discrimination or harassment I might receive because of my race/ethnicity					
Physically active work environment (versus a desk job)					
Required length of service					
Workplace hazards, such as disease, weapons, wartime hazards					
Military base safety					
Work relationships with my peers					
Work relationships with senior officers					

Physical and emotional health

	Major reason to pursue	Minor reason to pursue	Makes no difference	Minor reason NOT to pursue	Major reason NOT to pursue
Personal safety					
Physical fitness/conditioning					
Emotional effects of war					
Emotional effects of nursing professional activities					
Exposure to illness					
Exposure to workplace hazards					

Relationships

	Major reason to pursue	Minor reason to pursue	Makes no difference	Minor reason NOT to pursue	Major reason NOT to pursue
Family traditions					
Family responsibilities					
Family and friends' opinions about my service					
Having a sense of belonging in the military					
Home environment					
Opportunities to learn about self defense and self protection					
My respect for nurses					
My respect for military officers					

Values

	Major reason to pursue	Minor reason to pursue	Makes no difference	Minor reason NOT to pursue	Major reason NOT to pursue
Desire to be self reliant					
Requirement to follow orders					
Need to question authority					
Opportunity to serve my country					
Having to give up personal freedoms					
Opportunity to take risks					
Opportunity to test my courage					
Fears about serving in a war					
Taking pride in myself as a military nurse					
Desire to help others					
My religious or moral positions about military service and war					
My opinions about tolerance in the military ('Don't ask, don't tell')					

Open-ended questions to consider

If you were to pursue a career as a military nurse, what would your major reasons be?
Please describe them in your own words.

Please tell us what your major reasons would be for NOT pursuing a career as a military nurse.
