DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2010-0023]

General Meeting Registration and Evaluation

AGENCY: National Protection and Programs Directorate, DHS.

ACTION: 30-Day notice and request for comments; New Information collection request, 1670—new.

SUMMARY: The Department of Homeland Security (DHS), National Protection and Programs Directorate (NPPD), Office of Cybersecurity and Communications (CS&C), Office of Emergency Communications (OEC), will submit the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35). NPPD is soliciting comments concerning New Information Collection Request, General Meeting Registration and Evaluation. DHS previously published this ICR in the **Federal Register** on March 17, 2011 at 76 FR 52, for a 60-day public comment period. DHS received no comments. The purpose of this notice is to allow an additional 30 days for public comments. **DATES:** Comments are encouraged and will be accepted until July 28, 2011. This process is conducted in accordance with 5 CFR 1320.10.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the OMB Office of Information and Regulatory Affairs. Comments should be addressed to OMB Desk Officer, Department of Homeland Security, Office of Civil Rights and Civil Liberties. Comments must be identified by "DHS-2010-0023" and may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>.

- *E-mail:* omb_submission@omb.eop.gov. Include the docket number in the subject line of the message.

- *Fax:* (202) 395-5806.

Instructions: All submissions received must include the words "Department of Homeland Security" and the docket number for this action. Comments received will be posted without alteration at <http://www.regulations.gov>, including any personal information provided.

OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION: OEC was formed under Title XVIII of the Homeland Security Act of 2002, 6 U.S.C. 101 *et seq.*, as amended, to fulfill its statutory responsibility of conducting nationwide outreach through hosted events, including conferences, meetings, workshops, *etc.* The general registration form, general pre-meeting form, and general evaluation form will be used to gather information to support these events and for follow-up with stakeholders that attend such events. The registration, pre-meeting, and evaluation forms may be submitted electronically or in paper form.

Published Privacy Impact Assessments on the Web

AGENCY: Privacy Office, DHS.

ACTION: Notice of Publication of Privacy Impact Assessments (PIA).

SUMMARY: The Privacy Office of the DHS is making available ten PIAs on various programs and systems in the Department. These assessments were approved and published on the Privacy Office's Web site between March 31, 2011 and May 31, 2011.

DATES: The PIAs will be available on the DHS Web site until August 29, 2011, after which they may be obtained by contacting the DHS Privacy Office (contact information below).

FOR FURTHER INFORMATION CONTACT:

Mary Ellen Callahan, Chief Privacy Officer, Department of Homeland Security, Washington, DC 20528, or e-mail: pia@hq.dhs.gov.

SUPPLEMENTARY INFORMATION: Between March 31, 2011 and May 31, 2011, the Chief Privacy Officer of the DHS approved and published ten Privacy Impact Assessments (PIAs) on the DHS Privacy Office Web site, <http://www.dhs.gov/privacy>, under the link for "Privacy Impact Assessments." These PIAs cover ten separate DHS programs. Below is a short summary of those

programs, indicating the DHS component responsible for the system, and the date on which the PIA was approved. Additional information can be found on the Web site or by contacting the Privacy Office.

System: DHS/USCG/PIA-016 College Board Requirement Plus (CBRP).

Component: United States Coast Guard (USCG).

Date of approval: April 1, 2011.

DHS United States Coast Guard Academy (USCGA or Academy) uses College Board's *Recruitment PLUS*TM (Recruitment PLUS) software application for college admissions and enrollment activities. The Recruitment PLUS system does the following things:

1. Collects and stores prospective applicants' biographic and educational data,
2. Collects USCGA admissions staff's and volunteers' biographical data,
3. Facilitates and tracks the application process, and
4. Aligns admissions staff and volunteers to prospective applicants.

The purpose of this PIA is to document how Recruitment Plus collects and uses personally identifiable information (PII).

System: DHS/NPPD/PIA-012 Critical Infrastructure Warning Information Network (CWIN).

Component: National Protection & Programs Directorate (NPPD).

Date of approval: April 11, 2011.

The CWIN system has undergone a PIA 3-Year Review requiring no changes and continues to accurately relate to its stated mission. DHS NPPD examined the privacy implications for CWIN. DHS is responsible for protecting the national infrastructures and responsible for ensuring that in the event cyber or physical infrastructures are compromised, there is a means to collaborate and coordinate the necessary resources to restore impacted infrastructures. The mission of CWIN is to facilitate immediate alert, notification, sharing and collaboration of critical infrastructure and cyber information within and between Government and industry partners. CWIN provides a technologically advanced, secure network for communication and collaboration, and alert and notification. CWIN is DHS' only survivable, critical communications tool not dependent on the Public Switch Network or the public Internet that can communicate both data and voice information in a collaborative environment in support of infrastructure restoration. CWIN provides a survivable, dependable method of communication allowing DHS to communicate with other Federal agencies, state and local

government, the private sector, and international organizations in the event that primary methods of communication are unavailable.

CWIN members belong to one of the vital sectors of the national infrastructure as named in the National Response Plan, appears in the Interim National Infrastructure Protection Plan, or are a state Homeland Security Advisor. Only CWIN members have access to CWIN. CWIN membership is by invitation only, with invitations issued from the Infrastructure Coordination Division Director through a contractor. The CWIN operation consists of the collection of point of contact information for administrative purposes, and the placement of a CWIN terminal at member locations. Should an event occur where traditional communication methods are not operable, CWIN provides a communication method between key infrastructure sites across the country.

System: DHS/NPPD/PIA-009 Chemical Facility Anti-Terrorism Standards (CFATS) Personnel Surety Program.

Component: NPPD.

Date of approval: May 4, 2011.

The DHS/NPPD/Office of Infrastructure Protection (IP)/Infrastructure Security Compliance Division (ISCD) is conducting this PIA to detail the privacy impact associated with the CFATS Personnel Surety Program and the required security assessments performed by high-risk chemical facilities in fulfillment of Risk-Based Performance Standard # 12 (6 CFR 27.230(a)(12)). This PIA describes the procedures for submitting PII on individuals impacted by this program to NPPD, and also describes NPPD's uses of that PII.

System: DHS/S&T/PIA-022 Biodefense Knowledge Management System v. 2.0 (BKMS).

Component: Science & Technology (S&T).

Date of approval: May 4, 2011.

DHS S&T Biodefense Knowledge Center (BKC) developed and operates the BKMS. The current generation of the BKMS, version 1.0, enables approved users to access and analyze biological sciences topics and related biodefense information to assist with their efforts to better understand or characterize biological threats, by offering an integrated suite of tools for managing and indexing scientific documents and information. In BKMS 2.0, S&T intends to add a component to the system to include data derived from the intelligence community (IC) and law enforcement (LE)-sensitive data. S&T is conducting this PIA because such an
