I. Funding Opportunity Description

Purpose of Program: The School Climate Transformation grant program provides competitive grants to State educational agencies (SEAs) and local educational agencies (LEAs) to develop, enhance, or expand systems of support for, and technical assistance to, schools implementing an evidence-based, multi-tiered behavioral framework to improve behavioral outcomes and conditions for learning for all students.

Background: Although schools have long attempted to address discipline, disruptive and problem behavior, violence, and bullying, the vast majority of our Nation's schools have not implemented comprehensive, effective supports addressing the full range of students' social, emotional, and behavioral needs.¹

A report issued by the U.S. Secret Service and the Department of Education after the Columbine shooting found that one of the best things schools can do to reduce violence and bullying is to improve a school's climate and increase trust and communication between students and staff. Research demonstrates that the implementation of an evidence-based multi-tiered behavioral framework, such as Positive Behavioral Interventions and Supports (PBIS), can

help improve overall school climate and safety. A key aspect of this multi-tiered approach is that it provides differing levels of support and interventions to students based on their needs: certain steps involve the whole school (like consistent rules, consequences, and reinforcement of appropriate behavior), with more intensive steps for groups of students exhibiting at-risk behavior, and individualized services for students who continue to exhibit troubling behavior.

When a multi-tiered behavioral framework has been implemented with fidelity, studies have found the following statistically significant results: an increase in perceived school safety, reductions in overall problem behaviors, reductions in bullying behaviors², and reductions in office discipline referrals and suspensions³. Studies have also found a correlation between the use of these procedures and improved social skills.⁴ Emerging evidence also links the implementation of a multi-tiered behavioral framework with

improved academic achievement.⁵ In addition to being effective, such school-wide programs are attractive to SEAs and LEAs because they are designed to enhance the learning environment for all students while having additional supports in place for students who have greater social, emotional, and behavioral needs.

Under this program, grant funds will help States to develop and adopt, or expand to more schools, a multi-tiered behavioral framework that guides the selection, integration, and implementation of the best evidence-based behavioral practices for improving school climate and behavioral outcomes for all students. Elsewhere in this edition of the Federal Register we announce a competition for local educational agencies that will help support them in a similar way.

In the following sections, we announce priorities and requirements for this competition.

Priorities: We are establishing this priority for the FY 2014 grant competition and any subsequent year in which we make awards from the list of unfunded applicants from this competition, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)

⁵ McIntosh, K., Bennett, J. L., & Price, K. (2011). Evaluation of social and academic effects of school-wide positive behaviour support in a Canadian school district. Exceptionality Education International.

(1). Underneath each of the absolute priorities we include the application requirements and program requirements associated with that particular competition.

Absolute Priority: This priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Priority 1: Grants to States to Support the Implementation of a Multi-Tiered Behavioral Framework to Improve School Climate.

This priority supports grants to SEAs to develop, enhance, or expand statewide systems of support for, and technical assistance to LEAs implementing a multi-tiered behavioral framework to improve conditions for learning and behavioral outcomes for all students.

Program Requirements: The following requirements apply to projects funded under this competition:

Each grantee must implement a plan that--

1. Builds SEA capacity for sustained and broad-scale implementation of a multi-tiered behavioral framework by LEAs by:

- (a) Improving the skills of SEA personnel to organize the components of a multi-tiered behavioral framework, such

as policies, funding, professional development, coaching, and interagency coordination for service provision;

(b) Developing a cadre of trained and experienced staff to provide training and ongoing coaching to LEA leadership teams on the multi-tiered behavioral framework;

(c) Improving the quality, accessibility, and usefulness of statewide data collection and analysis;

2. Enhancing LEA capacity by providing training and technical assistance to LEAs on:

(a) Developing or improving the quality, accessibility, and usefulness of LEA data collection and data-based decision making;

(b) Improving the skills and expertise of LEA personnel to develop, implement, and sustain a multi-tiered behavioral framework;

(c) Use of evidence-based practices and reliable and valid tools and processes for evaluating the fidelity of the implementation of a multi-tiered behavioral framework and for measuring its outcomes, including reductions in discipline referrals, suspensions, expulsions, and the use of restraints and seclusion and improvements in school climate, time spent in instruction, and overall academic achievement;

(d) Coordinating LEA efforts with appropriate Federal, State and local resources; and

3. Coordinating SEA efforts with appropriate Federal, State and local resources, including the U.S. Department of Education-funded PBIS Technical Assistance Center.

Application Requirements: The following requirements apply to all applications submitted under this competition.

