

Potential Traffic Incident Management(TIM)/Planned Special Event (PSE) Conference

TIM/PSE Conference

FHWA has either co-sponsored or helped to plan several TIM/PSE conferences in the recent past. We are trying to determine if there is interest in holding another TIM/Planned Special Events (PSE) conference, as well as what the conference should look like. With that, The Responder is reaching out to the TIM Network's members for valuable input. Please take a few moments to provide your candid feedback. Thank you!

1. Would you be interested in attending a TIM/PSE conference?

<input type="radio"/> Yes
<input checked="" type="radio"/> No

1
False

2. The proposed date for the conference is late 2014 or 2015. What time of year would be most convenient for you to attend the conference?

- Fall
- Winter
- Spring
- Summer

3 Do you think this conference would work best as a stand-alone conference or before/after a large existing conference, such as the Lifesavers Conference?

- Stand alone
- With another conference

4. One example of a conference that brings these communities is the Lifesavers Conference. Its attendees are many of the people from agencies who have an interest in TIM. Would you attend a Lifesavers Conference? If not, what conferences are you aware of that bring together representatives from transportation, police, fire, and other emergency services?

5. Would you be able to travel to this event?

- Yes
- No

6. If this conference were held as a stand-alone meeting, for travel purposes, which of the following would be the most convenient?

- Middle of the country
- Mid-sized cities (lower cost than larger metro areas)

7. If you chose "middle of the country" for the previous question, please let us know which city/cities would be most convenient for you.

- Chicago
- St. Louis
- Dallas/Houston/San Antonio
- Other, please specify

8. If you chose "mid-sized cities" for question #8, please tell us which of the following you would prefer?

- Baltimore
- St. Louis
- Kansas City
- Indianapolis
- Atlanta
- Pittsburgh
- Other, please specify

9. What conference length do you think would be most beneficial?

- One day
- Two full days
- Opening reception/meet and greet evening before, followed by one full day, and ending middle of second day
- Other, please specify

10. New technologies make it easier to allow participation by people who are interested in attending but unable to do so. Are you aware of any conferences that integrate technology when face to face is not an option? For example, where several regions host attendees, who participate in the conference via video conference. Please provide the names of those conferences.

11. Please let us know what types of sessions you would be interested in attending.

- TIM/PSE and operations (why they need to work together)
- TIM and MAP-21 (or TIM and reauthorization, depending on when it will be held)
- Getting prepared after SHRP II - once the training is well underway, how will we continue to change the TIM culture
- PSE - national special security events
- Current issues that affect TIM/PSE/Work Zone Management

- Latest TIM/PSE research
- Performance measures
- Legislative updates
- Latest technologies
- Case studies/lessons learned
- Other, please specify

12. In addition to attending presentations, would you also be interested in attending workshops and/or trainings?

Yes If so, what topics interest you?

No

13. Would you be interested in exhibiting at this event?

Yes

No

14. Would you be interested in visiting exhibitors/organizations' displays at this event?

Yes

No

15. Would you be interested in poster sessions?

Yes

No

16. Events like these take months to plan and execute, and they rely on the involvement of numerous people. Would you be interested in participating in the planning of this conference? If so, please share what type of involvement you are interested in, as well as provide your name, organization, email address, and phone number. Thank you!

17. Additional comments - What does your ideal conference look like? For example, are you most interested in attending lectures and visiting exhibitors, or do you find smaller workshops and training sessions most beneficial to your work?

18. Do you have anything else to share that would help us in determining whether to hold this event and, if so, what it should look like?
