

**Women's Perceptions of Tobacco Products
Focus Groups Screener
Pregnant Women**

Hello, my name is ___ and I'm from [FACILITY NAME], a local market research firm. We are working with RTI International, a non-profit research organization, and the Centers for Disease Control and Prevention (or CDC) on a research study about tobacco products and would like to include your opinions. I want to assure you that we are not from a tobacco company or a company that sells quit-smoking aids. I am not selling or promoting any product. I am calling to invite you to take part in a research study about tobacco products.

We are holding a group discussion on [DATE] with 7 other women like you. The discussion group starts at [TIME] and will last about 90 minutes. For study purposes, the group discussion will be audio and video recorded, and project team members may observe the discussion. If you qualify for this project and participate in our focus group, you will receive \$75.00 to show appreciation for your time. Your opinions will help to contribute to current efforts to develop materials about the use of tobacco among women of childbearing age.

First, however, I need to ask you a few questions to see if you qualify for the study.

1. Which of the following categories best describes your age? (*Read list. Recruit a mix to show per group.*)