Applications that fail to meet any one of these requirements will not be read or scored. In its application, an applicant must--

(a) Describe the current implementation effort and emerging need to implement, scale-up, and sustain a multi-tiered behavioral framework, and present applicable State and local data demonstrating this need, including, but not limited to, the number and types of schools that are currently implementing a multi-tiered behavioral framework;

(b) Describe its plan to build, improve or enhance SEA capacity to provide effective training, technical assistance, and support to LEAs and their schools on implementing a school-wide multi-tiered behavioral framework, including the estimated number of LEAs that will be assisted, how it will assess readiness for implementation, and how it will build capacity at the local level;

(c) Describe how the needs of high-need LEAs will be addressed, including those with high-poverty schools, low-performing schools including persistently lowest-achieving schools, and priority schools (in the case of States that have received the Department's approval of a request for flexibility under the Elementary and Secondary Education Act of 1965, as amended (ESEA)); and

(d) Explain how its efforts will be linked to other SEA and LEA school safety, school improvement, or school reform efforts.

Definitions: We are establishing these definitions for the FY 2014 grant competition and any subsequent year in which we make awards from the list of unfunded applicants from this competition, in accordance with section 437(d)(1) of GEPA, 20 U.S.C. 1232(d)(1).

High-need LEA means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

High-poverty school means a school in which at least 50 percent of students are eligible for free or reduced-price lunches under the Richard B. Russell National School Lunch

Act or in which at least 50 percent of students are from low-income families as determined using one of the criteria specified under section 1113(a)(5) of the Elementary and Secondary Education Act of 1965, as amended (ESEA). For middle and high schools, eligibility may be calculated on the basis of comparable data from feeder schools.

Eligibility as a high-poverty school under this definition is determined on the basis of the most currently available data (www2.ed.gov/legislation/FedRegister/other/2010-4/121510b.html).

Multi-tiered behavioral framework means a school-wide structure used to improve the integration and implementation of behavioral practices, data-driven decision-making systems, professional development opportunities, school leadership, supportive SEA and LEA policies, and evidence-based instructional strategies.

Persistently lowest-achieving schools means, as determined by the State—

(1) Any Title I school in improvement, corrective action, or restructuring that—

(i) Is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement,

corrective action, or restructuring in the State, whichever number of schools is greater; or

(ii) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and

(2) Any secondary school that is eligible for, but does not receive, Title I funds that—

(i) Is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or

(ii) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years.

(b) To identify the lowest-achieving schools, a State must take into account both—

(i) The academic achievement of the “all students” group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and

(ii) The school's lack of progress on those assessments over a number of years in the “all students” group.

For the purposes of this priority, the Department considers schools that are identified as Tier I or Tier II schools

under the School Improvement Grants Program (see 75 FR 66363) as part of a State's approved FY 2009, FY 2010, or FY 2011 application to be persistently lowest-achieving schools. A list of these Tier I and Tier II schools can be found on the Department's Web site at www2.ed.gov/programs/sif/index.html.

Priority school means a school that has been identified by the State as a priority school pursuant to the State's approved request for ESEA flexibility.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed priorities, definitions, and requirements. Section 437(d)(1) of GEPA, however, allows the Secretary to exempt from rulemaking requirements, regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for the School Climate Transformation Grant Program and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forgo public comment on the priorities, definitions, and requirements under section 437(d)(1) of GEPA. This priority, definitions, and requirements will apply to the FY 2014 grant competition and any subsequent year in which we

make awards from the list of unfunded applicants from this competition.

Program Authority: 20 U.S.C. 7131.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts, 75, 77, 79, 80, 81, 82, 84, 85, 97, 98, and 99. (b) The Education Department suspension and debarment regulations in 2 CFR part 3485.

III. Eligibility Information

1. Eligible Applicants: SEAs.

2. Cost Sharing or Matching: This program does not require cost sharing or matching.

3. Participation by Private School Children and Teachers. Section 9501 of the ESEA requires that SEAs, LEAs, or other entities receiving funds under the Safe and Drug-Free Schools and Communities Act provide for the equitable participation of private school children, their teachers, and other educational personnel in private schools located in geographic areas served by the grant recipient.

In order to ensure that grant program activities address the needs of private school children, the applicant must engage in timely and meaningful consultation with appropriate private school officials during the design and development of the proposed program. This consultation must take place before the applicant makes any decision that affects the opportunities of eligible private school children, teachers, and other educational personnel to participate in grant program activities.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: [INSERT DATE 105 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. Funding Restrictions: Program funds may be used for costs associated with training and technical assistance only. We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the

Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one-to-two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov. and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: <http://www.grants.gov/web/grants/register.html>.

7. Other Submission Requirements:

Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the School Climate Transformation Grant Program, CFDA numbers 84.184F and

84.184G, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the School Climate Transformation Grant Program at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA numbers. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.184, not 84.184F).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a

password-protected file, we will not review that material. (Additional, detailed information on how to attach files is in the application instructions.]

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an

extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written

statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Bryan Williams, U.S. Department of Education, 400 Maryland Avenue, SW, room 3C152, Washington, DC 20202

FAX: (202) 453-6742.

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from 34 CFR 75.210 of EDGAR and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in

34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the

necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures:

To Be Determined

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its

approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
