Upload Data Submissions for Small Group Market

All issuers must submit data for plans to display on Healthcare.gov on this page. Issuers may submit new plans or make certain updates to existing plans.

Upload Instructions for Small Group Market

Before uploading files, confirm that the appropriate product data has been updated into the HIOS system by selecting the checkbox.

To upload files, use the browse button to locate the appropriate file from your computer and attach the file. You must select which type of template you are uploading in each row. Once you have selected all the files you would like to upload, select the 'Upload' button.

The following file formats are accepted:

- XML ([view instructions](#))
- Excel 97-2003 ([view instructions](#))
- Pipe delimited ([view instructions](#))
- ZIP ([view instructions](#))

All files must be 30 MB or smaller. If you are having difficulty with file size, please consider using a pipe delimited format.

Upload Files for Small Group Market

- Check here to confirm that the HIOS product data has already been uploaded for these plans. The Upload button will not be accessible until this selection has been made.

Please review attestation agreement and sign below.

By selecting "ATTEST", I agree in my capacity as CEO or CFO that I have examined the plan benefit and pricing data submission and that to the best of my information, knowledge, and belief it accurately represents the required plan benefit and estimated pricing data based on current template parameters. I further attest that our submission as a whole represent plan benefit and pricing information for all plans that are offered by this organization that are open for enrollment and that represent one percent or more of the organization's total enrollment for the relevant market within any given zip code.
