INSTRUCTIONS FOR INDIVIDUALS APPLYING FOR CERTIFICATION TO CONDUCT LEAD-BASED PAINT ACTIVITIES

You may apply to the U.S. Environmental Protection Agency (EPA) to be certified or re-certified to conduct lead-based paint activities as an **Inspector**, **Supervisor**, **Risk Assessor**, **Project Designer**, or **Abatement Worker** in states, U.S. territories, and all Indian tribal land(s) in any one EPA Region where EPA implements the lead-based paint certification program. If EPA does not administer the certification program in an area where you wish to work, you must apply directly to that state, territory, or Indian tribe for certification.

These instructions supplement EPA form 8500-28 (Rev 09/04), *Application for Individuals to Conduct Lead-Based Paint Activities*. Please note that you must use a separate application form for each application type. For example, if you are applying for initial and re-certification in two disciplines, you must use two separate application forms.

Certification of Tribal Employees

Individuals seeking certification or re-certification under the tribal fee allowance must currently be in the employment of a Federally-recognized Indian Tribe. In Section B check the tribal employment box and in the company name and address field provide the name and address of the tribal government you are currently working for to verify employment.

Discipline-specific Requirements

The information you must submit depends on the discipline(s) for which you seek certification. The following table identifies these requirements.

Discipline	Application Sections	Required Documentation
Inspector	A, B, C or D, F, G, and H	<ul style="list-style-type: none">Valid inspector course completion certificate (Section D) or valid certificate and license (Section C)
Supervisor	A, B, C or D and E, F, G, H	<ul style="list-style-type: none">Valid supervisor course completion certificate (Section D) or valid existing certificate and license (Section C)Resume(s), letters of reference, etc.

Abatement Worker	A, B, C or D, F, G, and H	<ul style="list-style-type: none">Valid worker course completion certificate (Section D) or valid certificate and license (Section C)

How to Apply for Re-certification

If you completed an accredited training course with a course test and, if applicable, a hands-on assessment, you must be re-certified every three (3) years. If you completed an accredited course that included a proficiency test, you must be re-certified every five (5) years (all disciplines except Project Designer).

You may take a refresher course accredited by either EPA or an EPA-authorized training program. To ensure that you will be re-certified before your current certification expires, you should submit your re-certification application well before your expiration date.

For re-certification, complete all sections except for sections C (Reciprocity) and E (Experience and Education) of the application and follow the mailing instructions described in the "initial accreditation" section of these instructions. Also submit two recent, identical passport photographs that meet the criteria outlined on the application.

Amended Application

Amended applications must be sent to the following address:

U.S. EPA
P.O. Box 14417
Washington, DC 20044-4417

Replacement of an Identification Badge or Certificate

To replace an identification badge or certificate, complete only sections A (General Information), B (Applicant Information), and H (Signature) of the application and follow the mailing instructions described in the "initial accreditation" section of these instructions. For badge replacement only, also submit two recent, identical passport photographs that meet the criteria outlined on the application.

Incomplete Application

If your application is incomplete, EPA will not process your application. If any components of your application are missing, your application will become inactive for a period not to exceed 30 days until the application is made complete. If you do not complete your application, EPA will return the application package. You may apply again with a complete package. Please call 1-800-424-LEAD to see if your application is complete.

Fees

The fee for applying for certification, re-certification, and other requests is listed on the following page. It is important that you:

- Calculate the fee based on the number of disciplines and number of EPA-run jurisdiction(s) in which you plan to work.
- Submit one \$35 fee for all Indian tribal land(s) in any one EPA Region, if you are applying for certification in multiple Indian tribal lands.
- Include a list of the disciplines and EPA-run jurisdiction(s) with your fee, if you are applying for certification in more than one discipline.
- Write your total fee amount in section A of the application, even if you attach additional sheets of paper listing additional EPA-run jurisdictions.
- Include the certification exam fee (if applicable) with the certification fee, for more efficient processing.
- Make the check or money order payable to **U.S. Environmental Protection Agency**. Other methods of payment include wire transfer, electronic funds transfer, and, for government payers only, on-line payment agency collection (OPAC).

EPA's Certification Fees Refund Policy

Individuals having submitted an application and associated fees for certification or recertification who wish to withdraw their application prior to Agency approval will receive a fee refund based upon the schedule listed below. **Individuals who request a refund more than 10 days after the Agency receives the application will not receive a 100 percent refund.**

Number of Days Following Agency Receipt of Application	Percent Reimbursable (based upon total fees submitted for a particular discipline)
up to 10 days	100%
11 to 60 days	75%
61 to 120 days	50%
121 or more days	25%

Note: Refunds will only be made after EPA verifies fee receipt and deposit by the U.S. Treasury.

Individuals must notify the Agency in writing in order to qualify for a refund. The date of withdrawal is the date on which the Agency received the withdrawal notification.

EPA will not refund fees after granting an applicant certification or re-certification. Refunds are granted only on a per discipline basis. Therefore, an individual must withdraw an application for a particular discipline in all EPA-run jurisdiction(s) included on the application. If your application is disapproved, EPA will not refund fees.

Refunds are not available for certification examination fees or for the replacement of an identification badge or certificate.

Application Process

EPA processes applications on a first-come first-served basis. Your course completion certificate will serve as interim certification for six months. If the application process is not completed within 6 months of your course completion, the initial training must be retaken and the application process restarted including paying the certification fee again. To make sure to allow enough time for your application to be processed, you should submit your application for certification to EPA within 30 days of completing your initial training course. If you are applying for supervisor, inspector, or risk assessor certification, you must pass a 3rd party exam and receive certification from EPA before the expiration date on your interim certification. If you do not complete these activities before the expiration date, you cannot conduct lead-based paint activities.

If you are applying for re-certification, your application should be submitted well before your certification expires in order to allow time for processing. You do not need to take the certification exam again to be re-certified.

If a firm is assisting in completing applications for individuals who are applying for certification, please be aware of the following:

- Individual must have an address and phone number different from the firm's.
- Individual must sign and date the application.
- Individual's name, social security number, and discipline should appear on the front of the application fee payment (check or money order), even if it is hand-written, if the firm pays for the individual.
- EPA forwards all correspondence to individuals who have signed the application attesting to their willingness to comply with the work practice standards found at 40 CFR §745.227.
- EPA forwards copies of the individual's approval letter and certificate to the firm upon written request of the applicant; however, the approval letter, identification badge, and certificate remain the property of the individual.

The flowchart on the following page depicts the application process for individual certification.
