

**Justification for Change: Program Information Sheet
3137-0071 IMLS Grant Application and Post-Award Reporting Forms**

IMLS is requesting a change to a previously approved clearance in order to provide applicants the opportunity to more accurately describe the type of collection that will be addressed in projects for which support is sought through the Laura Bush 21st Century Librarian Grants program. The Funding and Project categories relating to the program have been modified to reflect: 1) the renaming of the Level 2 Collaborative Planning Grant to National Forum Planning Grant; 2) the ending of Pre-professional Programs; 3) the establishment of the Scholarship Continuation Grant; 4) the deletion of Research (other than early career development); and 5) the renaming of Research: Early Career Development. This edited Program Information Sheet is requesting the same expiration date of 8/31/2013.

Previous request abstract:

IMLS requests clearance for the forms it uses for all of the grant program applications, post-award reporting, and peer reviewer applications. These forms are directly related to the generic clearance for IMLS grant application and award processes (3137-0029) for which a three-year extension was recently submitted.

Justification for the Program Information Sheet (form)
